MISIRUN GT88

MISIRUN Smart Watch Ultra GT88 User Manual

Model: GT88

1.52" Round HD Display with Call & AI Voice

1. GETTING STARTED: WHAT'S IN THE BOX

Your MISIRUN Smart Watch Ultra package includes the following items:

- 1x Smart Watch Ultra GT88
- 2x Charging Cables (USB, without wall plug)
- 1x User Manual
- 1x Screen Protector

2. SETUP GUIDE

2.1 Initial Charging

Before first use, fully charge your Smart Watch. Connect one of the provided magnetic charging cables to the back of the watch and plug the USB end into a compatible USB power source (e.g., computer, USB wall adapter). A full charge typically takes approximately 2 hours.

2.2 Pairing with the DaFit App

1. **Download DaFit App:** Search for "DaFit" in your phone's app store (iOS or Android) and install it.
2. **Enable Bluetooth:** On your phone, go to settings and ensure Bluetooth is turned ON. **Do not connect directly via Bluetooth from your phone's settings.**

3. **Open DaFit App:** Launch the DaFit app on your phone.
4. **Add Device:** In the app, navigate to the "Add a device" section.
5. **Search for GT88:** The app will search for nearby devices. Select "GT88" from the list to connect.
6. **Allow Notifications:** When prompted, allow GT88 to receive your phone's notifications. This enables message alerts and call notifications on your watch.

3. OPERATING INSTRUCTIONS

3.1 Basic Navigation

The Smart Watch Ultra GT88 features a full touchscreen for intuitive navigation. Swipe left/right or up/down to access different functions and menus. The digital crown on the side can also be used for navigation and selection.

3.2 Phone Calls & Music Playback

The watch features a built-in speaker and microphone, allowing you to make and receive calls directly from your wrist when connected to your mobile phone. You can also listen to music through the smartwatch.

- **Enable Call Function:** Swipe down on the watch home page, click "settings", and turn on "Audio Bluetooth" and "Phone calls" icon.
- **Make/Receive Calls:** Once enabled, you can dial numbers or answer incoming calls directly on the watch.
- **Music Player:** Access the music player function on the watch to control playback from your connected phone.

MAKING CALLS

3.3 Health Monitoring & Sports Modes

The watch is equipped with powerful motion sensors for comprehensive health and fitness tracking.

- **Heart Rate & Blood Oxygen:** Swipe through the watch faces to find dedicated screens for heart rate, blood pressure, and SpO2 (blood oxygen) monitoring.
- **Sleep Tracking:** The watch precisely records your sleep status and analyzes sleep quality, providing insights into your rest patterns.
- **120+ Sports Modes:** Choose from a wide variety of sports modes including cycling, tennis, running, swimming, and more to track steps, distance, and calorie burn.

3.4 Notifications & AI Voice Assistant

- **Message Notifications:** Receive message pushes from various apps directly on your watch screen.
- **AI Voice Assistant:** Long press on the watch to activate the AI voice assistant. You can use voice commands for calls, weather information, music control, and more.

-“Call Robert”
-“How is the weather day”
-“Play music”

AI VOICE ASSISTANT

4. MAINTENANCE

4.1 Cleaning and Care

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device longevity. Use a soft, damp cloth to wipe the screen and strap. Avoid harsh chemicals or abrasive materials.

4.2 Water Resistance (IP67)

The MISIRUN Smart Watch Ultra GT88 is IP67 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1 meter for up to 30 minutes. It is suitable for daily use, hand washing, and light rain. Avoid prolonged immersion, hot water, or steam.

Weather information

After the watch is connected to the mobile phone, it will remind the weather information in real time

Image: The MISIRUN Smart Watch Ultra GT88 with water droplets, illustrating its IP67 waterproof rating.

5. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source for at least 30 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone and the watch is within range.
 - Make sure you are pairing through the DaFit app, not directly from your phone's Bluetooth settings.
 - Restart both your phone and the watch, then try pairing again.
- **Notifications not appearing:** Check the "Notifications" settings within the DaFit app to ensure all desired app notifications are toggled ON. Also, verify that the watch is properly connected to the app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, but not too tight. Clean the sensors on the back of the watch regularly.
- **Short battery life:** While the watch boasts long battery life, heavy usage of call functions, music playback, or continuous health monitoring can reduce battery duration. Try adjusting screen brightness or turning off unnecessary features.
