Aquasonic Elite

Aquasonic Elite Ultra-Whitening Toothbrush User Manual

Model: Elite | Brand: Aquasonic

1. Introduction

Welcome to the Aquasonic Elite Ultra-Whitening Toothbrush user manual. This guide provides detailed instructions for setting up, operating, maintaining, and troubleshooting your new electric toothbrush. The Aquasonic Elite is designed to deliver a superior clean with its 50,000 VPM motor, 5 brushing modes, and smart timer features.

What's in the Box

- 1 Aquasonic Elite Smart Toothbrush
- 1 Wireless Charging Base
- 8 ProFlex Brush Heads
- 1 Premium Hard Shell Travel Case
- Warranty Card
- User Manual (this document)

2. Features

The Aquasonic Elite Ultra-Whitening Toothbrush is equipped with advanced technology to enhance your oral hygiene routine:

- **50,000 VPM Motor:** Delivers powerful vibrations for a superior clean, effectively removing plaque and targeting stains.
- **5 Brushing Modes:** Includes Clean, Soft, Whitening, Massage, and Deep Clean to cater to various oral care needs.
- **Smart Timer:** Features a 30-second quadrant timer and a 2-minute auto shut-off to ensure optimal brushing time as recommended by dentists.
- **Wireless Charging:** Lithium-ion battery provides 30+ days of brushing on a single charge with ultra-fast wireless charging.
- **Waterproof Handle:** Designed for safe use in wet environments.
- **ADA Accepted:** Earned the prestigious seal of approval from the American Dental Association (ADA) Council on

Scientific Affairs for its efficacy in plaque removal, gingivitis prevention, and gum health improvement.

- **ProFlex Brush Heads:** 8 DuPont-engineered brush heads included, each lasting 3-4 months, providing approximately 2.5 years of supply.
- **Premium Travel Case:** Custom hard shell case for convenient storage and portability, designed to hold the toothbrush handle and 2 brush heads.

Figure 3: Detailed view of the 5 brushing modes.

3. Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Charge:** Place the toothbrush handle onto the wireless charging base. Connect the charging base to a power source. Allow the toothbrush to fully charge before first use (approximately 8 hours for a full charge, providing 30+ days of use).
3. **Attach Brush Head:** Align the brush head with the metal shaft on the toothbrush handle and push it down firmly until it clicks into place.

4. Operating Instructions

Follow these steps for effective brushing:

1. **Apply Toothpaste:** Apply a small amount of toothpaste to the brush head.

2. **Wet Toothbrush:** Lightly wet the brush head.
3. **Power On & Select Mode:** Press the power button to turn on the toothbrush. Press the mode button repeatedly to cycle through the 5 brushing modes (Clean, Soft, Whitening, Massage, Deep Clean) until you find your desired setting.
4. **Position Brush:** Place the brush head against your teeth at a slight angle towards the gum line.
5. **Brush Gently:** Move the toothbrush slowly across all surfaces of your teeth in a circular motion. Do not scrub vigorously.
6. **Smart Timer Guidance:** The toothbrush will pause briefly every 30 seconds to signal you to move to the next quadrant of your mouth. After 2 minutes, the toothbrush will automatically shut off.
7. **Rinse:** After brushing, rinse your mouth and the brush head thoroughly with water.

Figure 4: Illustrates the powerful cleaning action of the toothbrush.

5. Charging

The Aquasonic Elite features convenient wireless charging. Simply place the toothbrush handle onto the charging base.

The indicator light will show the charging status. A full charge provides over 30 days of regular use, reducing the need for frequent charging.

6. Maintenance

Cleaning the Toothbrush

- After each use, rinse the brush head and the top of the handle under running water.
- Wipe the handle with a soft, damp cloth. Do not immerse the charging base in water.

Replacing Brush Heads

For optimal performance and hygiene, replace your ProFlex brush head every 3-4 months, or sooner if the bristles appear frayed or worn. To replace, simply pull the old brush head off the handle and push a new one on until it clicks into place.

7. Troubleshooting

If you encounter any issues with your Aquasonic Elite toothbrush, please refer to the following common solutions:

- **Toothbrush not turning on:** Ensure the toothbrush is fully charged. Place it on the charging base for several hours.
- **Weak vibrations:** This may indicate a low battery. Recharge the toothbrush.
- **Brush head not staying on:** Ensure the brush head is correctly aligned and pushed firmly onto the metal shaft until it clicks.
- **Unusual noise:** Check if the brush head is properly attached. If the noise persists, contact customer support.

For further assistance, please refer to the warranty information or contact Aquasonic customer support.

8. Specifications
