Aheaplus Small L-Shaped Gaming Desk with LED Lights and Power Outlets - Instruction Manual

Model: Aheaplus

1. PRODUCT OVERVIEW

This manual provides detailed instructions for the assembly, operation, and maintenance of your Aheaplus Small L-Shaped Gaming Desk. This desk features a reversible L-shaped design, integrated LED lighting, built-in power outlets with USB ports, a movable monitor stand, and additional storage options. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

2. SAFETY INFORMATION

This product has a weight limit of 21.64 kg (approximately 47.7 lbs). During assembly, handle electrical components with care. Properly anchor the desk for stability, especially if it is to be used for gaming purposes. Always be cautious when using the LED lights.

- Do not exceed the maximum weight capacity of 21.64 kg.
- Ensure all electrical connections are secure and follow local electrical codes.
- Keep liquids away from power outlets and LED light strips.
- Assemble on a soft, clean surface to prevent scratches.
- Periodically check all screws and connections to ensure they remain tight.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing

or damaged, please contact customer support.

- Desk Panels (L-shaped main sections, shelves, monitor stand)
- Metal Frame Components
- Built-in Power Outlet with 3 AC outlets and 2 USB ports
- LED Light Strip
- Storage Bag
- Headphone Hooks
- Assembly Hardware (screws, bolts, nuts, etc.)
- Assembly Tools (e.g., Allen wrench)
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two people. Follow the step-by-step instructions provided in the included assembly guide. Ensure all parts are correctly oriented before tightening screws.

4.1 Reversible Design

The L-shaped desk is designed to be reversible, allowing you to configure the longer and shorter sections to either the left or right side, depending on your space requirements. Decide on your preferred orientation (Option A or Option B) before starting assembly.

4.2 General Assembly Steps

1. Unpack all components and lay them out on a clean, soft surface.
2. Identify all parts using the provided parts list in the separate assembly guide.
3. Assemble the metal frame structure according to your chosen reversible orientation.
4. Attach the desk panels to the assembled frame.
5. Install the monitor stand, ensuring it is placed in a position that promotes good posture.
6. Mount the built-in power outlet and connect its power cord.
7. Attach the LED light strip to the designated area, typically under the hutch or along the desk edges.
8. Install the storage bag and headphone hooks as desired.
9. Ensure all screws are securely tightened, but do not overtighten.

5. FEATURES AND OPERATION

5.1 LED Lighting System

The desk includes an integrated LED lighting system with over 60,000 colors and multiple flashing modes.

- **Control Methods:** The LED lights can be controlled via a smart app on your mobile device or using the included remote control.
- **Music Sync Function:** The lights can change color and pattern in rhythm with music or sound, creating an immersive experience.
- **Timing Function:** Set schedules for the lights to turn on or off automatically.
- **Customization:** Experiment with different colors and modes to personalize your workspace or gaming environment.

5.2 Built-in Power Outlets and USB Ports

The desk is equipped with a built-in power strip featuring 3 standard AC outlets (125V/12A) and 2 USB charging ports (5V/2A). This allows for convenient power access for multiple devices directly from your desk.

- Plug the desk's main power cord into a wall outlet.
- Use the AC outlets for devices like monitors, computers, or lamps.
- Use the USB ports to charge smartphones, tablets, or other USB-powered accessories.
- Avoid overloading the power strip. Refer to the maximum amperage rating.

5.3 Movable Monitor Stand

A movable monitor stand is included to elevate your display, promoting a better sitting posture and reducing strain on your neck and spine. It can be positioned anywhere along the main desk surface or even on the storage side to create an additional shelf.

Image 6: Illustration of how the monitor stand helps maintain good sitting posture.

5.4 Storage Bag and Headphone Hooks

The desk features a fabric storage bag for organizing documents, pens, or other small items, and convenient headphone hooks to keep your headphones within reach and off the desk surface.

- The storage bag attaches to the side of the desk.
- Headphone hooks can be installed on either side of the desk frame.

Image 8: Detail of the headphone hook for convenient storage.

6. MAINTENANCE

To ensure the longevity and appearance of your Aheaplus desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood and electrical components.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten as necessary to maintain stability.
- **Electrical Components:** Keep the power outlets and LED lights free from dust and debris. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.
- **Placement:** Avoid placing the desk in direct sunlight or near heat sources, which can cause warping or fading.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not turning on.	◦ Power cord not connected. ◦ Remote control battery depleted. ◦ App not connected or configured. ◦ LED strip connection loose.	◦ Ensure the desk's main power cord is plugged into a working outlet. ◦ Check the LED light strip's connection to the power source. ◦ Replace the remote control battery. ◦ Verify app connection and settings.

Problem	Possible Cause	Solution
Power outlets/USB ports not working.	◦ Desk's main power cord not connected. ◦ Circuit breaker tripped. ◦ Device not properly plugged in.	◦ Ensure the desk's main power cord is securely plugged into a functional wall outlet. ◦ Check your home's circuit breaker. ◦ Verify devices are fully inserted into the outlets/USB ports. ◦ Test with another device to confirm the issue is with the desk's outlets.
Desk feels unstable or wobbly.	◦ Loose assembly hardware. ◦ Uneven floor surface.	◦ Retighten all assembly screws and bolts. ◦ Adjust the leveling feet at the bottom of the desk legs to compensate for uneven floors.  Image 9: Adjustable leveling feet for stability on uneven surfaces.

8. SPECIFICATIONS
