## Dpofirs DL-5C

# Dpofirs DL-5C Mini Wireless Keyboard User Manual

## 1. INTRODUCTION

Thank you for choosing the Dpofirs DL-5C Mini Wireless Keyboard. This manual provides detailed instructions for setting up, operating, and maintaining your new device. Please read this manual carefully before use to ensure optimal performance and longevity of your keyboard.

The DL-5C is a versatile 2.4GHz wireless keyboard featuring a built-in touchpad, RGB 7-color backlighting, and a compact design. It is ideal for various applications, including PC gaming, smart TV control, and general computer use.

## 2. PRODUCT OVERVIEW

The Dpofirs DL-5C Mini Wireless Keyboard combines a full QWERTY keyboard with a multi-touch touchpad, multimedia control keys, and a 2.4GHz USB receiver for seamless wireless connectivity.

The DL-5C Mini Wireless Keyboard features a compact design with a built-in touchpad and a dedicated USB receiver for wireless connectivity.

This image displays the full layout of the DL-5C keyboard, including the QWERTY keys, touchpad, and multimedia controls, alongside its 2.4GHz USB receiver.

The keyboard features RGB 7-color backlighting, which can be adjusted to blue, red, or green, as shown in these examples.

The ergonomic design of the DL-5C Mini Wireless Keyboard allows for comfortable two-hand operation, making it suitable for various applications.

Demonstration of the DL-5C Mini Wireless Keyboard's 2.4GHz wireless connection, providing seamless control for devices like laptops.

This keyboard is black with colorful LED backlight, you can long press [Fn + F2] button at the same time to change the backlight to blue, red or green.

This image illustrates the keyboard's backlight feature and reminds users that pressing Fn + F2 allows changing the backlight color to blue, red, or green.

### 3. SETUP

#### 3.1 Charging the Keyboard

The DL-5C keyboard features a built-in rechargeable lithium battery. Before first use, ensure the keyboard is fully charged.

1. Locate the charging port on the keyboard (usually a Micro-USB or USB-C port).
2. Connect the provided USB charging cable to the keyboard and a standard USB power source (e.g., computer USB port, USB wall adapter).
3. The charging indicator light will illuminate during charging and typically turn off or change color when fully charged.

#### 3.2 Connecting the USB Receiver

The keyboard uses a 2.4GHz wireless connection via a USB receiver.

1. Locate the USB receiver, which is typically stored in a compartment on the back of the keyboard.
2. Insert the USB receiver into an available USB port on your device (e.g., computer, smart TV, game console).
3. The device should automatically recognize the keyboard. No additional software or drivers are usually required (plug and play).

### 3.3 Powering On/Off

Locate the power switch on the keyboard (usually on the side or back). Slide the switch to the 'ON' position to power on the keyboard. Slide it to the 'OFF' position when not in use to conserve battery life.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Basic Keyboard Functions

The DL-5C functions as a standard QWERTY keyboard. Simply type as you would on a regular keyboard.

### 4.2 Touchpad Gestures

The integrated high-sensitivity touchpad allows for precise cursor control.

- **Single Tap:** Functions as a left-click.
- **Double Tap:** Functions as a double-click.
- **Two-Finger Scroll:** Drag two fingers up or down on the touchpad to scroll vertically.
- **Right-Click:** A dedicated right-click button is usually available near the touchpad, or a two-finger tap may function as a right-click depending on the specific model.

### 4.3 Multimedia Keys

The keyboard includes dedicated multimedia control keys (e.g., volume up/down, play/pause, next/previous track) for convenient media management. These are typically located around the edges or top of the keyboard.

### 4.4 Backlight Control

The keyboard features RGB 7-color backlighting.

- To change the backlight color, press and hold the **[Fn]** key and then press the **[F2]** key simultaneously.
- Repeat this action to cycle through available colors (blue, red, green, and potentially others).

### 4.5 Remote Control Functionality

The DL-5C can also function as a remote control, converting spatial movement into on-screen displacement, similar to an air mouse. Some models may allow programming to learn important keys from a TV remote.

## 5. MAINTENANCE

---

### 5.1 Cleaning

To clean the keyboard, power it off and disconnect it from any power source. Use a soft, dry cloth to wipe the surface. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device. Avoid harsh chemicals or abrasive materials.

### 5.2 Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.

- Charge the keyboard regularly, even if not in constant use.
- Store the keyboard in a cool, dry place when not in use for extended periods.

### 5.3 Storage

When storing the keyboard for an extended period, ensure it is powered off and fully charged. Keep it in a protective case or original packaging to prevent damage from dust or impacts.

## 6. TROUBLESHOOTING

### 6.1 Keyboard Not Responding

- **Check Power:** Ensure the keyboard is powered on and the battery is charged.
- **Check USB Receiver:** Ensure the USB receiver is securely plugged into your device's USB port. Try a different USB port.
- **Re-pair:** Some keyboards may require re-pairing. Refer to specific instructions if provided with your model, though most 2.4GHz devices are plug-and-play.
- **Interference:** Move the keyboard closer to the USB receiver and away from other wireless devices that might cause interference.

### 6.2 Touchpad Not Working

- **Clean Touchpad:** Ensure the touchpad surface is clean and free of debris.
- **Check Settings:** On your operating system, ensure touchpad functionality is enabled.
- **Restart:** Power off and then power on the keyboard.

### 6.3 Backlight Not Changing Color

- Ensure you are pressing **[Fn] + [F2]** simultaneously.
- Check if the battery level is critically low, which might disable some features.
