- **10 mm Bio-Diaphragm Drivers:** Provides well-balanced audio with rich bass and enhanced clarity.

3.2 Connectivity

ADVANCED BLUETOOTH 5.3

| | | | | |
|--|---|------------------|--|--|
|  | <p>Bluetooth 5.3</p> <p>Transfer Rate: 2.5Mbps Distance: 15M Power Consumption: 7mA Delay: 0.06 sec Transmission efficiency: 388Byte</p> | <p>VS</p> | <p>Bluetooth 5.2</p> <p>Transfer Rate: 2Mbps Distance: 10M Power Consumption: 10mA Delay: 0.11 sec Transmission efficiency: 255Byte</p> |  |
|--|---|------------------|--|--|

A comparison graphic showing the advantages of Bluetooth 5.3 over Bluetooth 5.2, including faster transfer rate, longer distance, and lower power consumption.

- **Advanced Bluetooth 5.3:** Ensures faster pairing, more stable connections, longer battery life, and high-quality audio transmission.
- **10-Meter Wireless Range:** Enjoy freedom of movement without losing connection.
- **Multi-Device Connectivity:** Connect to two devices simultaneously, allowing seamless switching between your smartphone, tablet, or laptop.

3.3 Battery Life & Charging

An image showing a person using the headphones while relaxing, with text highlighting the 40-hour playtime and quick charge feature.

- **40 Hours Playtime:** Extended battery life for prolonged listening on a single charge.
- **Quick Charging:** Get up to 15 hours of playtime with just 10 minutes of USB-C quick charging.

3.4 Durability & Comfort

ULTRA-LIGHTWEIGHT

Neckband is made of composite fiber and memory silicone, IPX6 Waterproof and Sweatproof, making sure that you can have all-day comfort and a secure fit.

A woman in gym attire wearing the headphones, emphasizing the lightweight and waterproof design.

- **IPX6 Water and Sweat Resistant:** Designed to withstand splashes and sweat, perfect for workouts and outdoor activities.
- **Ultra-Lightweight Neckband:** Made of composite fiber and memory silicone for all-day comfort and a secure fit.
- **Magnetic Design:** Earbuds feature magnets to keep them securely together around your neck when not in use, preventing tangling and loss.
- **Ergonomic In-Ear Fit:** Comes with 3 sizes of fitted eartips for superior sound isolation and personalized comfort.

3.5 Call Quality

- **Enhanced Noise-Cancellation Technology (ENC):** Improves voice pickup for clear, loud calls, even in noisy environments.

3.6 Product Overview Video

Official product video showcasing the TONEMAC N8 Bluetooth Neckband Headphones and their key features.

4. SETUP GUIDE

4.1 Charging the Headphones

Before first use, ensure your TONEMAC N8 headphones are fully charged to maximize battery life and performance.

1. Locate the USB-C charging port on the neckband.
2. Connect the provided USB-C cable to the charging port and the other end to a compatible USB power source (e.g., computer, wall adapter).
3. The indicator light will show the charging status (refer to the LED indicator section in the full manual for details). A full charge typically takes approximately 2 hours.

4.2 Pairing with a Device

Follow these steps to connect your headphones to your Bluetooth-enabled device:

1. Ensure the headphones are turned off.
2. Press and hold the Power button for approximately 3-5 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "TONEMAC N8" from the list of found devices.
5. Once successfully connected, the LED indicator on the headphones will turn solid blue or flash blue slowly.
6. If prompted for a password or PIN, enter "0000".

Note: The headphones support multi-point connection, allowing them to connect to two devices simultaneously. After connecting the first device, disable Bluetooth on it, then pair with the second device. Re-enable Bluetooth on the first device, and the headphones should connect to both.

5. OPERATING YOUR HEADPHONES

5.1 Power On/Off

- **Power On:** Press and hold the Power button for 3 seconds.
- **Power Off:** Press and hold the Power button for 5 seconds.

5.2 Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.
- **Volume Up:** Short press the Volume Up (+) button.
- **Volume Down:** Short press the Volume Down (-) button.

5.3 Call Management

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

5.4 Wearing the Headphones

Place the neckband comfortably around your neck. Insert the earbuds into your ears, ensuring a snug fit for optimal sound quality and comfort. The lightweight and ergonomic design ensures a secure and comfortable fit for extended periods. The magnetic earbuds can be clasped together when not in use to prevent tangling and loss.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, dry cloth. Do not use abrasive cleaners, alcohol, or chemical solvents, as these may damage the surface.
- **Storage:** Store the headphones in a cool, dry place away from extreme temperatures (hot or cold) and direct sunlight. Avoid storing them in dusty or dirty environments.
- **Water Resistance:** The IPX6 rating means the headphones are resistant to strong water jets and sweat. Do not submerge them in water. Ensure the USB-C charging port cover is securely closed before exposure to moisture.
- **Ear Tips:** Regularly clean the ear tips to maintain hygiene and sound quality. Replace them if they become damaged or worn to ensure a proper seal and comfort.

7. TROUBLESHOOTING

| Problem | Solution |
|-------------------------|--|
| Cannot power on | Ensure the headphones are fully charged. |
| Cannot pair with device | Ensure Bluetooth is enabled on your device and the headphones are in pairing mode (flashing blue/red). Move closer to the device. Forget previous pairings on your device and try again. |
| No sound | Check volume levels on both the headphones and your device. Ensure the headphones are properly connected to your device. |
| Poor sound quality | Ensure earbuds are properly seated in your ears. Check for obstructions in the earbud nozzles. Move closer to your device to avoid interference. |
| Call quality issues | Ensure the microphone is not obstructed. Move to an area with less background noise. |

If issues persist, please refer to the official TONEMAC support channels or the full user manual (PDF) linked on the product page.
