## IMPORTANT SAFETY INFORMATION

We strongly recommend you always consult your healthcare professional before taking nutritional supplements, especially if you are pregnant and/or nursing mother and if you are under the age of 18. Always read the label first

and use caution if you have sensitivity or intolerance to any of the listed ingredients. Supplements are not a substitute for a healthy balanced diet. Please keep out of reach of children and pets. If the safety seal has been damaged or broken please do not use the product and contact us immediately. Please note that in some rare cases taking supplements may cause upset stomach, flatulence, belching, stomach pain and/or stomach cramps, acid reflux or heartburn, bloating, constipation, insomnia, fatigue and performance issues, burning sensation, nose bleeds, agitation, headache, shortness of breath, dizziness, nausea, vomiting, diarrhea, allergic reactions including hives, rash, itching, coughing or swelling, heart palpitations or sickness. If you do experience these or any other adverse effects or allergic reactions, you should immediately discontinue the use of the product and contact your physician. Never exceed the recommended dose. Supplements contain ingredients which may conflict with other medications and/or supplements you are taking or a medical condition you may have.

## INGREDIENTS

## USAGE INSTRUCTIONS

---

The recommended serving size is 2 softgels. Each container provides 60 servings, totaling 120 softgels. For optimal absorption, it is generally recommended to take CoQ10 with a meal containing fat, as it is a fat-soluble compound. Please follow the dosage instructions on the product label or as advised by your healthcare professional. Do not exceed the recommended dose.

## STORAGE AND HANDLING

---

Store the product in a cool, dry place, away from direct sunlight and moisture. Keep the bottle tightly closed when not in use. Ensure the product is kept out of reach of children and pets. Do not remove the desiccant packet if present, as it helps maintain product freshness and prevents moisture absorption.

## TROUBLESHOOTING

---

If you experience any adverse effects or allergic reactions after taking the supplement, discontinue use immediately and consult your physician. If the softgels appear stuck together, this can sometimes occur due to temperature fluctuations during shipping or storage. Gently shake the bottle to separate them. If the product's safety seal is broken or appears tampered with upon arrival, do not use the product and contact customer support for assistance.

## SPECIFICATIONS

---

Attribute	Value
