PRODUCT OVERVIEW

Familiarize yourself with the main parts and controls of your BANIGIPA G9 headset.

Easy to Operate

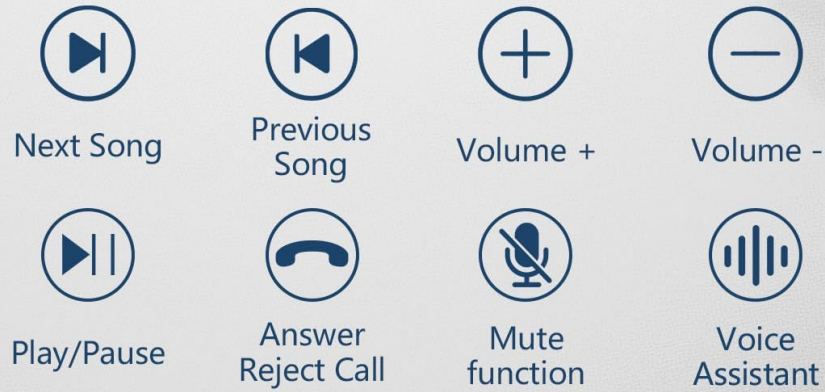

Figure 2: Overview of headset controls and features.

SETUP

1. Charging the Headset

Before first use, fully charge the headset. A full charge takes approximately 1.5 hours.

1. Connect the provided USB Type-C charging cable to the charging port on the headset.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, wall adapter).
3. The indicator light will show charging status (refer to the user manual for specific light indications).

Durable and Long Battery Life

Figure 3: Battery and charging specifications.

2. Attaching/Detaching the Microphone

The boom microphone is detachable and magnetically attaches to the headset.

1. To attach: Align the magnetic connector of the boom microphone with the corresponding port on the headset. It will snap into place.
2. To detach: Gently pull the microphone away from the headset.
3. The microphone can rotate 360° for optimal voice pickup.

360° Rotatable & Detachable Mic Boom

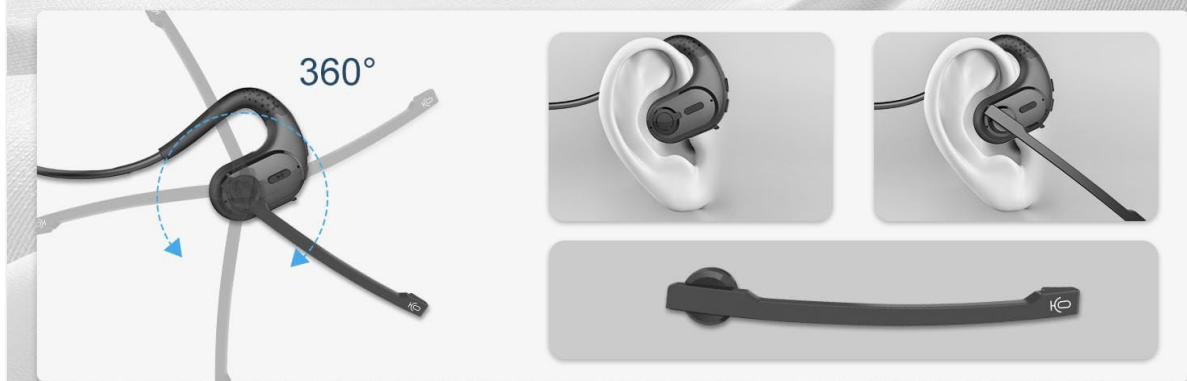

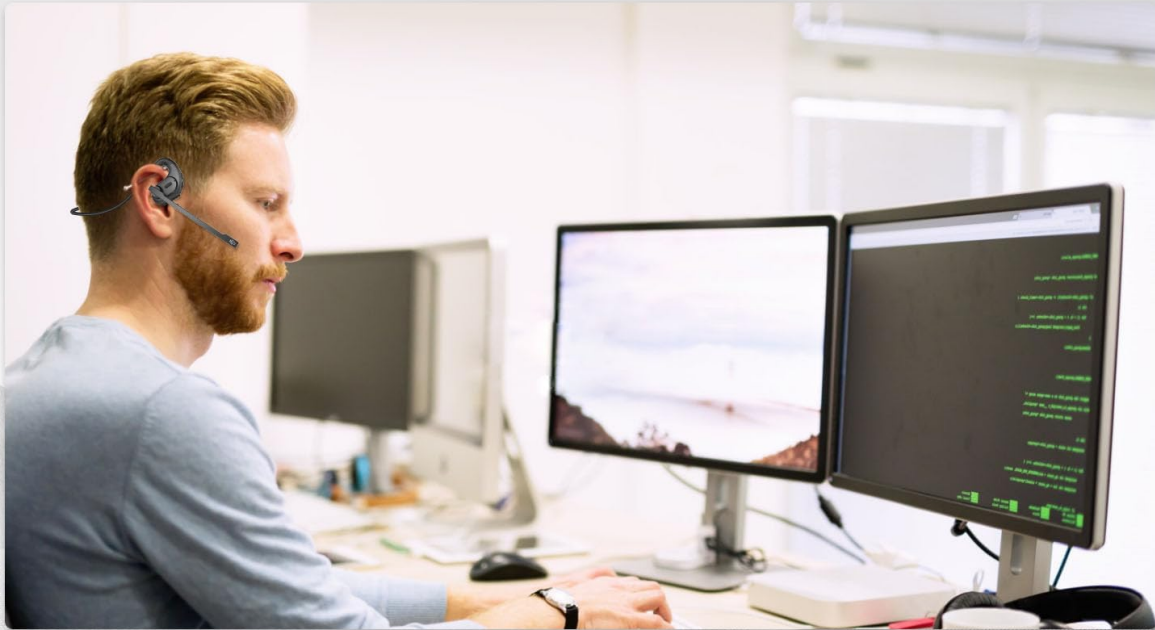

Figure 4: Attaching and detaching the microphone boom.

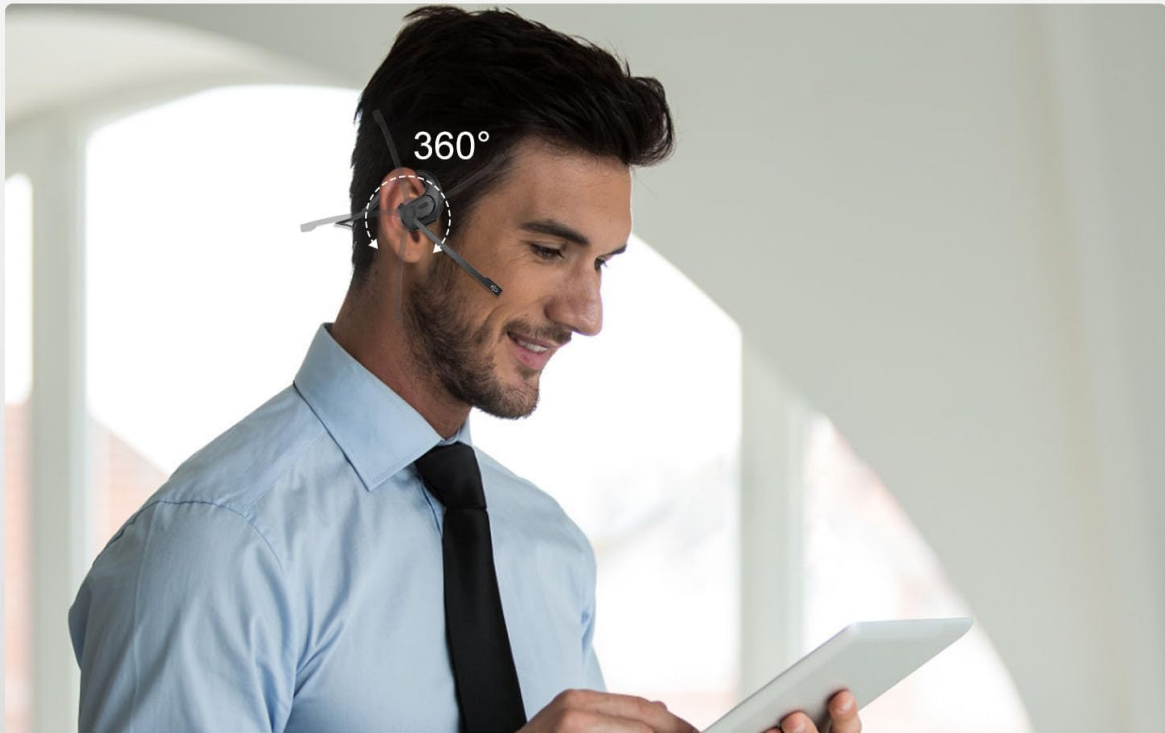

3. Wearing the Headset

The BANIGIPA G9 is designed for open-ear comfort and secure fit.

1. Place the headset over your ears, ensuring the ear hooks rest comfortably behind your ears.
2. Adjust the position for a secure and comfortable fit. The silicone ear hooks are designed to stay in place during activity.

Open-ear Comfort

Ergonomic open-ear design, only 28g weight, lightweight and comfortable all day!

OPERATING INSTRUCTIONS

1. Power On/Off

- To Power On: Press and hold the Multi-function Button until the indicator light flashes.
- To Power Off: Press and hold the Multi-function Button until the indicator light turns off.

2. Bluetooth Pairing

The headset uses advanced Bluetooth 5.4 for stable connections.

- **First-time Pairing:** With the headset powered off, press and hold the Multi-function Button until the indicator light flashes rapidly (pairing mode). On your device (phone, PC, laptop, tablet), enable Bluetooth and select "BANIGIPA G9" from the list of available devices.
- **Automatic Reconnection:** Once successfully paired, the headset will automatically connect to the last connected device when powered on.
- **Dual Device Connection:** The headset can connect to two devices simultaneously. After connecting to the first device, put the headset back into pairing mode and connect to the second device. The headset will manage audio switching between the two.

Connect Two Devices Simultaneously

Advanced Bluetooth 5.4 widely compatible with Phones/PC/Computer/Laptop/Tablet /Smartwatch etc.

Figure 6: Simultaneous connection to multiple devices.

3. Call Management

- Answer Call: Short press the Multi-function Button.
- End Call: Short press the Multi-function Button during a call.
- Reject Call: Press and hold the Multi-function Button for 2 seconds.
- Redial Last Number: Double-press the Multi-function Button.
- Mute/Unmute Microphone: Short press the Mute button on the microphone boom.

The DSP noise reduction technology in the microphone ensures clear call quality by filtering out background noise.

DSP Noise Canceling Mic for HD Calling

DSP noise reduction technology to filter 95% background noise and better pick up sound to improve call quality.

Figure 7: Enhanced call clarity with DSP noise reduction.

4. Music Playback

- Play/Pause: Short press the Multi-function Button.
- Next Song: Short press the "Volume +" button.
- Previous Song: Short press the "Volume -" button.
- Volume Up: Press and hold the "Volume +" button.
- Volume Down: Press and hold the "Volume -" button.

5. Voice Assistant

- Activate Voice Assistant: Triple-press the Multi-function Button.

6. Game Mode

- Switch between Music/Game Modes: Press and hold the "Volume -" button for 2 seconds.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.

- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headset frequently. Charge it regularly, even if not in use for extended periods.
- **Water Resistance:** The headset is IPX5 rated, meaning it is resistant to sweat and light rain. It is not designed for submersion in water or for swimming.

TROUBLESHOOTING

Problem	Possible Solution
Headset does not power on.	Ensure the headset is fully charged. Press and hold the Multi-function Button for a few seconds.
Cannot pair with device.	Ensure the headset is in pairing mode (rapidly flashing indicator light). Turn off and on Bluetooth on your device. Ensure the headset is not connected to another device.
No sound or low volume.	Check headset and device volume levels. Ensure the headset is properly connected to your device.
Microphone not working.	Ensure the detachable boom microphone is securely attached. Check if the microphone is muted.
Intermittent connection.	Ensure your device is within the 10-meter Bluetooth range. Avoid obstacles that may interfere with the signal.
