esemoil HMBW-25US

Esemoil 2.5L Cool Mist Ultrasonic Humidifier

Model: HMBW-25US | Brand: Esemoil

1. Introduction

This manual provides essential information for the safe and effective operation and maintenance of your Esemoil 2.5L Cool Mist Ultrasonic Humidifier. This device is designed to add moisture to the air, helping to alleviate symptoms of dry air and create a more comfortable environment. Please read all instructions carefully before use and retain this manual for future reference.

2. Important Safety Instructions

To reduce the risk of fire, electric shock, or injury, always follow these basic precautions:

- Read all instructions before using the humidifier.
- Place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and appliances.
- Do not operate the humidifier if the cord or plug is damaged.
- Always unplug the humidifier before filling, cleaning, or moving it.
- Do not add essential oils directly into the water tank unless specified by the manufacturer. This model supports adding essential oils directly to the water tank.
- Keep the humidifier out of reach of children and pets.
- Use only clean, cool tap water. Distilled or filtered water is recommended to prevent mineral buildup.
- Do not block air vents.
- This product is BPA-free.

3. Package Contents

- Esemoil 2.5L Cool Mist Ultrasonic Humidifier Unit (Base, Water Tank, Lid)

- Power Adapter
- Instruction Manual

4. Product Overview

Figure 1: Esemoil 2.5L Cool Mist Ultrasonic Humidifier (Blue variant shown)

The Esemoil 2.5L Cool Mist Ultrasonic Humidifier features a compact design with a transparent water tank and a control knob on the front. It includes a 360° rotatable nozzle for mist direction and an integrated 8-color night light.

Key Components:

- **Water Tank:** 2.5-liter capacity, transparent for easy water level monitoring.
- **Base:** Houses the ultrasonic atomizer, control knob, and light button.
- **Lid & Nozzle:** Removable lid with a 360° rotatable mist nozzle.
- **Control Knob:** Adjusts mist output from minimum to maximum. Also serves as the power on/off switch.
- **Light Button:** Activates and cycles through 8-color night light options.
- **Essential Oil Tray:** Allows for direct addition of essential oils into the water tank for aroma diffusion.

5. Setup

1. **Unpack:** Carefully remove all components from the packaging.
2. **Placement:** Place the humidifier on a flat, stable, and waterproof surface. Ensure it is not near heat sources or direct sunlight.
3. **Fill Water Tank:**

Figure 2: Top-fill design with Max Water Line

Remove the top lid. Pour clean, cool water directly into the tank. Do not exceed the 'MAX' water line indicated on the tank. Distilled or filtered water is recommended to minimize mineral buildup and extend product life.

4. **Replace Lid:** Securely place the top lid back onto the water tank.
5. **Connect Power:** Plug the power adapter into the humidifier's power port and then into a suitable electrical outlet.

6. Operating Instructions

1. **Power On/Mist Adjustment:** Rotate the control knob clockwise to turn on the humidifier and adjust the mist output level. Turn clockwise for higher mist output, counter-clockwise for lower mist output. Rotate counter-clockwise until it clicks to turn off.
2. **Night Light Function:**

Figure 3: 8-Color Soft Night Light

Press the light button to activate the 8-color night light. Press again to cycle through colors or select a single color. Press and hold to turn the light off.

3. **Essential Oil Diffuser:** Add a few drops of your favorite essential oils directly into the water tank. The humidifier will diffuse the aroma along with the mist.
4. **360° Nozzle:**

Figure 4: 360° Rotate Nozzle and Knob Control Mist

Rotate the mist nozzle on top of the lid to direct the mist in any desired direction.

5. **Automatic Shut-off:** The humidifier will automatically turn off when the water level is too low. The light indicator may change color (e.g., red) to signal low water.

7. Maintenance

Regular cleaning is essential to prevent mineral buildup and ensure optimal performance. It is recommended to clean the humidifier every 2 weeks.

Figure 5: Easy to Clean Design

1. **Unplug:** Always unplug the humidifier from the power outlet before cleaning.
2. **Empty Water:** Remove the lid and empty any remaining water from the tank and base.
3. **Clean Tank:** Wipe the inside of the water tank with a soft cloth. For mineral buildup, fill the tank with a mixture of equal parts white vinegar and water. Let it soak for 30 minutes, then rinse thoroughly.
4. **Clean Base:** Gently wipe the base with a soft cloth. Do not immerse the base in water.
5. **Air Dry:** Allow all parts to air dry completely before reassembling or storing.

8. Troubleshooting

- **No Mist:**

- Ensure the humidifier is plugged in and powered on.
- Check the water level. Refill if it's below the minimum level.
- Ensure the water level does not exceed the 'MAX' line, as overfilling can prevent mist production.
- Clean the ultrasonic atomizer in the base for any mineral buildup.

- **Unusual Odor:**
  - Empty and clean the water tank and base thoroughly.
  - Use fresh, clean water.
- **Excessive Condensation:**
  - Reduce the mist output level.
  - Ensure proper room ventilation.

9. Specifications

Brand	Esemoil
Model Number	HMBW-25US
Water Tank Capacity	2.5 Liters
Max Runtime	Up to 25 hours (on low setting)
Noise Level	As low as 26dB
Coverage Area	Up to 300 Square Feet
Power Input	120 Volts
