VRAIKO AURORA-1

VRAIKO Aurora LED Gua Sha Device User Manual

Model: AURORA-1 | Brand: VRAIKO

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your VRAIKO Aurora LED Gua Sha Device. This device combines traditional Gua Sha techniques with modern technology, including heat, vibration, and LED light therapy, to support skin rejuvenation and facial massage.

Please read this manual thoroughly before first use and retain it for future reference.

2. IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of injury, electric shock, fire, or damage to the device, always follow these basic safety precautions:

- Avoid using on broken or irritated skin.
- Do not use excessively.
- Keep away from water and do not immerse the device in liquids.
- Dispose of batteries properly according to local regulations.
- Keep out of reach of children.
- Consult a physician before use if you have any pre-existing medical conditions, especially skin conditions, or if you are pregnant.

4. PRODUCT FEATURES

The VRAIKO Aurora LED Gua Sha Device is designed with multiple functions to enhance your skincare routine:

- **Natural White Jade Material:** Crafted from 100% natural white jade, known for its smooth texture and ability to retain temperature. Each piece is finely polished and carefully selected.
- **Heated Therapy:** The device provides quick and efficient heating, offering a comforting sensation that promotes blood circulation and aids in lymphatic drainage. The temperature can be adjusted between 43~53°C. It takes approximately 30 seconds for the stone to fully warm.
- **Vibration Function:** A gentle vibration function can be activated to provide a relaxing massage, helping to alleviate muscle soreness and enhance product absorption.
- **630nm Far-Infrared LED Light:** This red LED light therapy is integrated to support skin rejuvenation and promote collagen growth. The light can be switched on or off by long-pressing the vibration button.

LED & HEATED MASSAGE

Red-LED gives aids in oil reduction & rejuvenating skin for more radiant and glowing complexion.

The temperature can be easily adjusted between 43~53°C
note: it would take about 30secs to get the stone fully warmed
