2. PRODUCT FEATURES

- **Integrated Power Outlets:** The desk includes built-in power outlets and USB charging ports, providing convenient access to power for your electronic devices. It supports a total power capacity of 1500W, suitable for charging phones, computers, and printers.

7 Main Colors / 22 Dynamic Modes

Figure 2.1: Detail of the integrated power outlets and USB ports.

- **Flexible Reversible Design:** This L-shaped computer desk features a main tabletop measuring 58 inches in length and 31.5 inches in depth. It includes a removable computer stand and reversible shelves, allowing for multiple configurations to fit your space and usage needs.

Figure 2.2: Various reversible configurations of the desk.

- **LED Lighting:** Equipped with LED lighting, the desk offers 20 static colors and 22 dynamic modes. This feature allows you to customize the ambiance of your workspace according to your preference.

Power Up to 5 Devices

2 USB Ports

3 AC Outlets

Line length
6.5 feet

- **Durable and Sturdy Construction:** The desk is constructed from high-grade smooth P2 particle board and a thickened alloy steel frame, ensuring stability and a good weight-bearing capacity. Non-slip foot pads are included to protect your flooring.

3. SETUP INSTRUCTIONS

Assembly of the Bestier L-Shaped Desk is designed to be straightforward. It is recommended that one person assembles the desk. While some tools are provided, it is advisable to have basic hand tools available if needed.

3.1. Unpacking and Part Identification

1. Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Verify that all parts listed in the assembly guide (not included in this manual, refer to the packaging) are present and undamaged.
3. Familiarize yourself with the product dimensions to ensure proper placement in your intended space.

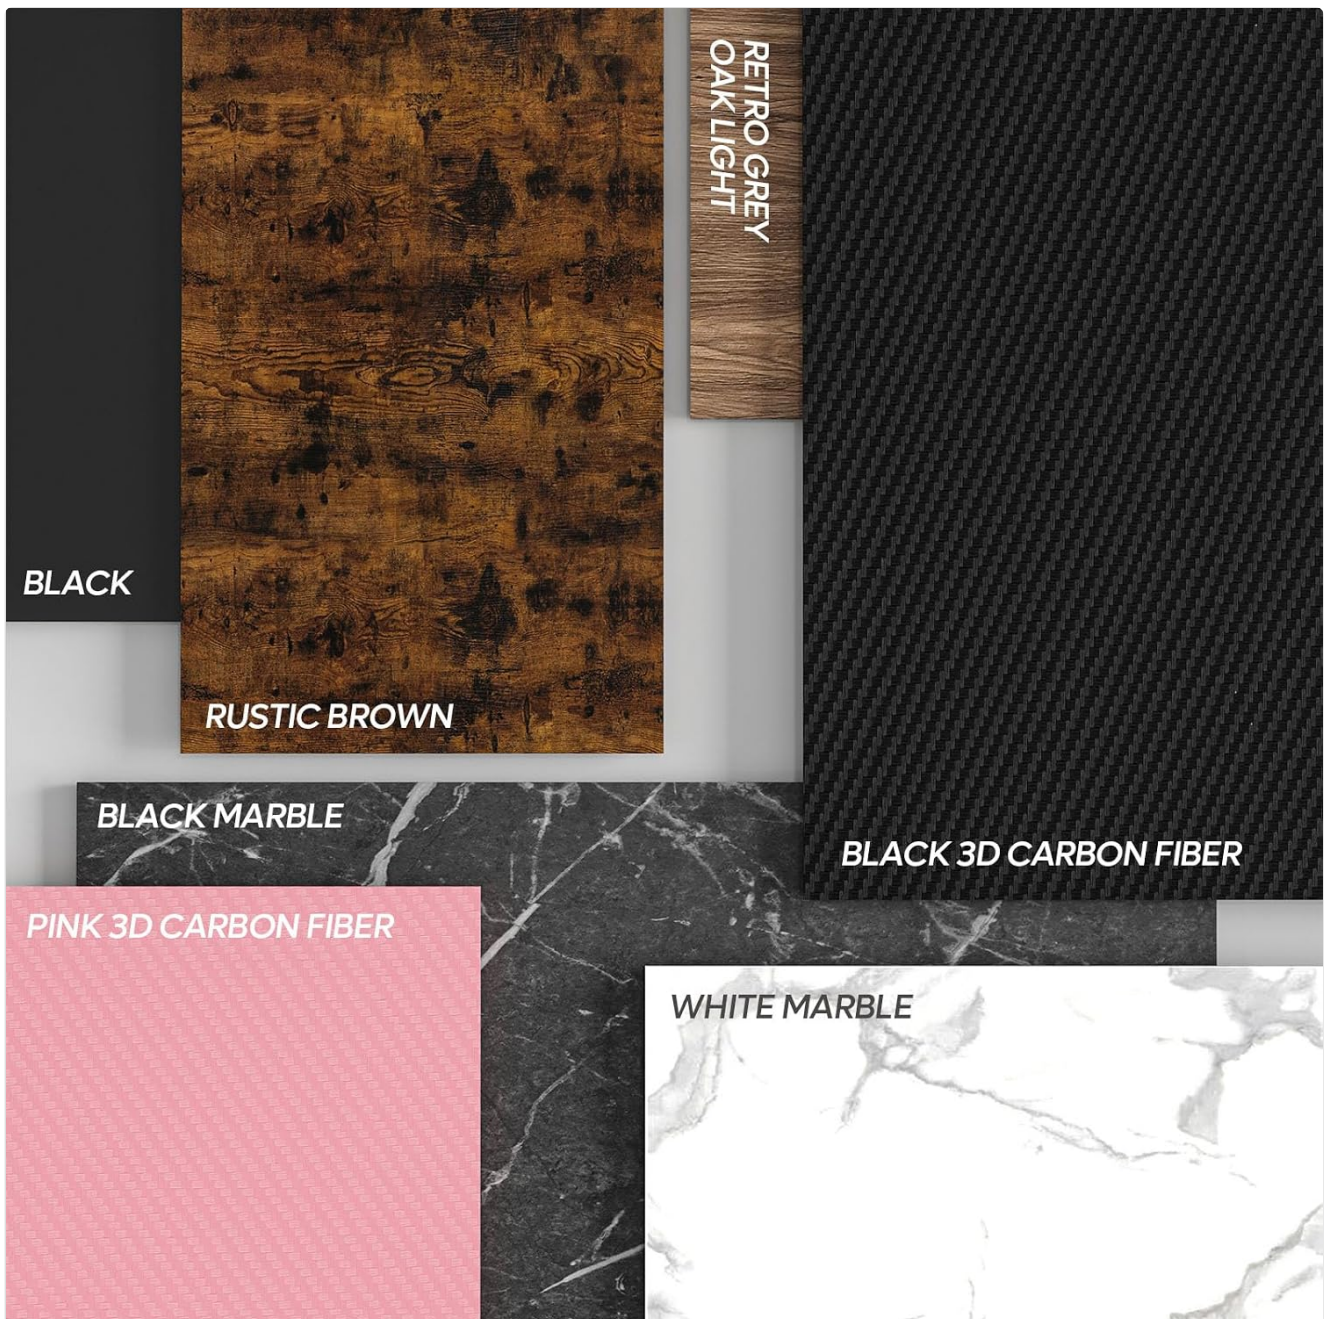

Figure 3.1: Product dimensions for planning your setup.

3.2. Assembly Steps

1. Follow the numbered instructions provided in the assembly manual that came with your product.
2. Pay close attention to the orientation of parts, especially when assembling the L-shaped sections and reversible shelves, as there are multiple configuration options.
3. Ensure all screws and bolts are tightened securely, but avoid over-tightening to prevent damage to the particle board.
4. When attaching the LED strip, consider the desired direction of the power cord before securing it to the underside of the shelving piece.

The desk can be assembled in various configurations (A, B, C, or D) to best suit your space requirements. The headset holder can also be attached to any side of the desk or the L-section as preferred.

4. OPERATING INSTRUCTIONS

4.1. Using the Power Outlets and USB Ports

- Plug the desk's main power cord into a standard wall outlet. The cord length is approximately 6.5 feet.
- Insert your device's power plugs into the three AC outlets provided on the desk surface.
- Connect your USB charging cables to the two USB ports for charging compatible devices like smartphones and tablets.
- The power outlets and USB ports are designed for convenient access and efficient charging of multiple devices simultaneously.

4.2. Controlling the LED Lighting

- The LED lighting strip connects to one of the USB ports on the desk's power strip.
- Control the LED lights using the integrated controller on the LED strip. This controller allows you to switch between 20 static colors and 22 dynamic modes.
- To turn off the LED lights, you may need to unplug the LED strip from the USB port, as a dedicated on/off switch for the lights is not present on the desk itself.

4.3. Utilizing Reversible Shelves and Computer Stand

- The L-shaped section of the desk can be configured to either the left or right side during assembly, depending on your room layout.
- The removable computer stand can be placed on the main desktop or on the side shelf, offering flexibility for monitor placement or additional storage.
- The integrated shelves provide additional storage space for books, office supplies, or gaming accessories.

5. MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your Bestier L-Shaped Desk.

- **Cleaning:** The desk surface, particularly the rustic brown finish, may show dust and fingerprints easily. Wipe the surfaces regularly with a soft, slightly damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Immediately wipe up any liquid spills to prevent absorption into the particle board.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 150 pounds on the desk surface. Distribute weight evenly.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to prevent moisture rings.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Bestier L-Shaped Desk.

- **Desk feels wobbly after assembly:** Ensure all screws and bolts are fully tightened. Refer to the assembly instructions to confirm all parts are correctly oriented and connected. The desk is designed to be sturdy when properly assembled.
- **LED lights not turning on:** Check if the LED strip is securely plugged into a working USB port on the desk's power strip. Ensure the desk's main power cord is plugged into a live wall outlet. If the issue persists, check the LED strip's inline controller for any damage.

- **Power outlets/USB ports not working:** Verify that the desk's main power cord is firmly plugged into a functional wall outlet. Test the wall outlet with another device to confirm it has power. If the issue continues, contact customer support.
- **Cracking sounds during assembly:** Some users have reported minor cracking sounds during assembly when tightening screws. This is typically due to the material and does not necessarily indicate damage if the desk feels sturdy afterward. Ensure you are not over-tightening screws.
- **Dust and fingerprints accumulate quickly:** This is a characteristic of the desk's material. Regular cleaning with a soft, damp cloth is recommended to maintain its appearance.

If you encounter an issue not listed here or require further assistance, please refer to the Warranty and Support section for contact information.

7. SPECIFICATIONS

Feature	Specification
Brand	Bestier
Model Number	Bestier Desk
Product Dimensions (D x W x H)	32.28"D x 58.07"W x 36.02"H
Color	Rustic Brown
Shape	L-Shape
