LUMISOL x010

LUMISOL 30" Gray Bathroom Vanity with Sink Instruction Manual

Model: x010

PRODUCT OVERVIEW

The LUMISOL 30" Gray Bathroom Vanity with Sink is designed to offer both hidden and open storage solutions for your bathroom. This freestanding cabinet features a solid wood frame, a ceramic sink, one drawer, and two doors, providing versatile storage and a modern aesthetic.

Key features include a powerful storage design with a built-in shelf in the door and compartmentalized drawer, solid and durable construction with waterproof paint, and soft-closing door hinges for quiet operation. The pure white undermount ceramic basin is durable, waterproof, and easy to clean.

SETUP AND ASSEMBLY

This bathroom vanity requires full assembly. It is suggested that two people are involved in the assembly process for ease and safety. All necessary tools for assembly are included in the package.

Package Contents:

1 PACKAGE

(Self Assembly Needed)

Perfect Size

1 x Main Cabinet
1 x Sink
1 x Hardware Package
1 x Instruction

Image: Illustration of the package contents, including 1 Main Cabinet, 1 Sink, 1 Hardware Package, and 1 Instruction Manual.

- 1 x Main Cabinet
- 1 x Ceramic Sink
- 1 x Hardware Package (all tools included)
- 1 x Instruction Manual

Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Identify all hardware and tools provided.
3. Follow the step-by-step instructions provided in the included instruction manual for assembling the cabinet frame.
4. Carefully place and secure the ceramic sink onto the assembled cabinet.
5. Install the drawer and doors, ensuring the soft-close hinges function correctly.
6. Position the freestanding vanity in your desired bathroom location.

OPERATING INSTRUCTIONS

The LUMISOL bathroom vanity is designed for convenient daily use with its thoughtful storage features.

- **Drawer Operation:** The vanity includes one spacious drawer with compartments. Pull the drawer gently using the handles to access your bathroom supplies. The drawer is designed for smooth operation.
- **Door Operation:** The two cabinet doors provide access to hidden storage. Open the doors to reveal the main cabinet space and the built-in shelf on the inside of one door. The soft-close hinges ensure quiet and gentle closing.
- **Sink Usage:** The ceramic sink is designed for standard bathroom use. It features a 4-inch pre-drilled faucet mount (faucet not included) and an anti-spill hole for safety.

MAINTENANCE AND CARE

Proper care and maintenance will ensure the longevity and appearance of your LUMISOL bathroom vanity.

- **General Cleaning:** Wipe the exterior surfaces of the vanity with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Sink Care:** It is recommended to wipe or rinse the ceramic sink after each use to prevent water spots and soap scum buildup. For deeper cleaning, use a mild non-abrasive bathroom cleaner.
- **Waterproof Coating:** The surface and interior of the cabinet are coated with waterproof paint to prevent warping, cracking, and mildew. While designed to be water-resistant, promptly wipe up any standing water to maintain the finish.

Waterproof and Moistureproof

The surface and interior of the cabinet are coated with waterproof paint, which helps prevent warping, cracking and mildew.

TROUBLESHOOTING

If you encounter any issues with your LUMISOL bathroom vanity, please refer to the following common solutions or contact customer support.

- **Doors/Drawers not closing smoothly:** Check for any obstructions in the hinges or drawer slides. Ensure all screws are tightened properly. The soft-close mechanism may need a slight adjustment if it's not closing fully.
- **Water spots on sink:** This is normal with hard water. Regularly wipe or rinse the sink after use. For stubborn spots, use a descaling cleaner safe for ceramic surfaces.
- **Color variation:** As noted by LUMISOL, the real product's color may vary slightly from images due to lighting or monitor display. This is not a defect.
- **Assembly difficulties:** Re-check the instruction manual carefully. Ensure all parts are correctly oriented and that you have the suggested number of people for assembly.
