1. INTRODUCTION

The Ottocast U2-AIR Pro is a wireless CarPlay adapter designed to convert your vehicle's wired Apple CarPlay system into a wireless experience. This device enhances your driving by allowing seamless access to CarPlay features such as navigation, music, calls, and messages without the need for a physical cable connection to your iPhone. The U2-AIR Pro has undergone significant development, focusing on improving execution speed, exterior design, smartphone connection stability, and app usability. This product has acquired Technical Conformity Certification (Number: 201-220660), ensuring safe and compliant operation.

2. PRODUCT OVERVIEW

The U2-AIR Pro is a compact device that plugs into your car's USB port. It features a 5G WiFi module for fast and stable connections. The adapter is designed for ease of use, offering a simple one-button operation for disconnecting. Its sleek design integrates well into most car interiors.

3. SETUP INSTRUCTIONS

Setting up your Ottocast U2-AIR Pro is a quick and straightforward process, requiring no professional installation. The initial connection can be completed in approximately 5 seconds.

1. **Ensure Wired CarPlay is Enabled:** Before starting, confirm that your vehicle's infotainment system supports wired Apple CarPlay and that CarPlay is enabled in your car settings.

2. **Connect the Adapter:** Plug the Ottocast U2-AIR Pro adapter into your car's USB port that supports CarPlay.
3. **Pair with iPhone:** On your iPhone, go to **Settings > Bluetooth** and search for the Ottocast device. Select it to pair.
4. **Confirm CarPlay Prompt:** Your iPhone will display a CarPlay prompt. Confirm the connection.
5. **Automatic Reconnection:** After the initial successful connection, the U2-AIR Pro will automatically connect to your iPhone within approximately 5 seconds each time you start your car.

4. OPERATING INSTRUCTIONS

The U2-AIR Pro allows you to use all wired CarPlay functions wirelessly, providing a hands-free and focused driving experience.

4.1 Core Functions

- **Navigation:** Access detailed maps, voice-guided turn-by-turn directions, and immersive 3D experiences to easily reach your destination.
- **Communication:** Make and receive phone calls, and send and receive messages directly through your car's display or via voice commands.
- **Entertainment:** Enjoy your favorite music, podcasts, and audiobooks.

4.2 Hands-Free Control

Utilize voice control (e.g., Siri) to manage various CarPlay functions without taking your hands off the wheel.

4.3 Disconnecting

The device features a convenient one-button operation to quickly disconnect the CarPlay connection.

5. DEDICATED OTTOPILOT APP

The dedicated 'OttoPilot' application is available for download on the Google Play Store and Apple App Store. This app provides a comfortable and simple design with intuitive user guidance features, aiming to enhance your driving experience. It offers comprehensive information on setup methods, troubleshooting device errors, and firmware

updates, ensuring you have access to various convenient functions for a comfortable car life.

6. COMPATIBILITY

The Ottocast U2-AIR Pro is compatible with a wide range of car models that support wired Apple CarPlay. However, please note the following:

- **Steering Wheel and Knob Operations:** In some car models, steering wheel and knob operations may not be fully compatible with CarPlay when using the adapter. If this occurs, an air mouse may be required for full functionality.
- **CarPlay Activation:** Always ensure that CarPlay is activated in your vehicle's settings for the adapter to function correctly.

7. MAINTENANCE

To ensure the longevity and optimal performance of your Ottocast U2-AIR Pro, follow these simple maintenance guidelines:

- **Keep Clean:** Regularly wipe the device with a soft, dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Avoid Extreme Temperatures:** Do not expose the device to extreme heat or cold, as this can affect its internal components.
- **Proper Storage:** When not in use for extended periods, store the adapter in a cool, dry place away from direct sunlight.
- **Handle with Care:** Avoid dropping the device or subjecting it to strong impacts.

8. TROUBLESHOOTING

If you encounter issues with your Ottocast U2-AIR Pro, try the following troubleshooting steps:

- **No Connection:**
 - Ensure your car's wired CarPlay is active and enabled.
 - Check if the adapter is securely plugged into the USB port.
 - Verify that Bluetooth is enabled on your iPhone and that it is paired with the Ottocast device.
 - Restart your iPhone and the car's infotainment system.
- **Connection Delays:**
 - While the device is designed for fast connection, environmental factors can sometimes cause slight delays. Ensure no other Bluetooth or Wi-Fi devices are interfering.
 - Check for firmware updates via the OttoPilot app, as updates often include performance improvements.
- **Incompatible Car Controls:**
 - As noted in the compatibility section, some steering wheel or knob controls may not work. Consider purchasing an air mouse if these controls are essential for your usage.
- **App Issues:**
 - If the OttoPilot app is not functioning correctly, ensure it is updated to the latest version.
 - Clear the app's cache or reinstall it if problems persist.

For further assistance, please refer to the OttoPilot app's troubleshooting section or contact customer support as detailed in the Warranty & Support section.
