Alltripal 6955

Alltripal Bamboo Wireless Charging Station

MODEL: 6955

User Instruction Manual

1. Product Overview

The Alltripal Bamboo Wireless Charging Station (Model 6955) is a versatile 3-in-1 device designed to streamline your charging needs while offering additional functionalities. It integrates a wireless charger for compatible smartphones, a dedicated charging area for AirPods, and a stand for an Apple Watch charger (charger not included). Additionally, it features a digital alarm clock and a customizable night light, all housed within an eco-friendly bamboo design.

2. Package Contents

- Alltripal Bamboo Wireless Charging Station (Model 6955)
- UL-certified Power Adapter
- USB Type-C Cable
- Apple Watch Holder (Apple Watch charger NOT included)
- User Manual

3. Setup Instructions

1. **Connect Power:** Plug the provided USB Type-C cable into the DC Input port on the back of the charging station. Connect the other end of the cable to the UL-certified power adapter, then plug the adapter into a wall outlet. The digital clock display will illuminate, indicating power is connected.
2. **Install Apple Watch Charger (Optional):** Insert your personal Apple Watch magnetic charging cable (not included) into the designated Apple Watch holder. Route the cable through the provided channel to keep it tidy. Place the assembled holder into the designated slot within the station.

4. Operating Instructions

4.1 Wireless Charging

The charging station supports simultaneous wireless charging for compatible devices. Ensure your devices are placed correctly on the charging areas for optimal performance.

- **Smartphone Charging:** Place your iPhone (15W fast wireless charging) on the top surface of the station, aligning it with the wireless charging symbol. The device will begin charging automatically.
- **AirPods Charging:** Place your AirPods (5W wireless charger) in their charging case onto the designated pad inside the station.
- **Apple Watch Charging:** Place your Apple Watch (3W wireless charger) onto the installed magnetic

charger within the holder.

For best charging results, remove any thick phone cases before placing your smartphone on the wireless charging pad.

4.2 Digital Alarm Clock

The integrated digital alarm clock offers adjustable brightness and volume settings.

- **Setting Time:** Use the 'Time Setting' button on the back of the unit to enter time setting mode. Use 'H+' (Hour) and 'M+' (Minute) buttons to adjust the time.
- **Setting Alarm:** Use the 'Alarm Clock Setting' button on the back to set up to two alarms. Use 'H+' and 'M+' to adjust alarm time.
- **Adjusting Display Brightness:** In normal time mode, single press the 'H+' button to cycle through 2

brightness levels for the clock display.

- **Adjusting Alarm Volume:** In normal time mode, single press the 'M+' button to cycle through 2 adjustable volume levels for the alarm.
- **Snooze Function:** Press any button to snooze the alarm when it sounds.

Figure 4: Digital alarm clock features including easy setting and adjustable buzzer.

4.3 Night Light

The night light offers 3 color temperatures and adjustable brightness levels (5%-100%).

- **Turning On/Off:** Tap the 'Touch Switch for Night Lamp' symbol on the base of the station to turn the light on or off.
- **Changing Color Temperature:** With a simple touch, effortlessly switch between warm white, cool white, and white light colors.

- **Adjusting Brightness:** Press and hold the 'Touch Switch for Night Lamp' to adjust brightness levels from 5% to 100%.

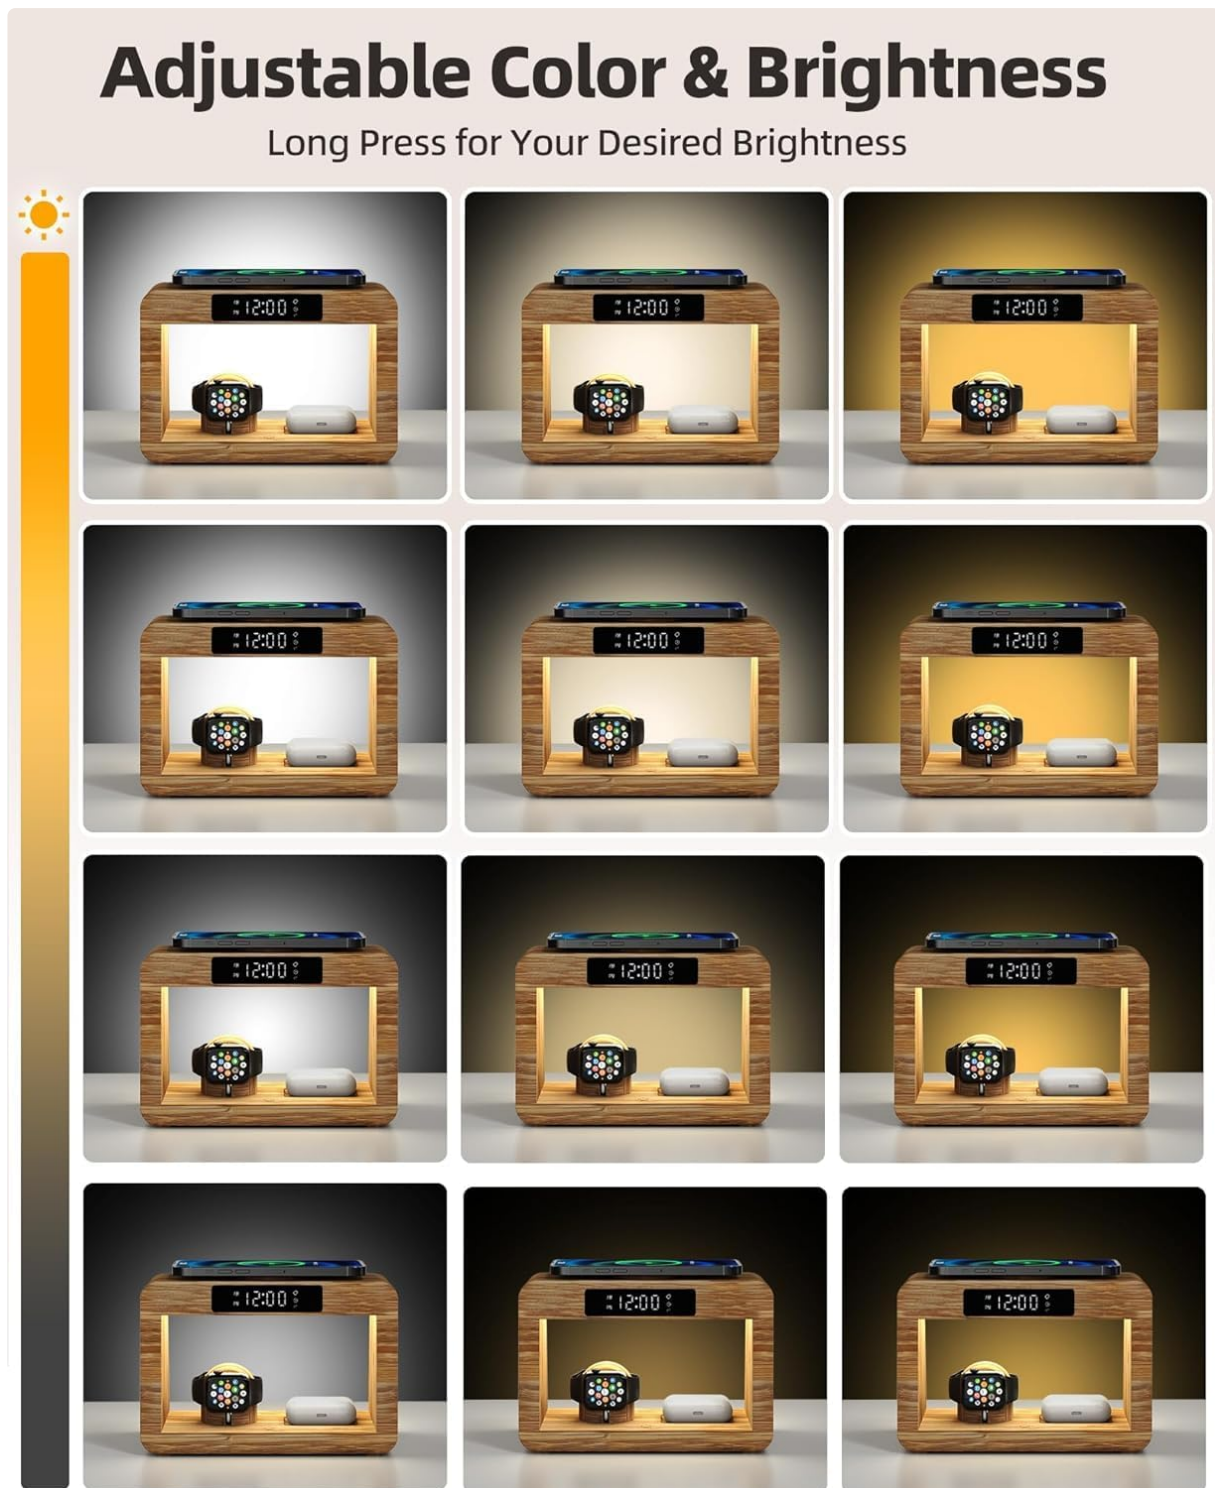

Figure 5: Night light with adjustable color temperatures and brightness levels.

4.4 Additional USB Output Ports

The charging station includes a USB Type-A and a USB Type-C output port on the back, allowing you to charge additional devices simultaneously using their respective cables.

5. Maintenance

- **Cleaning:** Disconnect the power adapter before cleaning. Use a soft, dry cloth to wipe the surface of the charging station. Avoid using abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

6. Troubleshooting

- **Device not charging:**
 - Ensure the power adapter is securely plugged into both the station and the wall outlet.
 - Verify that your device is placed correctly on the wireless charging pad, aligning with the charging symbol.
 - Remove any thick phone cases that might interfere with wireless charging.
 - Check if your device is compatible with wireless charging.
- **Clock display not working:**
 - Ensure the power adapter is connected.
 - If recently unplugged, the clock has a memory function, but ensure it's reconnected to power.
- **Night light not responding:**
 - Ensure the power adapter is connected.
 - Gently tap or press and hold the touch switch to operate.

7. Specifications

Feature	Detail
Product Dimensions	8.35 x 4.53 x 5.59 inches
