YYJLX LED Ceiling Light Instruction Manual

Brand: YYJLX | Model: Y-1198

1. PRODUCT OVERVIEW

The YYJLX LED Ceiling Light is a modern, crystal flush mount fixture designed to enhance the ambiance of various rooms. It features seven LED K9 crystal rings, offering both elegant white light and vibrant RGB color options. The light is fully dimmable and allows for color temperature adjustments from warm white (3000K) to cool white (6500K), all controllable via the included remote.

Key Features:

- **Elegant Design:** Stainless steel and K9 crystal rings for a sophisticated look.
- **Dimmable & Remote Control:** Adjust brightness from 10% to 100% and color temperature from 3000K to 6500K.
- **RGB Color Control:** Create stunning and vibrant lighting effects with a wide range of colors.
- **Versatile Application:** Ideal for living rooms, bedrooms, dining areas, kitchens, and more.

3. SAFETY INFORMATION

WARNING: Risk of electric shock. Turn off power at the circuit breaker before installation.

- Always consult a qualified electrician if you are unsure about the installation process.
- Ensure the mounting surface can support the weight of the fixture.
- Do not connect the fixture to a dimmer switch not specified for LED lighting.
- Handle crystal components with care to prevent damage or injury.

4. SETUP AND INSTALLATION

This ceiling light is designed for flush mount installation. Follow these general steps, and refer to the detailed installation video for visual guidance.

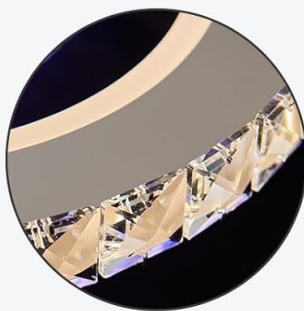

Installation Steps:

1. **Prepare for Installation:** Turn off power at the main circuit breaker. Gather necessary tools (screwdriver, wire strippers, wrench).

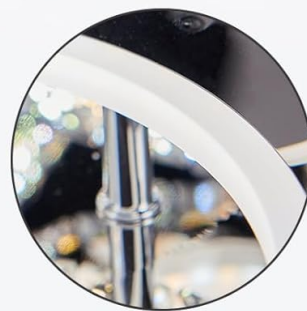

2. **Unpack Components:** Carefully remove all parts from the packaging. Identify the main base, crystal rings, and wiring.
3. **Remove Protective Film:** Peel off any protective film from the metal and acrylic parts of the light fixture and individual rings.
4. **Assemble Rings:** Attach the individual crystal rings to the main base according to the provided diagram or video. Ensure secure connections for both mechanical stability and electrical continuity.
5. **Wire Connections:** Connect the fixture's wires to your household electrical wiring (Live, Neutral, Ground) following local electrical codes.
6. **Mount to Ceiling:** Securely attach the assembled fixture to the ceiling junction box using appropriate mounting hardware.
7. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

5. OPERATING INSTRUCTIONS

The YYJLX LED Ceiling Light is operated using the included remote control. Familiarize yourself with the remote's functions to fully utilize the light's capabilities.

Remote Control Functions:

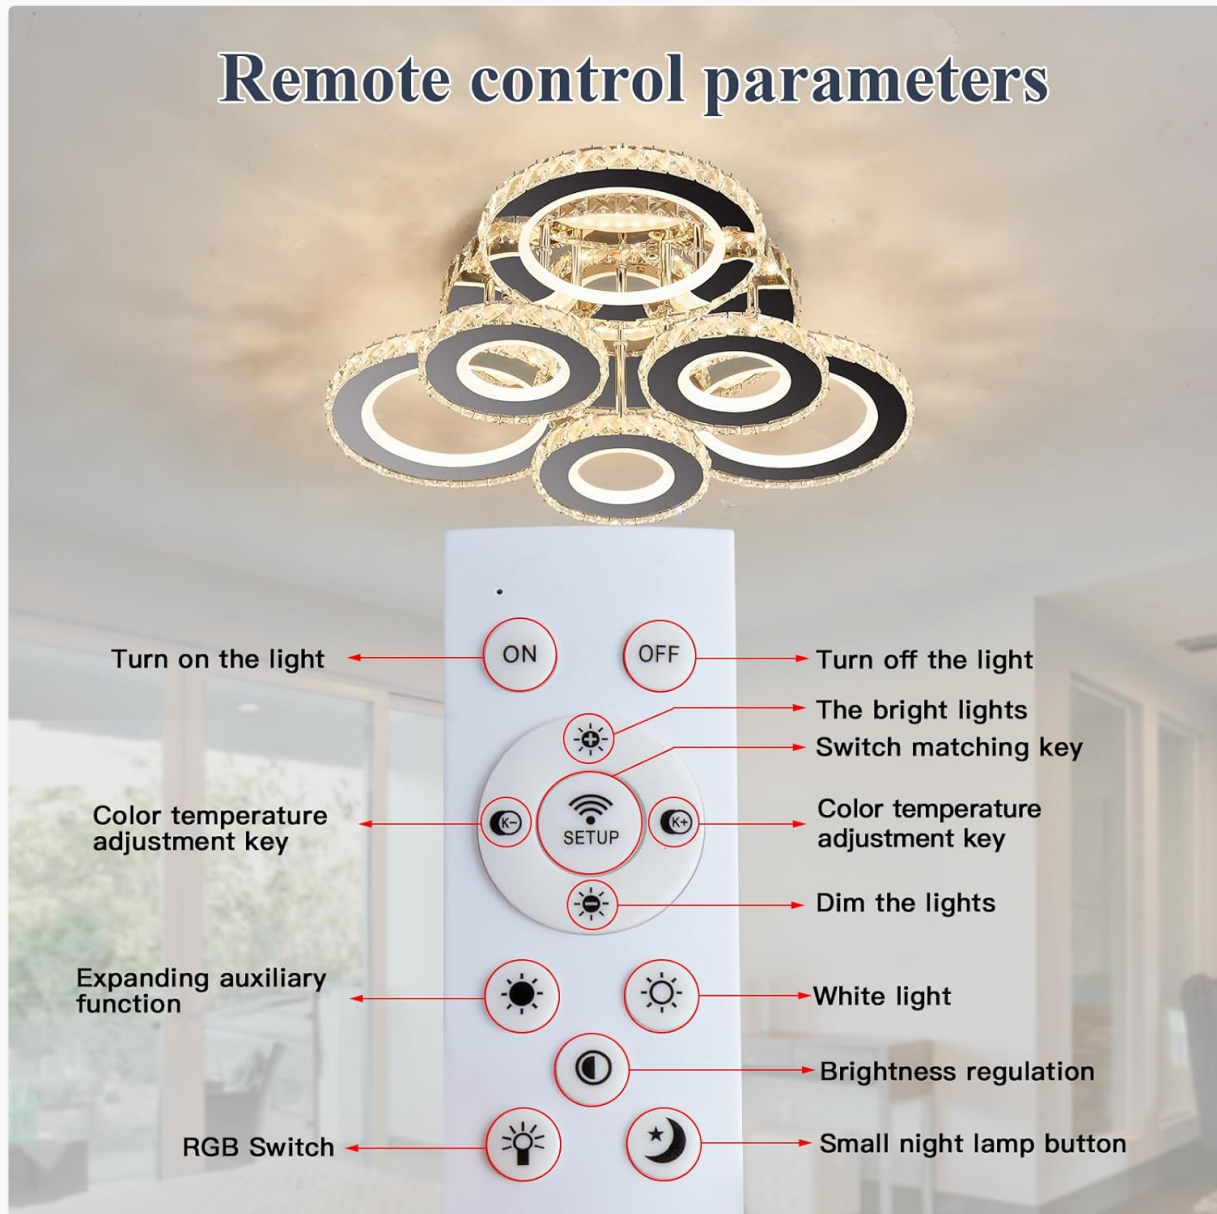

Figure 4: Diagram of the remote control with descriptions for each button, including On/Off, Brightness, Color Temperature, RGB Switch, and Small Night Lamp.

- **ON/OFF:** Press to turn the light on or off.
- **Brightness Adjustment:** Use the dedicated buttons to increase or decrease the light intensity (10%-100% dimmable).
- **Color Temperature Adjustment:** Cycle through warm white (3000K), neutral light, and cool white (6500K) settings.
- **RGB Switch:** Activate and cycle through various RGB color modes to create different atmospheres.
- **Small Night Lamp Button:** Activates a low-brightness setting suitable for nighttime use.

6. MAINTENANCE

To ensure the longevity and optimal performance of your YYJLX LED Ceiling Light, follow these maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the power is turned off at the circuit breaker. Use a soft, dry cloth to wipe the metal and crystal surfaces. For stubborn marks, a slightly damp cloth with mild, non-abrasive cleaner can be used, followed by drying.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or crystal components.
- **Regular Inspection:** Periodically check for any loose connections or damaged components. If any issues are found, consult a qualified electrician.
- **LED Lifespan:** The integrated LED lights are designed for long-term use and do not require replacement under normal operating conditions.

7. TROUBLESHOOTING

If you encounter any issues with your YYJLX LED Ceiling Light, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply; Loose wiring; Faulty remote control.	Check circuit breaker. Ensure all wires are securely connected. Replace remote control batteries.
Remote control not working.	Dead batteries; Remote not paired; Obstruction.	Replace batteries. Refer to remote pairing instructions (if applicable, usually automatic). Ensure no objects block the signal.
Light flickers or dims unexpectedly.	Incompatible dimmer switch; Loose connection; Power fluctuations.	Ensure a compatible LED dimmer is used. Check wiring connections. Consult an electrician for power issues.
RGB colors are incorrect or not changing.	Remote control issue; Internal component issue.	Replace remote batteries. If problem persists, contact customer support.

If these steps do not resolve the issue, please contact YYJLX customer support for further assistance.

8. SPECIFICATIONS

Attribute	Detail
Brand	YYJLX
Model Name	Y-1198
Light Fixture Form	Close to Ceiling
Style	Modern
Material	Crystal, Stainless Steel
Color	LED (White, RGB)
Product Dimensions	22.44"L x 22.44"W x 5.7"H
Item Weight	8.64 pounds (3.93 Kilograms)
Power Source	Corded Electric
Voltage	110 Volts
Wattage	168 watts
Light Source Type	LED
Light Color	Warm light, Neutral light, White light (Dimmable)
Special Feature	Dimmable, 3 Color Temperature, Remote Control, RGB

Attribute	Detail
Control Method	Remote
Assembly Required	Yes
