Parker Living Orpheus

Orpheus - Bisque Fabric Power Loveseat Instruction Manual

Model: Orpheus | Brand: Parker Living

1. INTRODUCTION

Welcome to the instruction manual for your new Parker Living Orpheus - Bisque Fabric Power Loveseat. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your loveseat. Please read it thoroughly before use and retain it for future reference.

Figure 1.1: The Orpheus Bisque Fabric Power Loveseat in Fossil Gray. This image shows the overall appearance of the loveseat with its two seats, armrests, and integrated cup holders.

The Orpheus Power Loveseat is designed for comfort and convenience, featuring power recline functionality, adjustable headrests, integrated USB charging ports, and a hidden storage compartment in the armrest. Its durable fabric and robust construction ensure lasting enjoyment.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Ensure all components are securely assembled before use.
- Keep hands and feet clear of the reclining mechanism during operation.
- Do not allow children or pets to play on or around the reclining mechanism.
- Only use the provided power cord and adapter. Do not overload electrical outlets.
- Do not sit on the armrests or backrest, as this may cause instability or damage.
- Maximum weight capacity for this loveseat is 720 lbs. Do not exceed this limit.

3. PACKAGE CONTENTS

Carefully unpack all items and verify that you have received the following components:

- Orpheus Power Loveseat Base Unit
- Loveseat Backrest (typically detached for shipping)
- Power Cord and Adapter
- Instruction Manual (this document)

If any parts are missing or damaged, please contact Parker Living customer support immediately.

4. SETUP AND ASSEMBLY

Assembly of the Orpheus Power Loveseat is required. It is recommended that two adults perform the assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Backrest:** Locate the metal receiving brackets on the back of the loveseat base and the corresponding metal posts on the backrest. Align the posts with the brackets and slide the backrest down firmly until it clicks into place. Ensure both sides are securely engaged.
3. **Connect Power:** Locate the power cord connection point at the rear or underside of the loveseat. Connect the power adapter to the loveseat, then plug the power cord into a standard electrical outlet. Ensure the cord is not pinched or obstructed.
4. **Position Loveseat:** Move the assembled loveseat to its desired location. Ensure there is adequate space behind the loveseat for full recline (approximately 6-8 inches from a wall).

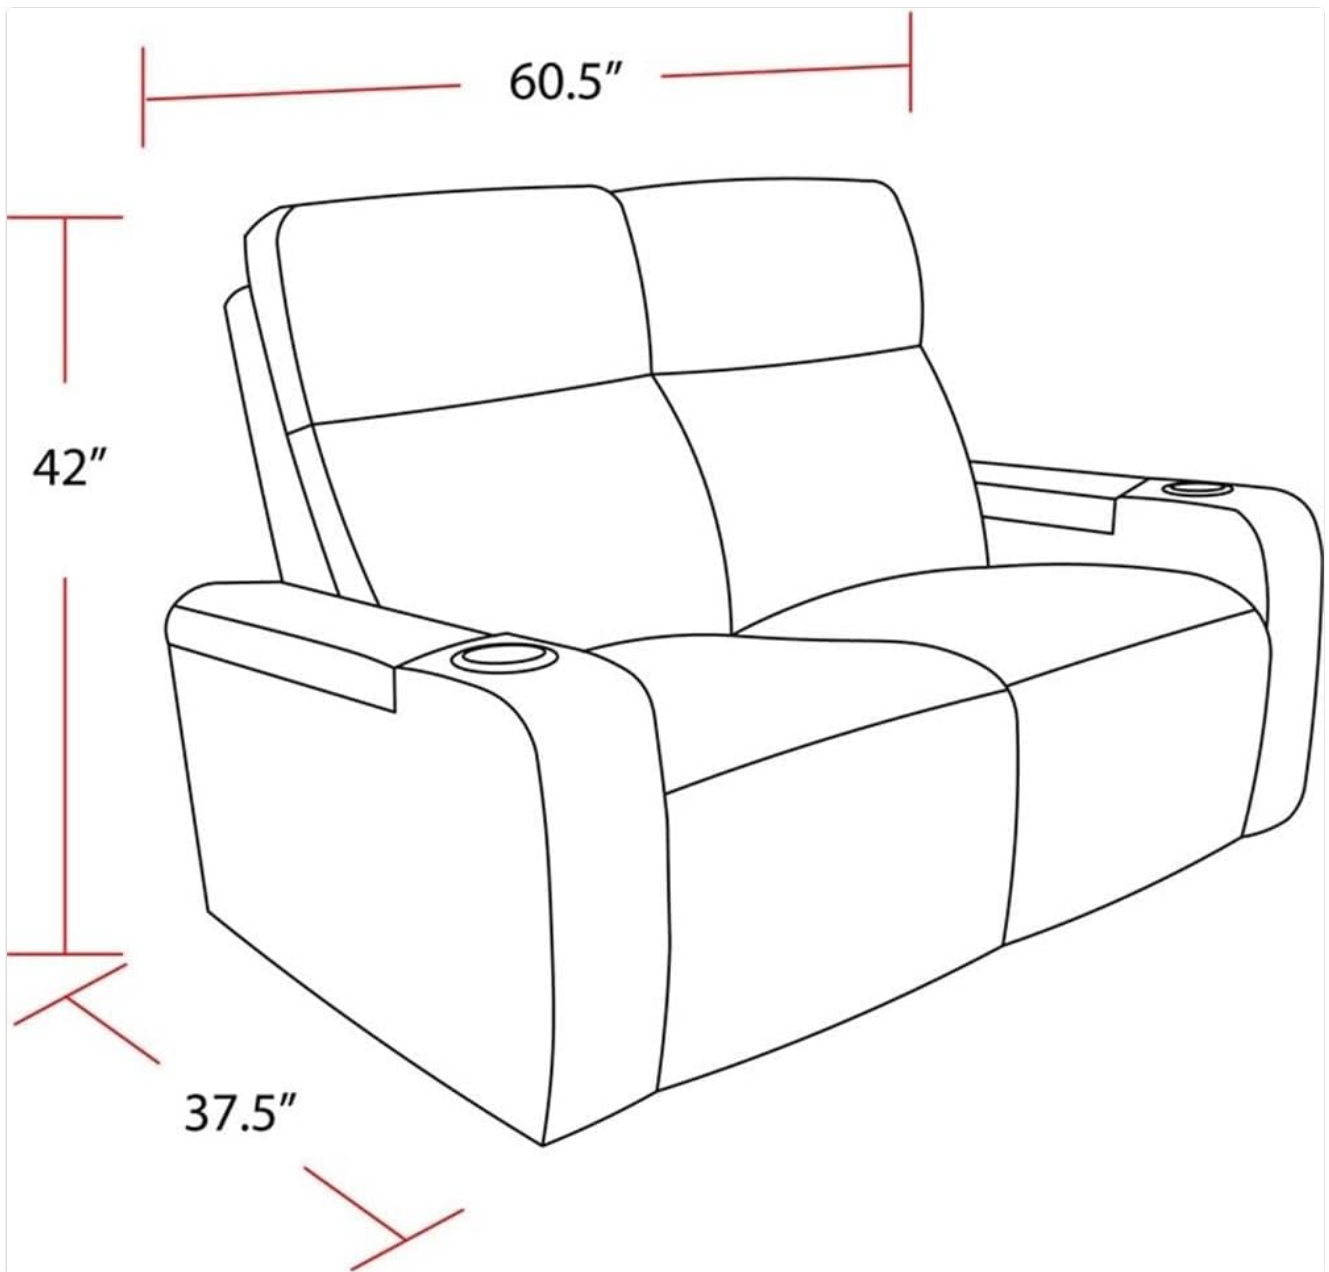

Figure 4.1: Dimensions of the Orpheus Power Loveseat. The loveseat measures 60.5 inches wide, 37.5 inches deep, and 42 inches high. These measurements are crucial for planning placement in your living space.

5. OPERATING INSTRUCTIONS

Your Orpheus Power Loveseat offers several convenient features for enhanced comfort.

5.1 Power Recline and Headrest Adjustment

Each seat on the loveseat is equipped with independent power recline and headrest adjustment. The control buttons are located on the side of the armrest, integrated into the cup holder bezel.

- **Recline:** Press and hold the recline button (usually indicated by an arrow pointing outwards) to smoothly recline the seat and extend the footrest. Release the button at your desired position.
- **Return to Upright:** Press and hold the upright button (usually indicated by an arrow pointing inwards) to return the seat to its original position.
- **Adjust Headrest:** Use the separate headrest adjustment buttons (if available, often indicated by headrest icons) to tilt the headrest forward or backward for optimal neck support.

Figure 5.1: The Orpheus Power Loveseat with one seat fully reclined. This demonstrates the extended footrest and the comfortable lounging position achievable with the power recline function.

5.2 USB Charging Port

The LED-lit cup holders include a built-in USB port for convenient charging of your electronic devices.

- Simply plug your device's USB charging cable into the port located within the cup holder.
- Ensure the loveseat is connected to a power source for the USB port to function.

Figure 5.2: A close-up view of the LED-lit cup holder, highlighting the integrated USB charging port. The blue LED illumination indicates power is supplied to the cup holder and USB port.

5.3 Armrest Storage Compartment

The streamlined armrest features a soft-closing lid that opens to reveal a spacious storage compartment.

- Gently lift the top of the armrest to access the storage area.
- The soft-closing mechanism ensures quiet and smooth operation when closing the lid.

6. CARE AND MAINTENANCE

Proper care will help maintain the appearance and longevity of your loveseat.

- **Regular Cleaning:** Vacuum the fabric regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner or use a fabric cleaner specifically designed for polyester, testing on an inconspicuous area first.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your loveseat away from direct sunlight or use window coverings.
- **Mechanism Care:** The reclining mechanism is designed for long-term use and typically requires no lubrication. Keep the area around the mechanism clear of obstructions.
- **Power Cord:** Periodically inspect the power cord for any damage. If damaged, discontinue use and contact customer support for a replacement.

7. TROUBLESHOOTING

If you encounter issues with your loveseat, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Loveseat does not recline or power on.	No power supply.	Check if the power cord is securely plugged into the wall outlet and the loveseat. Ensure the outlet is functional.
Reclining mechanism is noisy or stiff.	Obstruction or loose connection.	Inspect the area around the mechanism for any foreign objects. Ensure all assembly connections are tight.
USB port is not charging devices.	Loveseat not powered or faulty cable.	Verify the loveseat is powered on. Try a different USB cable or device to rule out cable/device issues.
Backrest feels loose.	Backrest not fully engaged.	Remove and re-attach the backrest, ensuring it clicks firmly into place on both sides.

If the problem persists after attempting these solutions, please contact Parker Living customer support.

8. PRODUCT SPECIFICATIONS

Feature	Description
Brand	Parker Living
Model	Orpheus
Color	Bisque (Fossil Gray)
Material	100% Polyester Fabric
Product Dimensions (D x W x H)	37.5"D x 60.5"W x 42"H
