CAROMIO BM-G0416C

CAROMIO Electric Blanket Queen Size (Model: BM-G0416C) Instruction Manual

Model: BM-G0416C

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your CAROMIO Electric Blanket. This Queen size electric blanket features dual controls, 10 heat levels, and 1-10 hour timer settings for personalized comfort. It is designed with thick tufted sherpa material for enhanced softness and warmth. The blanket is ETL certified and includes advanced safety features such as NTC&PTC heating wires for temperature regulation and automatic shut-off.

2. SAFETY INFORMATION

Your safety is paramount. Please read and adhere to all safety instructions before use.

- **ETL Certified:** This electric blanket is ETL certified, ensuring it meets recognized safety standards.
- **Intelligent NTC&PTC Heating Wires:** Equipped with advanced NTC&PTC heating wires that continuously monitor and regulate temperature in real-time, preventing overheating.
- **Automatic Shut-off:** The blanket features an automatic shut-off function for added safety. It will automatically turn off after 8 hours upon first use, and offers programmable shut-off times from 1 to 10 hours.
- **Do Not Fold or Bunch:** To avoid overheating, do not fold, bunch, or crumple the heated blanket during use. Ensure it is spread flat.
- **Keep Dry:** Do not use the blanket if it is wet. Keep the controller and power cords dry.
- **Inspect Regularly:** Periodically inspect the blanket and power cords for any signs of damage. Discontinue use if any damage is found.

3. SETUP INSTRUCTIONS

Follow these steps to set up your electric blanket:

1. **Unpack:** Carefully remove the electric blanket and controllers from the packaging.
2. **Position the Blanket:** Lay the electric blanket flat on your bed, ensuring it is evenly spread and not folded or bunched. The connectors for the controllers should be positioned at the foot of the bed or in a convenient location for access.
3. **Connect Controllers:** For Queen size blankets, there are two controllers. Connect each controller securely to its designated port on the blanket. Ensure the connection is firm.

4. **Plug into Power:** Plug the power cords from the controllers into a standard 120V AC electrical outlet. Avoid using extension cords if possible.

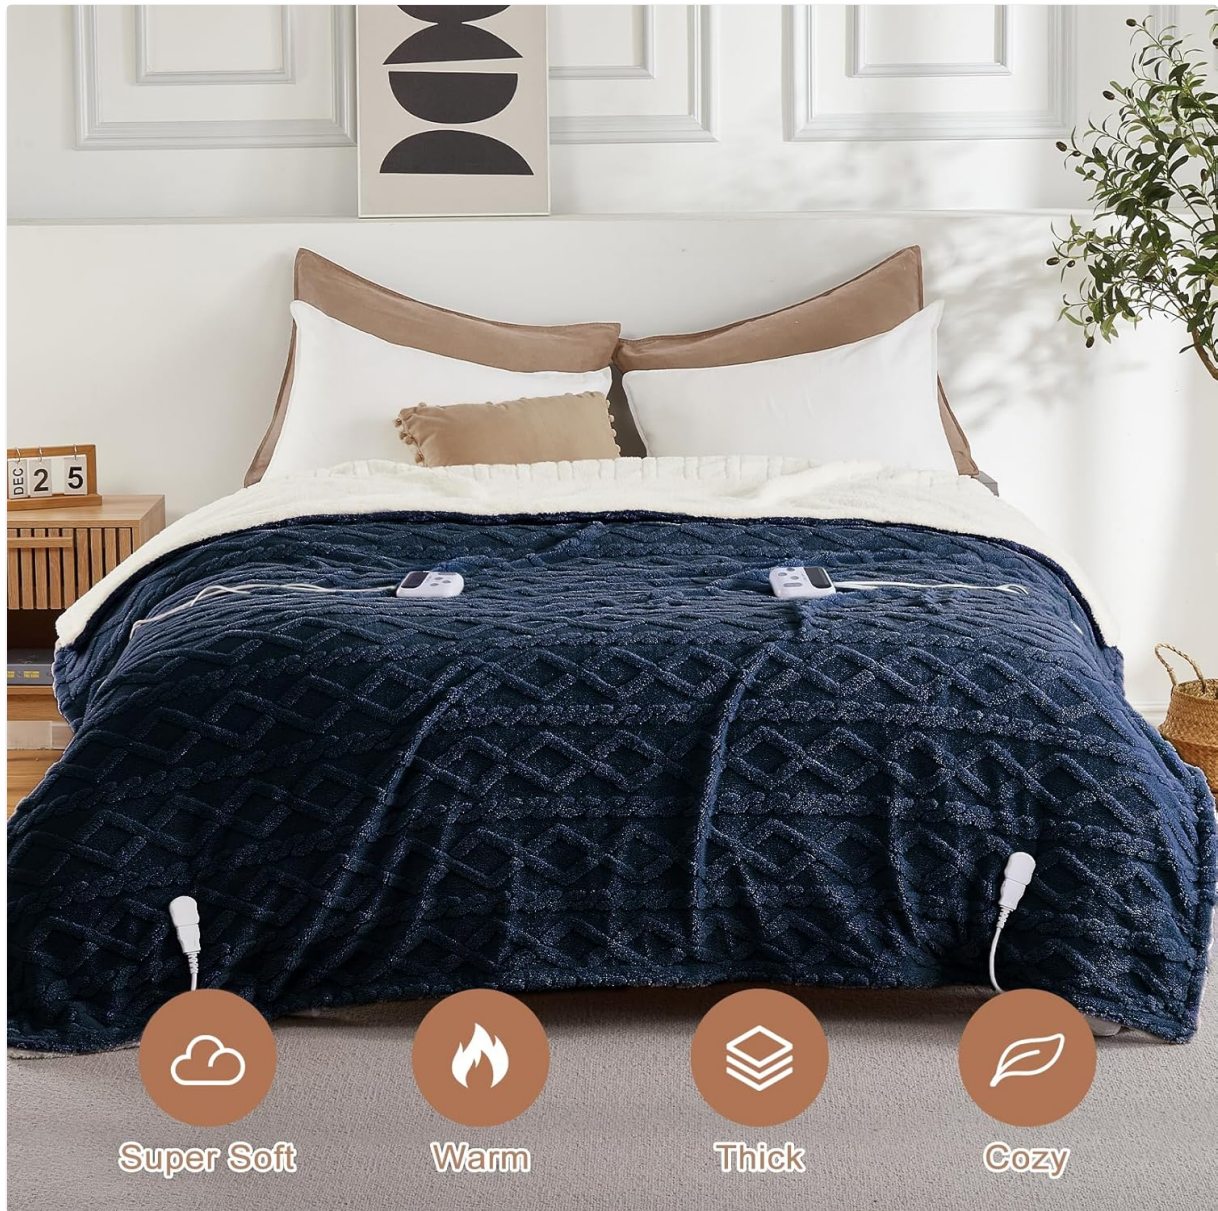

Figure 3: Proper placement of the electric blanket on a bed, showing the dual controllers.

4. OPERATING INSTRUCTIONS

Your CAROMIO Electric Blanket offers customizable warmth settings:

- **Power On/Off:** Press the Power button on the controller to turn the blanket on or off. The LCD display will illuminate when on.
- **Adjust Heat Levels:** Use the '+' and '-' buttons to select your desired heat level. There are 10 heat settings available, ranging from 88°F to a maximum of 122°F.
- **Set Timer:** Press the 'Time' button to activate the timer function. Use the '+' and '-' buttons to set the automatic shut-off time from 1 to 10 hours. If no timer is set, the blanket will automatically turn off after 8 hours.
- **Preheat Function:** Press the 'Pre-Heat' button to quickly warm the blanket before use. This function will bring the blanket to a comfortable temperature efficiently.
- **Dual Controls:** For Queen and King sizes, two independent controllers are provided. Each user can set their preferred heat and timer settings for their side of the bed.

5. MAINTENANCE

Keeping your electric blanket clean is simple:

1. **Disconnect Power:** Always unplug the power cords from the wall outlet and detach the controllers from the blanket before cleaning.
2. **Machine Wash:** Machine wash the blanket in cold water on a gentle cycle. Do not use bleach.

3. **Tumble Dry:** Tumble dry on a low-temperature setting. Avoid high heat to prevent damage to the heating elements.
4. **Reshape:** After washing and drying, gently stretch the blanket back to its original size for optimal performance.
5. **Do Not Iron:** Do not iron the electric blanket.

Figure 5: Instructions for machine washing the electric blanket after detaching the controller.

6. TROUBLESHOOTING

If you encounter issues with your electric blanket, consider the following:

- **Blanket Not Heating:** Ensure both the controller and power cords are securely connected to the blanket and the wall outlet. Check if the power outlet is functional.

- **Uneven Heating:** Verify that the blanket is spread flat on the bed and not folded or bunched, which can restrict heat distribution.
- **Automatic Shut-off:** Remember the blanket has an automatic shut-off feature (8 hours by default, or as set by the timer). If it turns off unexpectedly, check the timer setting.
- **Product Stops Working:** If the heated blanket stops working due to quality issues, please refer to the Warranty and Support section for assistance.

7. SPECIFICATIONS

Brand	CAROMIO
Model Name	OB23-003
Size	Queen 84"x90"
Product Dimensions	90"L x 84"W
Material	Sherpa, Polyester
