Shrinking:

Cotton garments can shrink if exposed to high heat during washing or drying. To minimize shrinking, always wash in cold water and tumble dry on low heat or air dry.

Fading of Print/Fabric:

To prevent fading, wash inside out and avoid harsh detergents or excessive exposure to direct sunlight during drying. Following the recommended washing instructions will help preserve the color and integrity of the print.

Damage to Foam Print:

The foam letter printing is durable but can be damaged by direct high heat (e.g., ironing directly on the print) or abrasive washing. Always wash inside out and avoid scrubbing the printed area.
