GILLAS 5 Tier Drink Organizer Instruction Manual

Model: A01

1. INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your GILLAS 5 Tier Drink Organizer. Please read these instructions carefully before use and retain for future reference.

2. SAFETY INFORMATION

Important Safety Precautions:

- Always follow the assembly instructions carefully.
- Do not expose the product to excessive moisture or liquids.
- Do not overload the shelves beyond their weight capacity (minimum 26.5 pounds per shelf).
- Ensure the organizer is placed on a stable, level surface to prevent tipping.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Metal frame components
- 5 wire shelves
- Detachable fences (optional installation)
- Assembly hardware (screws, wrench)
- Instruction manual

4. ASSEMBLY INSTRUCTIONS

The GILLAS 5 Tier Drink Organizer requires assembly. Detailed assembly instructions are included with your product. The estimated assembly time is approximately 15 minutes.

General Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Connect the main frame components using the provided hardware.
3. Install the 5 wire shelves into the frame. Ensure the lip on each shelf faces upwards to prevent items from rolling off.
4. Attach the detachable fences to the front of each shelf if desired. These fences help prevent items from falling. Without them, items are easily accessible.
5. Ensure all connections are tightened securely before placing items on the organizer.

5. OPERATING INSTRUCTIONS

Your GILLAS 5 Tier Drink Organizer is designed for efficient storage of various beverages and canned goods.

5.1 Loading Items

- Place water bottles, soda cans, or other beverages onto the shelves. The tilted design allows for easy gravity-fed dispensing.
- Each layer can hold up to 10 water bottles or 20 food cans, depending on their size.
- For optimal stability, distribute weight evenly across the shelves.

5.2 Accessing Items

- Items can be easily retrieved from the front of each shelf.
- If detachable fences are not installed, items can be accessed from the front without obstruction.

6. MAINTENANCE

- To clean the organizer, wipe surfaces with a damp cloth.
- Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- Regularly check all connections to ensure they remain tight and secure.

7. TROUBLESHOOTING

7.1 Organizer is unstable or wobbly:

- Ensure all screws and connections are tightened securely.
- Verify the organizer is placed on a flat, level surface.
- Check if weight is distributed evenly across all shelves.

7.2 Items roll off shelves:

- Ensure the detachable fences are correctly installed on the front of each shelf.
- Confirm that the shelf's retaining lip is facing upwards as intended for item retention.
