Sweiko Lit22968

Sweiko Solid Wood Bunk Bed 90x200 cm Instruction Manual

Model: Lit22968

1. Important Safety Warnings

Warning: This bed is suitable for children. Ensure the child does not climb the ladder unsupervised or climb over the guardrails. Verify that the bed is correctly assembled to prevent instability. Be aware of sharp edges and use the bed carefully.

- Always ensure all screws and fasteners are securely tightened.
- Regularly check the bed for any loose parts or damage.
- Do not allow children to play unsupervised on or around the bunk bed.
- The top bunk is not suitable for children under 6 years of age.
- Use only mattresses that comply with the recommended dimensions (200 x 90 cm) and a maximum thickness of 12 cm for the top bunk.

2. Product Overview and Dimensions

The Sweiko Solid Wood Bunk Bed is designed for children and teenagers, offering a space-saving solution with a robust pine wood construction. It features a top bunk with guardrails and a unique lower bed design with an openable gate, allowing for flexible use of the space below.

Figure 1: Product Dimensions. This diagram illustrates the overall dimensions of the bunk bed in centimeters. Key measurements include total height (150 cm), total length (204 cm), total width (100.5 cm), and the distance from the top bunk to the floor (118 cm). The recommended mattress size is 90x200 cm, with a maximum mattress thickness of 12 cm for the top bunk.

Figure 2: Sweiko Bunk Bed in a room setting. This image shows the assembled bunk bed, highlighting its white finish and the design of the lower bed with its surrounding guardrails and open space.

3. Setup and Assembly

The Sweiko Bunk Bed requires self-assembly. Detailed instructions and complete parts are included in the packaging to guide you through the process.

3.1. Before You Begin

- Unpack all components and verify against the parts list provided in your assembly manual.
- Ensure you have all necessary tools (typically a screwdriver and Allen key, often included).
- Assemble the bed on a soft, clean surface to prevent scratching.
- It is recommended that two adults assemble the bed for safety and ease.

3.2. Assembly Steps (General Guidance)

1. Begin by assembling the main frame components according to the provided diagrams.
2. Attach the guardrails to the top bunk securely.
3. Install the three-step rectangular ladder. Ensure it is firmly attached and stable.
4. Assemble the lower bed's surrounding fences and the gate mechanism.
5. Place the slatted frames for the top bunk. Note that the lower bed does not include a slatted frame, allowing for flexible use of the space.
6. Once assembled, double-check all connections and tighten any loose screws.

Figure 3: Key Features. This image highlights the lower bed with its openable gate, the three-step ladder, and the stable slatted frame for the upper bunk.

4. Operating Instructions

4.1. Using the Bunk Beds

- **Top Bunk:** Intended for sleeping. Always ensure the guardrails are in place. Only use the provided ladder for access.
- **Lower Bed Area:** This area is designed for versatile use. Without a slatted frame, it can serve as a play area,

storage space, or accommodate a child's table and chairs. The gate can be opened for easy access.

4.2. Weight Capacity

The bed has a maximum load capacity of 150 kg for each sleeping area. Do not exceed this weight limit to ensure safety and structural integrity.

Figure 4: Materials and Load Capacity. This image shows the pine wood construction, plywood slats, and environmentally friendly paint, along with an indication of the 150 kg load capacity for each bed.

5. Maintenance and Care

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Inspections:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten if necessary.
- **Wood Care:** As the bed is made of pine wood, avoid placing it in direct sunlight or near heat sources to prevent warping or cracking.

- **Mattress Care:** Follow the care instructions for your mattress. Rotate and flip mattresses regularly if recommended.

6. Troubleshooting

- **Instability/Wobbling:** If the bed feels unstable, check all assembly connections. Ensure all screws are fully tightened. If the issue persists, disassemble and reassemble carefully, following the instructions.
- **Squeaking Noises:** Squeaking can often be resolved by tightening all bolts and screws. Applying a small amount of lubricant (e.g., paraffin wax) to the joints where wood meets wood can also help.
- **Damaged Parts:** If any part is damaged during transport or assembly, do not attempt to use the bed. Contact customer support for replacement parts.

7. Specifications

Feature	Detail
Brand	Sweiko
Model Number	Lit22968
Color	White
Material	Pine Wood
Overall Dimensions (L x W x H)	204 x 100.5 x 150 cm
Total Weight	36 kg
Distance from top bed to floor	114.5 cm
Compatible Mattress Size	200 x 90 cm (Mattress not included)
Max. Mattress Thickness (Top Bunk)	12 cm
Load Capacity (per bed)	150 kg
Assembly Required	Yes (Self-install)
Number of Packages	2

8. Warranty and Support

8.1. Warranty Information

Specific warranty details are not provided in this manual. Please refer to your purchase documentation or contact the seller directly for information regarding product warranty.

8.2. Customer Support

If you encounter any problems with transport, quality, or require assistance with assembly, please contact the seller, Das Haus der Owens GmbH, through your purchase platform. They will assist you in resolving any issues as quickly as possible.
