2. SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use.

- **Weight Limit:** The maximum weight capacity for this desk is **70 kg**. Do not exceed this limit to prevent damage or

injury.

- **Stability:** Ensure the desk is stable and level on a flat surface before and during use, especially when adjusting height.
- **Clearance:** Keep the area around the desk clear of obstructions during height adjustments to prevent collisions.
- **Children and Pets:** Keep children and pets away from the desk during operation to avoid accidents.
- **Power Supply:** Use only the provided power adapter. Do not expose the control unit or motor to moisture.
- **Maintenance:** Do not attempt to disassemble or repair the motor or control unit yourself. Contact qualified service personnel if issues arise.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact JUMMICO customer support.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Desk Frame:** Follow the detailed instructions to connect the legs to the crossbar, ensuring all screws are tightened securely.

3. **Attach Tabletop:** Join the tabletop sections as instructed, then secure the assembled tabletop to the desk frame using the provided hardware. Pre-drilled holes simplify this process.
4. **Install Control Panel and Accessories:** Mount the control panel, cable management hub, and hooks in their designated positions.
5. **Connect Power:** Plug the power adapter into the control unit and then into a wall outlet.
6. **Initial Calibration:** Perform the initial calibration as described in the detailed manual to ensure proper height adjustment functionality.

6. MAINTENANCE

Proper care will ensure the longevity and optimal performance of your JUMMICO desk.

- **Cleaning:** Wipe the desk surface and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Cable Management:** Regularly check and organize cables using the integrated cable management system to prevent tangles and damage.
- **Inspection:** Periodically inspect all screws and connections to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your JUMMICO desk, refer to the following common solutions:

- **Desk Not Moving:**
 - Check if the power cable is securely connected to both the desk and the wall outlet.
 - Ensure the power outlet is functional.
 - Perform a reset/recalibration as described in the full manual (if applicable).
- **Uneven Movement:**
 - Ensure the desk is on a level surface.
 - Check for any obstructions under the desk.
 - Verify that the weight on the desk is evenly distributed and within the 70 kg limit.
- **Anti-Collision Activated Frequently:**
 - Ensure there are no objects in the path of the desk's movement.
 - Check if any cables are snagging.

If the problem persists, please contact JUMMICO customer support for assistance.
