

GIVI D7413ST

GIVI D7413ST Windscreen Instruction Manual

Model: D7413ST | Brand: GIVI

1. INTRODUCTION

This manual provides detailed instructions for the proper installation, use, and maintenance of the GIVI D7413ST Windscreen. This windscreen is specifically designed for Ducati Multistrada V4 and V4 S motorcycle models from 2021 to 2022. Please read these instructions carefully before proceeding with installation to ensure safety and optimal performance.

2. SAFETY INFORMATION

- Always wear appropriate personal protective equipment during installation.
- Ensure the motorcycle is stable and securely supported before beginning any work.
- Do not overtighten fasteners, as this can damage components. Refer to your motorcycle's service manual for specific torque values if available.
- If you are unsure about any step, consult a qualified motorcycle mechanic.
- Regularly check all mounting bolts for tightness, especially after the first few rides.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before starting installation.

- 1 x GIVI D7413ST Windscreen (Clear)
- 1 x Mounting Kit (Specific to Ducati Multistrada V4 / V4 S 2021-2022)
- Instruction Sheet (This manual)

4. INSTALLATION INSTRUCTIONS

The GIVI D7413ST windscreen is designed to mount directly onto the original windscreen fixing points of your Ducati Multistrada V4 / V4 S.

4.1 Tools Required

- Hex key set (Allen wrenches)
- Torque wrench (recommended)
- Soft cloth

4.2 Step-by-Step Installation

1. **Prepare the Motorcycle:** Park the motorcycle on a level surface and ensure it is stable. Turn off the engine and remove the ignition key.
2. **Remove Original Windscreen:** Carefully locate and remove the bolts securing the original windscreen to the motorcycle. Keep these bolts and any spacers or washers organized, as some may be reused.
3. **Attach Mounting Brackets (if applicable):** If your GIVI D7413ST kit includes separate mounting brackets, attach them to the motorcycle's original fixing points using the provided hardware or reused original hardware as specified in the kit's diagram. Do not fully tighten yet.
4. **Position the GIVI Windscreen:** Align the GIVI D7413ST windscreen with the mounting points on the motorcycle or the newly installed brackets.
5. **Secure the Windscreen:** Insert the new bolts (or reused original bolts, if instructed) through the windscreen and into the mounting points. Hand-tighten all bolts first to ensure proper alignment.
6. **Final Tightening:** Once all bolts are in place and the windscreen is correctly aligned, progressively tighten all bolts. Refer to your motorcycle's service manual for recommended torque specifications for windscreen mounting bolts. If no specific torque is available, tighten securely but do not overtighten.
7. **Inspect Installation:** Gently push and pull on the windscreen to ensure it is securely mounted and does not wobble. Check for any obstructions or contact with other motorcycle components.

Image 4.2: Close-up view of a windscreen mounting point, illustrating the hardware and attachment mechanism.

5. OPERATION AND CARE

Once installed, the GIVI D7413ST windscreen requires minimal "operation" but proper care ensures its longevity and clarity.

- **Visibility:** Ensure your riding visibility is not impaired by the windscreen. Adjust your seating position if necessary.
- **Cleaning:** Clean the windscreen regularly with a soft cloth and mild soap and water. Avoid abrasive cleaners, solvents, or harsh chemicals, as these can damage the material.
- **Scratch Prevention:** Do not wipe the windscreen when dry, as dust and dirt can cause scratches. Always rinse with water first.

6. MAINTENANCE

- **Regular Inspection:** Periodically inspect the windscreen for cracks, chips, or excessive wear.
- **Fastener Check:** Check all mounting bolts for tightness before each ride, especially after riding on rough terrain. Retighten if necessary.
- **Replacement:** If the windscreen becomes severely damaged or visibility is compromised, replace it with a genuine GIVI D7413ST replacement part.

7. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-------------------------------------|--|--|
| Windscreen vibrates excessively | Loose mounting bolts. | Check and tighten all mounting bolts. |
| Reduced visibility due to scratches | Improper cleaning methods or impact. | Clean using recommended methods. If scratches are severe, consider replacement. |
| Windscreen does not fit correctly | Incorrect model for motorcycle or improper installation. | Verify the D7413ST is compatible with your specific Ducati Multistrada V4/V4 S model year. Re-read installation steps carefully. |

8. SPECIFICATIONS

| | |
|---------------------------|---|
| Model: | D7413ST |
| Brand: | GIVI |
| Compatibility: | Ducati Multistrada V4 / V4 S (2021-2022) |
| Color: | Clear (Incolore) |
| Mounting: | Directly on original windscreen fixing points |
| Country of Origin: | Italy |

9. WARRANTY AND SUPPORT

The GIVI D7413ST Windscreen comes with a **2-year warranty** from the date of purchase. This warranty covers manufacturing defects and material flaws under normal use.

For warranty claims, technical support, or replacement parts, please contact your authorized GIVI dealer or the point of purchase. Keep your proof of purchase for warranty validation.
