Amazfit GTR Mini

Amazfit GTR Mini Smart Watch User Manual

Model: GTR Mini

1. INTRODUCTION

Welcome to the Amazfit GTR Mini Smart Watch user manual. This guide provides essential information for setting up, operating, and maintaining your device. The Amazfit GTR Mini is designed to enhance your daily life with advanced health and fitness tracking capabilities, long battery life, and a sleek design.

2. SETUP

2.1 Charging the Device

Before initial use, fully charge your Amazfit GTR Mini. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. The watch display will indicate charging status.

2.2 Pairing with Your Smartphone

1. Download the Zepp App from the App Store (iOS) or Google Play Store (Android).
2. Open the Zepp App and create an account or log in.
3. Tap the '+' icon in the app to add a new device and select 'Watch' > 'Watch with QR code'.
4. Scan the QR code displayed on your Amazfit GTR Mini screen using your phone's camera.
5. Follow the on-screen prompts on both your watch and phone to complete the pairing process.

3. OPERATING INSTRUCTIONS

3.1 Battery Life

The Amazfit GTR Mini features an ultra-long battery life, providing up to 14 days of typical usage and extending to 20 days in battery saver mode. This ensures continuous tracking of your daily activities without frequent charging.

3.4 Phone Features

Stay connected with notification support that keeps you informed of important updates and messages right on your wrist. The watch supports eSIM and Bluetooth connectivity for seamless integration with your digital lifestyle. Note: The Amazfit GTR Mini does not support Bluetooth phone calls directly, but it can send Phone Call Notifications. Quick Reply SMS feature is only supported by Android devices with Zepp App version 6.10.0 or higher.

3.5 Design & Display

The Amazfit GTR Mini features a vibrant 1.28-inch HD AMOLED display with 326 PPI high resolution. Its super slim 9.25mm thickness and lightweight 24.6g construction, crafted with premium stainless steel, ensure comfortable all-day wear. The skin-friendly silicone strap adds to its comfort.

4. MAINTENANCE

- **Cleaning:** Regularly clean your watch and strap with a soft, damp cloth. Avoid harsh chemicals.
- **Water Resistance:** The watch has a 5 ATM water resistance rating, suitable for swimming and showering. Avoid hot water, saunas, or high-velocity water activities.
- **Storage:** Store the watch in a cool, dry place when not in use.

5. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. If it still doesn't turn on, try restarting it by pressing and holding the side button.
- **Pairing issues:** Ensure Bluetooth is enabled on your phone and the watch is within range. Try restarting both devices and the Zepp App.
- **Inaccurate data:** Ensure the watch is worn snugly on your wrist. For GPS, ensure you are in an open area with a clear view of the sky.

- **Notifications not working:** Check app permissions on your phone and ensure notifications are enabled for the Zepp App and specific applications.
