## 3. SETUP

---

### 3.1. Charging the Headphones

Before first use, fully charge your RTUSIA headphones. The headphones use a USB-C charging port for convenience.

1. Locate the USB-C charging port on the earphone.
2. Connect the provided USB-C cable to the charging port.
3. Plug the other end of the USB-C cable into a compatible USB power source (e.g., computer USB port, wall adapter).
4. The indicator light will show charging status (refer to LED indicator section for details). Once fully charged, the light will change or turn off.

### 3.2. Bluetooth Pairing

To connect your headphones to a device, follow these steps:

1. Ensure the headphones are turned off.
2. Press and hold the multi-function button (usually the center button) on the right earphone until the LED indicator light flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "RTUSIA RM" (or similar name) from the list of found devices.
5. Once connected, the LED indicator light on the headphones will typically turn solid blue or flash blue slowly.

*Note: The headphones will automatically attempt to reconnect to the last paired device when powered on.*

### 3.3. Wearing the Headphones

The RTUSIA headphones are designed to wrap around the back of your head, with the ear cups resting comfortably over your ears.

1. Gently unfold the headphones.
2. Place the ear hooks over your ears, ensuring the ear cups sit comfortably over your outer ear.
3. Adjust the band behind your head for a secure and comfortable fit. The flexible design allows for a snug fit without excessive pressure.

## 4. OPERATING INSTRUCTIONS

---

The RTUSIA headphones feature intuitive controls located on the right earphone.

### 4.1. Power On/Off

- **Power On:** Press and hold the multi-function button for approximately 3 seconds until you hear a power-on prompt and the LED indicator lights up.
- **Power Off:** Press and hold the multi-function button for approximately 5 seconds until you hear a power-off prompt and the LED indicator turns off.

### 4.2. Music Playback

- **Play/Pause:** Press the multi-function button once.
- **Next Track:** Press the 'Next' button (usually marked with >> or +).
- **Previous Track:** Press the 'Previous' button (usually marked with << or -).
- **Volume Up:** Press the 'Volume Up' button.
- **Volume Down:** Press the 'Volume Down' button.

### 4.3. Call Management

- **Answer/End Call:** Press the multi-function button once during an incoming call.
- **Reject Call:** Press and hold the multi-function button for approximately 2 seconds during an incoming call.
- **Redial Last Number:** Double-press the multi-function button when not on a call.
- **Activate Voice Assistant:** Triple-press the multi-function button (if supported by your device).

## 5. MAINTENANCE

---

### 5.1. Cleaning

To ensure longevity and hygiene, clean your headphones regularly:

- Wipe the ear cups and band with a soft, dry, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Do not submerge the headphones in water. While sweat-proof, they are not designed for submersion.

### 5.2. Storage

When not in use, store your headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.

### 5.3. Battery Care

To maximize battery life:

- Avoid fully discharging the battery frequently.
- Charge the headphones regularly, even if not used for extended periods.
- Do not expose the headphones to temperatures below 0°C (32°F) or above 45°C (113°F).

## 6. TROUBLESHOOTING

---

If you encounter issues with your RTUSIA headphones, refer to the following common solutions:

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Headphones won't turn on	Ensure the battery is charged. Connect to a power source and try again.
Cannot pair with device	Make sure headphones are in pairing mode (flashing blue/red). Turn off and on Bluetooth on your device. Move headphones closer to the device. Clear previous Bluetooth connections on your device.
No sound or low volume	Check headphone and device volume levels. Ensure headphones are properly connected to the device. Try playing different audio.
Sound cutting in/out	Move closer to your device (within 10 meters). Avoid obstacles between headphones and device. Check for interference from other wireless devices.
Microphone not working	Ensure headphones are selected as the audio input device on your connected device. Check for any mute settings on your device.
