WEEWAY Queen Upholstered Platform Bed Frame Instruction Manual

Model: WW-42515-8

1. INTRODUCTION

Thank you for choosing the WEEWAY Queen Upholstered Platform Bed Frame. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in serious injury or property damage.

- Keep all children and pets away during assembly. Small parts are choking hazards.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand on the bed frame or use it as a ladder.
- Do not exceed the maximum weight capacity of 800 pounds.
- Use only on a flat, level surface.
- Avoid using power tools for assembly as they may overtighten and damage components.

3. PACKAGE CONTENTS

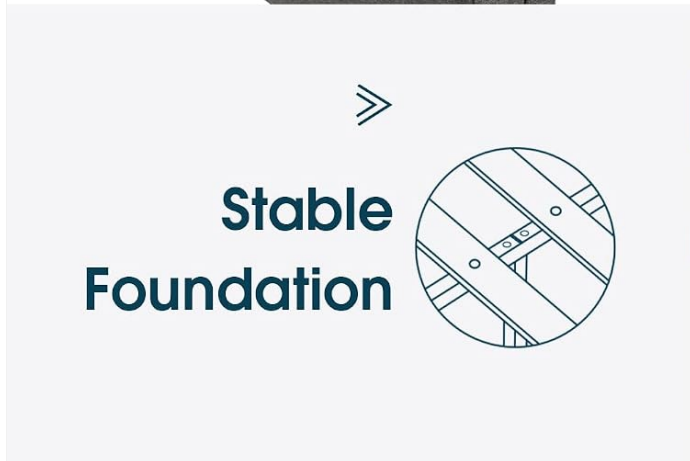

Before assembly, verify that all parts listed below are present. If any parts are missing or damaged, please contact customer support.

- Headboard (Upholstered)
- Side Rails (Upholstered)
- Footboard (Upholstered)
- Wooden Slats with Velcro
- Center Support Beam(s)
- Support Legs

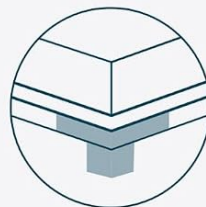

- Hardware Pack (bolts, washers, nuts, Allen wrench)

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for easier and safer assembly. No special tools are required beyond the included Allen wrench.

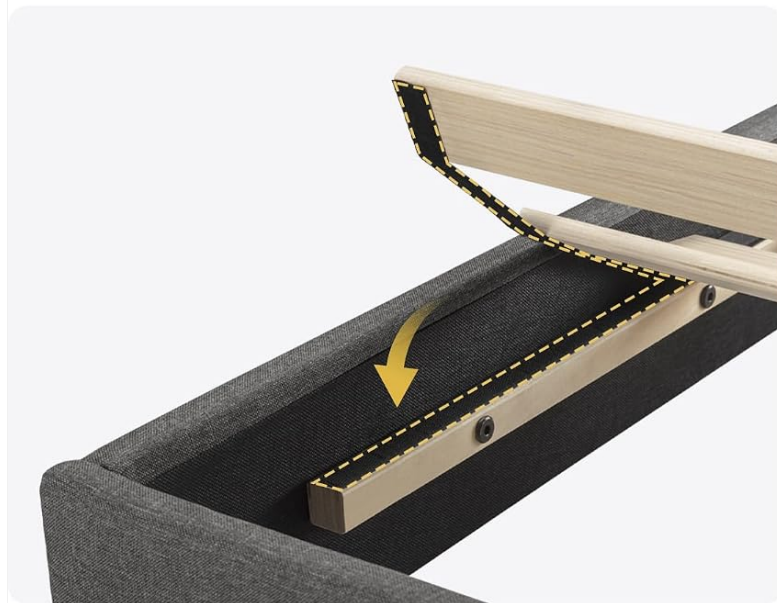

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Refer to the parts list and diagrams to identify each piece.
2. **Attach Side Rails to Headboard:** Connect the upholstered side rails to the headboard using the provided bolts and Allen wrench. Ensure the connections are firm but do not fully tighten yet.
3. **Attach Footboard:** Connect the footboard to the other end of the side rails. Align all holes and insert bolts. Once all four corners are connected, fully tighten all bolts.
4. **Install Center Support Beam(s) and Legs:** Attach the center support beam(s) to the designated points on the bed

frame. Screw in the support legs to the center beam(s) and the footboard/headboard as indicated in the diagram. Ensure all legs are stable and touching the floor.

5. **Place Wooden Slats:** Unroll the wooden slats across the bed frame. The slats are designed with Velcro for quick and secure installation. Press firmly to ensure the Velcro adheres properly to the side rails.
6. **Adjust Headboard Height:** The headboard features 3 adjustable height settings. Select the desired height by aligning the headboard with the appropriate bolt holes on the frame. Secure with bolts.

Sturdy Slats

Widened wooden slats provide strong support.

Velcro Design

Make it easier to install and secure the slats.

Embedded Design
No Slipping

Non-embedded Design
Easy to Move

5. FEATURES AND OPERATION

- **Adjustable Headboard:** The headboard can be adjusted to three different heights to accommodate various mattress thicknesses and personal preferences. This allows for a customized look and comfortable support.
- **No Box Spring Needed:** The sturdy wooden slats provide ample support for your mattress, eliminating the need for a box spring. This design is compatible with memory foam and other mattress types.
- **Heavy-Duty Construction:** Featuring solid wood slats and extra-thick support legs, the frame offers a stable and durable foundation, designed to minimize wobbling and noise.
- **Upholstered Design:** The bed frame is upholstered in a comfortable and elegant linen fabric, adding a modern touch to any bedroom decor.

❖ **Comfortable Upholstery**

❖ **Skin-Friendly Linen Fabric**

6. MAINTENANCE AND CARE

To maintain the appearance and longevity of your WEEWAY bed frame, follow these care instructions:

- **Cleaning Upholstery:** For general cleaning, gently vacuum the linen fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For tougher stains, use a mild fabric cleaner specifically designed for upholstery, testing on an inconspicuous area first.
- **Frame Care:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals on any part of the bed frame, as these can damage the finish or fabric.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading of the upholstery fabric.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

- **Bed Frame is Wobbly:**
Solution: Check all bolts and screws, especially those connecting the side rails to the headboard and footboard, and the support legs. Tighten any loose connections. Ensure the bed frame is on a level surface.
- **Squeaking Noises:**
Solution: Squeaking often results from loose connections. Re-tighten all hardware. Ensure the wooden slats are properly seated and the Velcro is securely attached. If the noise persists, check if the mattress is causing the sound.
- **Headboard Not Adjusting:**
Solution: Ensure the bolts for the headboard adjustment are loosened sufficiently before attempting to change the height. Re-align the headboard with the desired height holes and re-tighten the bolts.
- **Mattress Slipping:**
Solution: The bed frame is designed with an embedded mattress area to prevent slipping. Ensure your mattress is correctly positioned within the frame.

If these solutions do not resolve the issue, please contact WEEWAY customer support.

8. SPECIFICATIONS

Feature	Detail
Size	Queen
Material	Linen Fabric, Wood
Product Dimensions (L x W x H)	82.1" x 61.8" x 32.3"-36.3"
Weight Capacity	800 lbs
Item Weight	61.3 Pounds
Ground to Item Distance	3.1 Inches
Color	Dark Grey
Model Number	WW-42515-8
Required Assembly	Yes
