SHA CERLIN Queen Upholstered Platform Bed Frame Instruction Manual

Model: AK-LE6017

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your SHA CERLIN Queen Upholstered Platform Bed Frame. Please read this manual thoroughly before beginning assembly or use to ensure proper setup and to maximize the lifespan of your product.

Image 1.1: Fully assembled SHA CERLIN Queen Upholstered Platform Bed Frame with adjustable headboard, shown in blue velvet fabric.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Ensure the total weight on the bed does not exceed 800 pounds.
- Check all parts and tools for damage before assembly. Do not use damaged components.
- Follow the provided instructions carefully to prevent instability or collapse.
- Keep fingers and hands away from moving parts during assembly to avoid pinching or injury.
- Assemble the bed frame on a soft, clean surface (e.g., carpet) to prevent scratching.
- Periodically check and retighten all connections to ensure stability.

3. PACKAGE CONTENTS

All parts, tools, and instructions are efficiently packed into one box. Please verify that all components listed below are present before beginning assembly.

Image 3.1: Exploded view showing all components of the bed frame, including headboard, side rails, footboard, support legs, and wooden slats.

Included Components:

- Headboard (Upholstered)
- Footboard (Upholstered)
- Side Rails (Upholstered)
- Center Support Beam
- Support Legs
- Wooden Slats with Velcro strips
- Hardware Pack (bolts, washers, Allen wrench)
- Assembly Instructions

Note: Mattress is not included.

4. ASSEMBLY INSTRUCTIONS (SETUP)

Assembly typically requires two people and can be completed within one hour. Follow the steps below carefully.

Step 1: Attach Side Rails to Headboard and Footboard

Connect the upholstered side rails to the headboard and footboard using the provided bolts and Allen wrench. Ensure all connections are secure but do not fully tighten until all major components are aligned.

ADJUSTABLE HEADBOARD

Fit different Mattress Thickness 8"-14"

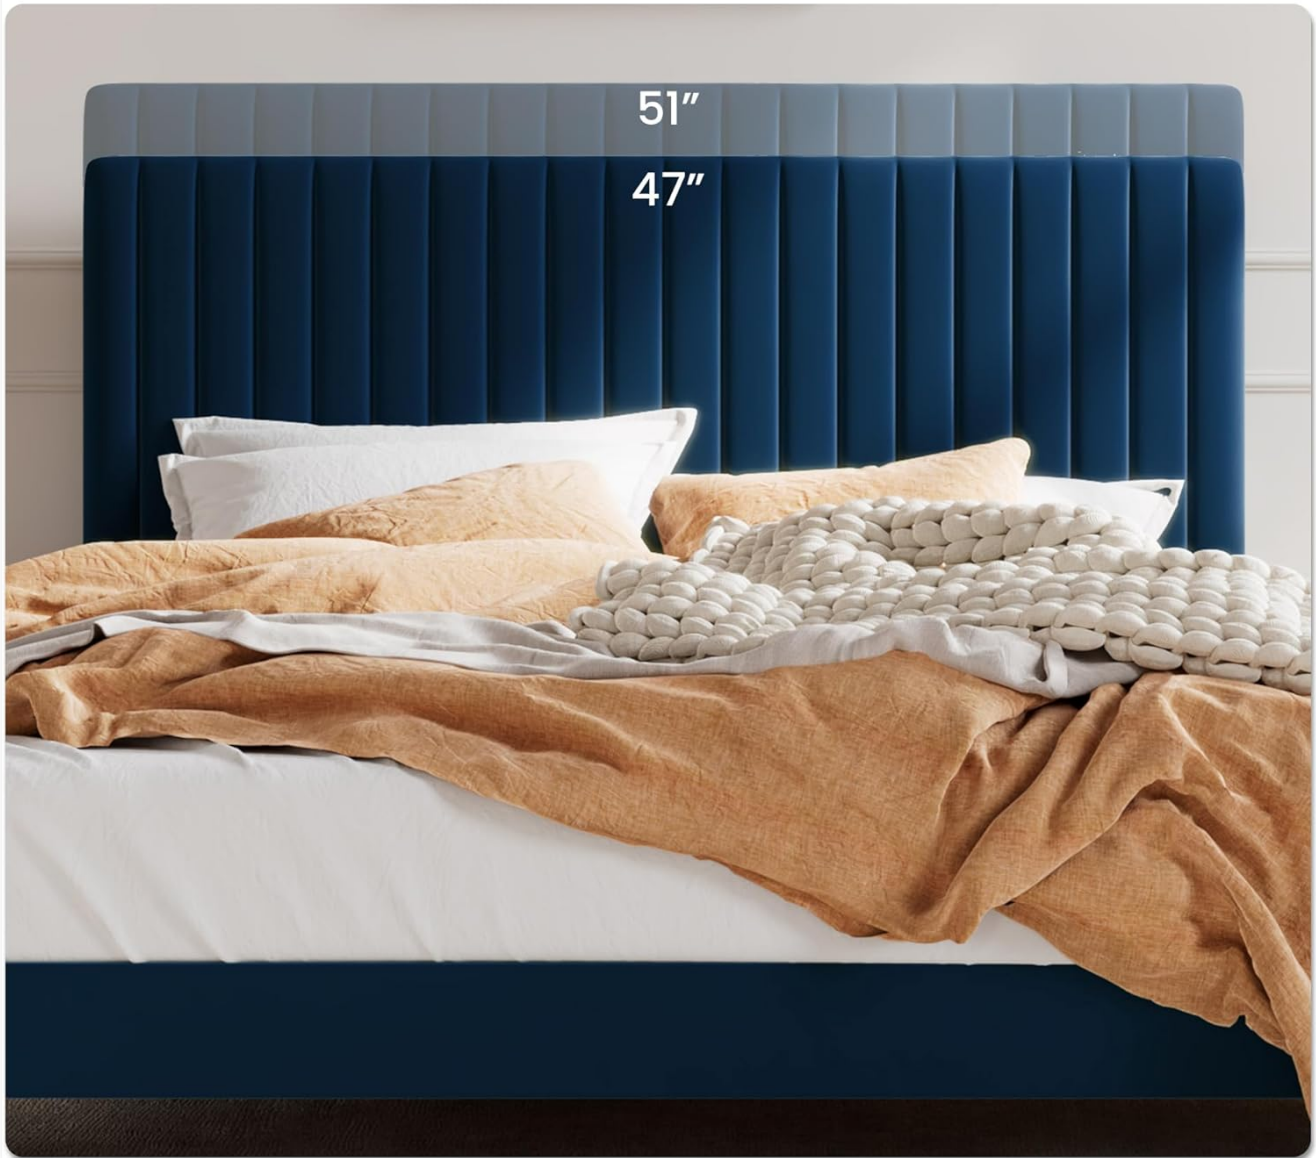

Image 4.1: Illustration of attaching a side rail to the headboard or footboard using hardware.

Step 2: Install Center Support Beam and Legs

Attach the center support beam to the designated points on the headboard and footboard. Then, screw in the support legs to the center beam and the corners of the bed frame. These legs provide crucial stability.

Step 3: Place Wooden Slats

Unroll the wooden slats across the bed frame. The slats feature Velcro strips on the underside for easy installation and to prevent movement and noise. Align the Velcro on the slats with the corresponding Velcro on the bed frame

rails. Press firmly to secure.

Image 4.2: Detail showing the wooden slats with integrated Velcro strips for secure and noiseless attachment to the bed frame.

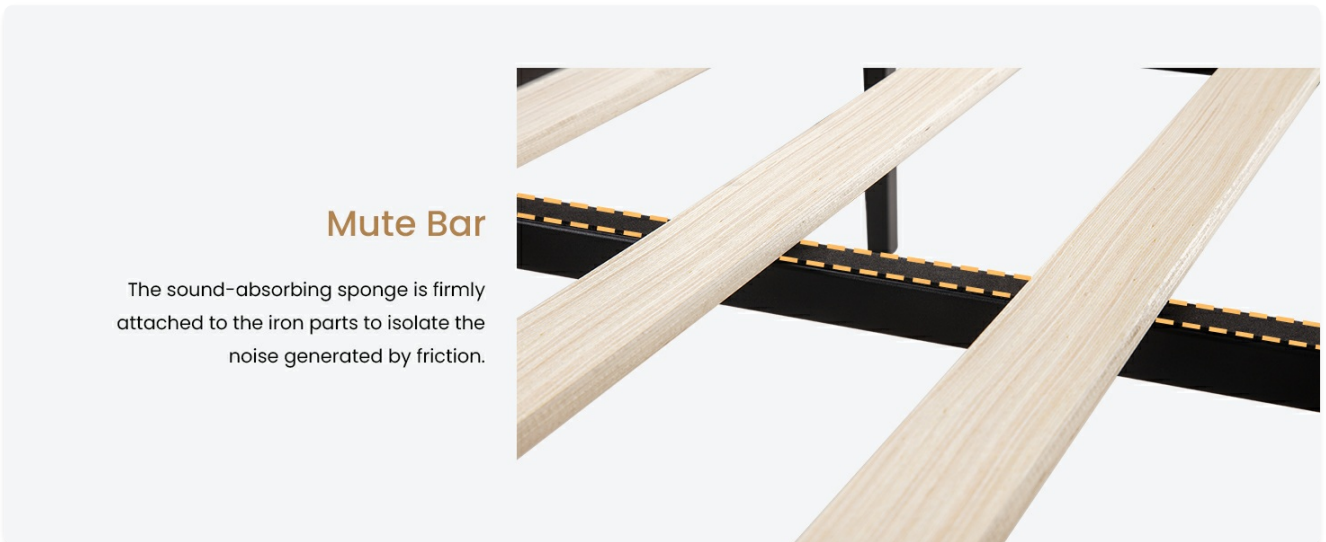

Image 4.3: Detail illustrating the sound-absorbing sponge pad on the iron parts to minimize friction noise.

Step 4: Final Tightening

Once all components are in place and aligned, fully tighten all bolts. Do not overtighten.

5. USAGE GUIDELINES (OPERATING)

Mattress Compatibility

This platform bed frame is designed to support mattresses between 8 and 14 inches thick. A box spring is optional but not required due to the robust slat support system.

Adjustable Headboard

The headboard offers two adjustable height settings: 47 inches or 51 inches. This allows for customization based on your mattress thickness and aesthetic preference. The gap between the slats and the headboard ranges from 9.8 inches to 13.8 inches.

NOISELESS PREFERRED

Sponge Pad & Velcro

Let you enjoy a comfortable
sleep time.

Image 5.1: Diagram showing the two adjustable height options for the headboard (47" and 51").

Under-Bed Storage

The bed frame provides approximately 7.9 inches of clearance underneath, offering convenient space for storage containers or a sweeping machine.

SKIN FRIENDLY

BOUNCY

SHINY

6. CARE AND MAINTENANCE

Fabric Care

The bed frame is upholstered in high-quality velvet fabric. For general cleaning, gently vacuum with an upholstery attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the fabric.

Preferred Velvet

Made of high-quality velvet material, it is skin friendly and has a delicate touch! Keep your bedroom away from mediocrity.

Image 6.1: Close-up view of the velvet fabric, highlighting its texture and quality.

Frame Maintenance

- Periodically inspect all bolts and connections. Tighten any loose hardware to maintain structural integrity and prevent squeaks.
- Ensure the bed frame is placed on a level surface to prevent uneven stress on the frame.
- The bed feet are equipped with sponge mats to protect your floor. Ensure these remain intact.

Sponge Mats

A sponge pad is attached to the bottom of the bed foot to increase friction and prevent the bed frame from moving while protecting the floor.

Image 6.2: Detail of a bed leg with an attached sponge mat designed to increase friction and protect flooring.

7. TROUBLESHOOTING

Squeaking Noises

- **Cause:** Loose connections or shifting slats.
- **Solution:** Re-tighten all bolts on the frame. Ensure the Velcro strips on the wooden slats are firmly attached to the bed frame rails. The design incorporates Velcro and sponge pads to minimize noise; verify these are correctly positioned.

Instability/Wobbling

- **Cause:** Uneven assembly or loose hardware.

- **Solution:** Check that all bolts are securely tightened. Ensure the bed frame is on a flat, level surface. If the issue persists, disassemble and reassemble, paying close attention to each step.

8. PRODUCT SPECIFICATIONS

PRODUCT INFORMATION

Image 8.1: Diagram illustrating the key dimensions and material information for the Queen size bed frame.

Feature	Detail
Brand	SHA CERLIN
Model Number	AK-LE6017
Size	Queen
Color	Blue
Product Dimensions (L x W x H)	83.3" x 62.4" x 47"/51" (Adjustable Headboard)

Material	Velvet Fabric, Iron, Wood
Weight Capacity	800 lbs.
Item Weight	67.9 pounds
Ground to Item Distance	7.9 Inches (Under-bed clearance)
Compatible Mattress Thickness	8"-14" recommended
Box Spring Needed	Optional
Assembly Required	Yes
