

YOLEO 4FT Artificial Olive Tree

YOLEO 4FT Artificial Olive Tree User Manual

Model: 4FT Artificial Olive Tree

INTRODUCTION

Thank you for choosing the YOLEO 4FT Artificial Olive Tree. This manual provides essential information for the proper setup, care, and maintenance of your new decorative plant. Designed to bring a touch of nature to your indoor spaces, this artificial olive tree offers a lifelike appearance without the need for watering or pruning.

SETUP INSTRUCTIONS

Follow these steps to prepare your artificial olive tree for display:

- Unpack Carefully:** Gently remove the artificial olive tree from its packaging. Be mindful of the branches and leaves to avoid damage.
- Fluff and Reshape:** After unpacking, the branches and leaves may be compressed. Gently fluff out the leaves and reshape the branches to achieve your desired look. The trunk and leaves contain soft metal wire, allowing for flexible adjustment without breaking.
- Ensure Stability:** The tree comes with a solid cement base for stability. If desired, you can place the tree into a decorative planter. The base is designed to mimic real dirt on its surface.

Image: Dimensions of the YOLEO 4FT Artificial Olive Tree. The tree stands 120cm tall. The pot has a diameter of 13cm and a height of 13cm.

USAGE GUIDELINES

This artificial olive tree is intended for indoor decorative use. Its versatile design allows it to complement various interior styles.

- **Placement:** Ideal for living rooms, bedrooms, balconies, corners, offices, restaurants, commercial areas, or building lobbies.
- **Decorative Accent:** Use it as a standalone piece or integrate it with other decor elements to enhance your space.

MAINTENANCE

Maintaining your artificial olive tree is simple and requires minimal effort:

- **Cleaning:** If the leaves accumulate dust, gently wipe them with a damp cloth or a duster.
- **No Watering or Pruning:** This artificial plant does not require water, sunlight, or pruning, making it a low-maintenance decorative item.

LIFELIKE OLIVE LEAVES

Imitate the appearance of real-life plants

TROUBLESHOOTING

Should you encounter any minor issues, refer to the following common solutions:

- **Tree appears sparse:** Gently adjust and spread the branches and leaves to achieve a fuller appearance. The internal wire structure allows for easy reshaping.
- **Dust accumulation:** Wipe the leaves with a soft, damp cloth to remove any dust.
- **Stability concerns:** The tree is designed with a solid cement base for stability. Ensure it is placed on a flat, even surface.
