OPERATION

Using the Zopsc mouse case is straightforward. Follow these instructions to properly store and transport your mouse:

1. **Place the Mouse:** Carefully place your compatible mouse into the open case. Ensure the mouse fits snugly within the molded interior, aligning the scroll wheel with the designated recessed port for optimal shock protection.
2. **Close the Case:** Hold both halves of the case together and gently pull the zipper around the perimeter until the case is fully closed. Ensure the zipper is completely sealed to prevent dust or debris from entering.
3. **Carry the Case:** Utilize the integrated hand strap for easy carrying. The compact design allows it to fit into bags, backpacks, or laptop cases.

MAINTENANCE

To keep your Zopsc mouse case in excellent condition, follow these maintenance guidelines:

- **Cleaning the Exterior:** Wipe the exterior surface with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Allow to air dry completely.
- **Cleaning the Interior:** Use a soft, dry brush or a lint roller to remove dust and small debris from the interior lining. Avoid using harsh chemicals or abrasive materials that could damage the fabric.
- **Zipper Care:** Periodically check the zipper for any obstructions. If the zipper becomes stiff, a small amount of zipper lubricant can be applied.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

TROUBLESHOOTING

If you encounter any issues with your Zopsc mouse case, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Zipper is stiff or stuck.	Dirt, debris, or lack of lubrication.	Clean the zipper teeth with a small brush. Apply a small amount of zipper lubricant (e.g., wax or silicone spray) to the teeth.
Mouse does not fit properly.	Incorrect mouse model or improper placement.	Ensure your mouse is a compatible model (e.g., Hyperspeed Lightweight Gaming Mouse). Adjust the mouse position to align with the interior molding.
Case appears dirty or stained.	Accumulated dirt or spills.	Refer to the "Maintenance" section for cleaning instructions.
