cumilo 52-inch Smart Ceiling Fan with Lights and Remote Control User Manual

Model: 7b5f1867-64eb-4013-83a0-0a99fac0e762

1. Introduction

Thank you for choosing the cumilo 52-inch Smart Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read it thoroughly before installation and keep it for future reference.

Image 1: The cumilo 52-inch Smart Ceiling Fan, featuring a sleek black design with integrated LED lighting.

2. Safety Information

- **Read all instructions:** Before beginning installation, read all instructions and safety information.
- **Electrical Safety:** All electrical wiring must be performed by a qualified electrician and conform to all local and national electrical codes. Disconnect power at the main circuit breaker before installation or servicing.
- **Mounting:** Ensure the mounting structure can support the weight of the fan (7.64 kg) and its rotational forces.
- **Blade Clearance:** Maintain a minimum clearance of 7 feet (2.1 meters) from the floor to the fan blades. Ensure blades are clear of any obstructions.
- **Damp-Rated:** This fan is damp-rated, suitable for indoor and covered outdoor locations. Do not expose to direct water spray.
- **Light Source:** The integrated LED light source is non-removable. Do not attempt to replace it.

3. Setup and Installation

Proper installation is crucial for the safe and efficient operation of your ceiling fan. Refer to the detailed installation guide included in your product packaging for step-by-step instructions.

3.1 Downrod and Mounting Options

The fan supports various mounting configurations to suit your ceiling type. It includes options for both flat and vaulted ceilings (up to 25 degrees). Downrod lengths of 4 inches and 10 inches are typically provided, allowing for adjustable fan height.

Image 2: Illustration of downrod lengths (4" and 10") and mounting options for flat and vaulted ceilings, along with damp-rated suitability.

3.2 Wiring

Connect the fan's wiring to your household electrical system according to the provided wiring diagram. Ensure all connections are secure and insulated. It is recommended to have this step performed by a certified electrician.

4. Operating Instructions

Your cumilo smart ceiling fan can be controlled via the included remote control, a smart app, or voice commands.

4.1 Remote Control

The remote control allows for convenient adjustment of fan speed, light settings, and fan direction.

Image 3: Overview of control methods including the physical remote control, smart app interface, and voice control with Alexa and Google Assistant.

- **Power On/Off:** Press the power button to turn the fan and light on or off.
- **Fan Speed:** Use the speed buttons to cycle through 6 available fan speeds.
- **Fan Direction (Reversible):** The fan features a reversible DC motor, allowing for downdraft mode in summer to create a cooling effect and updraft mode in winter to circulate warm air. Refer to the remote for the specific button to change direction.
- **Light Control:** Turn the light on/off, adjust brightness (dimmable), and change color temperature.

- **Timer:** Set a timer for the fan to automatically turn off after a specified duration (0-8 hours).

4.2 Fan Speed Settings

The fan offers 6 distinct speed settings to suit your comfort needs:

- **Speeds 1-2:** Gentle airflow, ideal for sleeping or minimal air circulation.
- **Speeds 3-4:** Natural wind effect, suitable for everyday comfort.
- **Speeds 5-6:** Strong wind, for maximum cooling or air movement.

Image 4: Visual representation of the 6-speed settings and the reversible airflow function for summer (downdraft) and winter (updraft) use.

4.3 Dimmable and Color-Changing LED Light

The integrated LED light provides versatile illumination options:

- **Brightness Adjustment:** Dim the light from 0% to 100% to create the desired ambiance.

- **Color Temperature:** Switch between 3000K (Yellow Light), 4000K (Day Light), and 5000K (White Light) to match your preference or activity.

Image 5: Demonstrates the dimmable feature and the three color temperature options: 3000K Yellow Light, 4000K Day Light, and 5000K White Light.

4.4 Quiet Operation and Timer Function

The fan is designed for quiet operation, typically below 25dB, making it suitable for bedrooms and quiet environments. The timer function allows you to set the fan to turn off automatically after 0 to 8 hours.

Image 6: Illustrates the quiet operation of the fan (below 25dB) compared to normal fan noise, and highlights the 0-8 hour timer function.

5. Smart Features (WIFI, App, Voice Control)

This smart ceiling fan integrates with your home's Wi-Fi network, enabling control through a dedicated mobile application and voice assistants.

5.1 Mobile App Control

Download the official cumilo smart home app from your device's app store. Follow the in-app instructions to connect your fan to your Wi-Fi network. The app allows you to control all fan functions, including speed, light settings, and scheduling, from your smartphone or tablet.

5.2 Voice Control (Alexa & Google Assistant)

Once connected to the smart app, you can link your cumilo fan to Amazon Alexa or Google Assistant for convenient voice control. Use commands such as "Alexa, turn on the living room fan" or "Hey Google, set the fan speed to 3."

Image 7: Demonstrates the voice control capabilities of the cumilo smart ceiling fan, compatible with Google Assistant and Amazon Alexa.

6. Maintenance

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is disconnected before cleaning.
- **Tighten Fasteners:** Check all screws and fasteners annually to ensure they are secure. Loose connections can cause noise and wobble.
- **No Lubrication Required:** The DC motor is permanently lubricated and does not require additional oiling.

7. Troubleshooting

If you encounter issues with your cumilo smart ceiling fan, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Fan does not start	No power, loose wiring, remote battery dead.	Check circuit breaker. Ensure all wiring connections are secure. Replace remote control batteries.
Light does not work	No power, loose wiring, light function off.	Check power. Verify light wiring. Ensure light is turned on via remote or app.
Fan wobbles	Loose blades, uneven blade balance, loose mounting.	Ensure all blade screws are tight. Use a balancing kit (not included) if necessary. Verify mounting bracket is securely fastened.
Remote control not working	Dead batteries, remote not paired.	Replace batteries. Refer to the full manual for remote pairing instructions.
Smart features not connecting	Incorrect Wi-Fi password, weak signal, app issues.	Verify Wi-Fi password. Ensure fan is within Wi-Fi range. Restart router and fan. Reinstall app if necessary.

8. Specifications

Feature	Detail
Brand	cumilo
Model Number	7b5f1867-64eb-4013-83a0-0a99fac0e762
ASIN	B0CBHMQD7T
Color	Black
Material	Plastic
Style	Modern
Room Type	Bedroom, Living Room
Indoor/Outdoor Usage	Indoor (Damp-rated for covered outdoor)
Control Method	App, Remote, Voice Control (Alexa, Google Assistant)
Light Source	LED
Number of Light Sources	1
Wattage	20 watts
Brightness	2000 lumens (max)
Controller Type	Remote Control, Voice Control
Mounting Type	Ceiling Mount
Item Weight	7.64 kg
Included Components	Remote Control
