Allewie Full Size Bed Frame User Manual

Model: AK-8883-7-GF | Brand: Allewie

1. PRODUCT OVERVIEW

The Allewie Full Size Bed Frame is designed for comfort and modern aesthetics. It features an ergonomic and adjustable headboard, a low-profile upholstered sleigh design, and a robust construction that eliminates the need for a box spring. This manual provides essential information for assembly, operation, maintenance, and troubleshooting.

2. SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use.

- Do not exceed the 1000 lb weight limit.
- Be cautious of sharp edges during assembly and handling.
- Assemble carefully to ensure stability.
- Be aware of potential allergic reactions to fabric materials.

Safety Thicken Upholstered

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Headboard (Adjustable)
- Side Rails (Left and Right)
- Footboard
- Center Support Beam(s)

- Wood Slats (with Velcro for easy installation)
- Support Legs/Feet
- Hardware Pack (bolts, washers, Allen wrench)
- Assembly Instructions

4. SETUP AND ASSEMBLY

Assembly of the Allewie bed frame is designed to be hassle-free and quick. All necessary hardware and simple instructions are included. It is recommended to have a second person assist with aligning larger parts.

Assembly Steps:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches. Ensure all parts listed in Section 3 are present.
2. Attach the side rails to the headboard and footboard using the provided bolts and Allen wrench. Do not fully tighten bolts until all major components are connected.
3. Install the center support beam(s) and attach the support legs.
4. Unroll and secure the wood slats onto the frame. The slats feature a Velcro design for fast and secure installation, reducing assembly time.
5. Once all components are in place, fully tighten all bolts to ensure a sturdy and durable bed frame.

5. OPERATING INSTRUCTIONS

Adjusting the Headboard:

The Allewie bed frame features an adjustable headboard to accommodate various mattress thicknesses and personal preferences. The headboard can be adjusted between approximately 27.3 inches and 30.3 inches in height.

1. Locate the adjustment mechanism on the back or sides of the headboard.
2. Carefully lift or lower the headboard to the desired height. Ensure it clicks securely into place at the chosen setting.
3. Confirm that both sides of the headboard are set to the same height for stability.

6. MAINTENANCE

To maintain the appearance and longevity of your Allewie bed frame, follow these simple care instructions:

- **Cleaning:** Wipe with a dry cloth to remove dust and light debris. For spills, gently blot with a clean, damp cloth and allow to air dry. Avoid harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Fabric Care:** The premium high-density sponge filling and wear-resistant linen fabric upholstery are designed for durability and easy maintenance.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:** Squeaking is often caused by loose connections. Re-tighten all bolts, especially those connecting the side rails to the headboard and footboard, and the center support beam. Ensure the wood slats are properly seated and the Velcro is fully engaged.
- **Instability/Wobbling:** Check that all components are correctly assembled and all bolts are securely tightened. Ensure the bed frame is placed on a flat, level surface.
- **Headboard Not Adjusting:** Verify that the adjustment mechanism is clear of obstructions and that you are applying even pressure when lifting or lowering.

8. SPECIFICATIONS
