## OPERATING INSTRUCTIONS

### Terran Twitch Conversion

The Terran Twitch figure can convert from robot mode to stealth drone mode in 9 steps. Follow the visual cues on the figure to articulate its limbs and body panels into the desired form.

### Figure Combination

The Terran Twitch and Robby Malto figures can be combined in two different configurations to create a super-powered Twitch or Robby. Identify the connection points on each figure and securely attach them to form the combined robot.

The set also includes a detachable blaster accessory that can be held by either figure or attached to the combined forms for enhanced play.

## MAINTENANCE

---

To maintain the condition of your figures, wipe them with a soft, dry cloth. For minor dirt, a slightly damp cloth can be used. Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish. Store figures in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.

## TROUBLESHOOTING

---

- **Difficulty Converting:** If a figure is difficult to convert, ensure all joints are properly aligned and not obstructed. Do not force parts, as this may cause breakage. Refer to the visual instructions on the packaging for guidance.
- **Parts Not Connecting:** When combining figures, ensure the designated connection points are clean and free of debris. Apply gentle, firm pressure to secure the connection.
