JUMMICO 0183

JUMMICO 140 x 70 cm Electric Height Adjustable Standing Desk User Manual

Model: 0183 | Brand: JUMMICO

INTRODUCTION

Thank you for choosing the JUMMICO 140 x 70 cm Electric Height Adjustable Standing Desk. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new desk. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety guidelines:

- Always ensure the desk is placed on a stable, level surface.
- Do not exceed the maximum weight capacity of **70 kg (154 lbs)**. Overloading can cause instability and damage.
- Exercise caution when using the integrated USB socket. Avoid overloading it with high-power devices.
- Follow all assembly instructions precisely to ensure the desk is properly constructed and stable.
- Keep children and pets away from the desk during height adjustment to prevent injury.
- Ensure no obstacles are in the path of the desk's movement during height adjustments.
- Do not sit or stand on the desk.
- Disconnect power before cleaning or performing any maintenance.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. Refer to the detailed parts list provided in your packaging for specific quantities.

- Desktop sections (Note: Desktop is assembled from multiple parts)
- Electric lifting columns and motor

- Desk frame components (T-shaped legs, beams)
- Control panel with LED display and USB ports
- Drawer unit
- Cable tray
- Headphone hooks (2 included)
- Casters (4 included)
- Assembly hardware (screws, tools)
- Instruction Manual

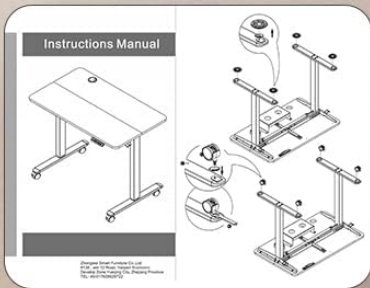

SETUP AND ASSEMBLY

The JUMMICO standing desk is designed for easy assembly, typically taking around 30 minutes. Follow the clear, illustrated instructions provided in the package.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Desk Frame:** Attach the T-shaped legs to the lifting columns, then connect the crossbeams. Ensure all screws are tightened securely but do not overtighten.
3. **Mount Desktop:** Place the desktop sections onto the assembled frame. The desktop is composed of multiple parts that fit together seamlessly. Align the pre-drilled holes and secure the desktop to the frame using the provided hardware.
4. **Install Control Panel and Accessories:** Attach the control panel, drawer unit, cable tray, and headphone hooks to their designated positions.
5. **Connect Wiring:** Connect the motor and control panel wiring according to the manual. Ensure all connections are firm.
6. **Attach Casters:** Screw the four casters into the bottom of the desk legs for easy mobility.
7. **Initial Power-Up:** Plug the desk into a power outlet. The desk may require an initial reset or calibration as per the detailed instructions.

Memory Presets

- The desk features **two memory buttons (1 and 2)** to save your preferred sitting and standing heights.
- **To Save a Height:** Adjust the desk to your desired height. Press the **"M"** button, then press either **"1"** or **"2"** within 3 seconds. The LED display will confirm the save.
- **To Recall a Height:** Simply press the saved memory button (**"1"** or **"2"**). The desk will automatically move to the stored height.

Sedentary Reminders

- The control panel includes a sedentary reminder function to encourage movement.
- Press the **Timer button (clock icon)** to cycle through reminder intervals: 0.5 hours, 1 hour, or 2 hours.
- When the set time elapses, the desk will emit a gentle reminder to switch your posture.

USB Charging Ports

- The integrated USB socket allows convenient charging of various devices directly from your desk.
- Ensure devices are compatible with the USB output specifications to prevent damage.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your JUMMICO standing desk.

- **Cleaning:** The desk surface is easy to clean. Use a soft, damp cloth to wipe down the desktop and frame. Avoid abrasive cleaners or harsh chemicals that could damage the laminate finish.
- **Cable Management:** Regularly check the cable tray and ensure all cables are neatly organized to prevent tangling and damage.
- **Inspections:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Weight Distribution:** Distribute weight evenly across the desktop to maintain stability and prevent strain on the lifting mechanism.

TROUBLESHOOTING

If you encounter issues with your JUMMICO standing desk, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected, motor cable loose, overload, or system error.	<ul style="list-style-type: none"> ◦ Check if the power cable is securely plugged into the wall outlet and the desk. ◦ Ensure all motor and control panel cables are firmly connected. ◦ Remove excess weight from the desk. ◦ Perform a system reset (refer to your detailed manual for specific reset procedures).
Desk moves unevenly or makes unusual noise.	Uneven weight distribution, loose connections, or obstruction.	<ul style="list-style-type: none"> ◦ Distribute weight evenly on the desktop. ◦ Check and tighten all assembly screws. ◦ Ensure there are no obstructions under or around the desk legs.
Memory presets not working.	Presets not saved correctly or system error.	<ul style="list-style-type: none"> ◦ Re-save your desired heights following the "To Save a Height" instructions. ◦ If the issue persists, try a system reset.

If these steps do not resolve the issue, please contact JUMMICO customer support for further assistance.
