3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. Refer to the included parts list in your packaging. If any parts are missing or damaged, please contact customer support.

Included Components: ONE SHOE CABINET (all necessary hardware and clear installation instructions are included).

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. All parts are labeled, and detailed instructions are provided in the packaging. Follow the step-by-step guide carefully.

1. Unpack all components and lay them out on a clean, soft surface.
2. Identify each part using the provided labels and the parts list.
3. Follow the graphical instructions for connecting panels and installing hardware.
4. Ensure all screws and fasteners are tightened securely, but do not overtighten.
5. Install the anti-tipping kit as described in the safety section and the assembly guide.

6. MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive

cleaners that may damage the finish.

- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Avoid Moisture:** Protect the cabinet from excessive moisture and direct sunlight to prevent warping or fading.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet feels unstable or wobbly.	Screws are loose; anti-tipping kit not installed or improperly installed.	Ensure all assembly screws are tightened. Install the anti-tipping kit securely to a wall stud or appropriate anchor.
Drawers do not flip smoothly.	Obstruction in the drawer mechanism; uneven assembly.	Check for any items blocking the drawer's movement. Verify that the drawer components were assembled correctly and are level.
Shoes do not fit in the drawers.	Internal divider position is incorrect for shoe size.	Adjust or remove the internal divider within the flip drawer to accommodate larger shoes.
