Tokluck PS5 DualSense & Edge Controller Charging Station User Manual

Model: TO-P5307 | Brand: Tokluck

INTRODUCTION

Thank you for choosing the Tokluck PS5 DualSense & Edge Controller Charging Station. This device is designed to provide a fast, safe, and convenient charging solution for your PlayStation 5 DualSense and DualSense Edge controllers. With its intelligent chip protection, LED indicators, and ambient lighting, it enhances your gaming setup while ensuring your controllers are always ready for action.

WHAT'S IN THE BOX

- 1 x Tokluck PS5 Controller Charging Station
- 1 x USB-C Charging Cable (34.8 inches / 1 meter)

PRODUCT FEATURES

- Fast & Smart Charging:** Fully charges two PS5 controllers in approximately 2 hours. Features a built-in smart protection chip against overcurrent, overvoltage, overheating, and short-circuits.
- Wide Compatibility:** Specifically designed for PS5 DualSense and DualSense Edge controllers.
- LED Indicators:** Clear red light indicates charging, and blue light indicates a full charge or standby.
- On/Off Switch:** A convenient power button to control the entire charging station.
- Blue Ambient Light:** Stylish blue ambient lighting with touch control for activation (short press) and on/off (long press).
- Effortless Drop-in Charging:** Innovative design allows for easy placement of controllers without precise alignment.
- Anti-slip Design:** Equipped with anti-slip pads to ensure stable placement.

SETUP INSTRUCTIONS

- Connect the Power Cable:** Insert the USB-C end of the included charging cable into the charging station's USB-C port. Connect the USB-A end to a compatible power source such as your PS5 console (front or back USB port), a mobile power bank, an AC adapter (not included), or a computer.

MAINTENANCE

- Keep the charging station clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures, humidity, or direct sunlight.
- Do not disassemble or attempt to repair the charging station yourself. This will void the warranty.
- Ensure the charging contacts on both the station and your controllers are clean to maintain optimal charging performance.
