LALISU LALISUAF09

LALISU LED Dimmable Floor Lamp (Model: LALISUAF09) User Manual

Brand: LALISU | Model: LALISUAF09

INTRODUCTION

The LALISU LED Dimmable Floor Lamp is designed to provide versatile lighting for various indoor environments. Its sleek, minimalist design complements a range of decor styles, from urban to contemporary. This lamp features adjustable brightness levels to suit different activities and preferences, offering both broad illumination and subtle ambient light.

WHAT'S IN THE BOX

- Lamp Base
- Multiple Pole Sections
- Lampshade
- E26 Base LED Bulb (2700K Warm White)
- User Manual

Figure 1: Exploded view of LALISU floor lamp components, showing the base, pole sections, lampshade, and bulb.

SETUP INSTRUCTIONS

Assembly of the LALISU floor lamp is designed to be quick and straightforward, requiring no additional tools.

1. Carefully unpack all components from the box. Ensure all parts listed in the 'What's in the Box' section are present.
2. Begin by screwing the lowest pole section into the lamp base. Turn clockwise until secure.
3. Continue to screw the remaining pole sections together, connecting them in sequence. Ensure each section is tightly fastened to prevent wobbling.
4. Attach the lampshade to the top pole section. Twist the lamp cap ring to secure the lampshade.
5. Insert the provided E26 LED bulb into the socket within the lampshade. Turn clockwise until the bulb is firmly seated.
6. Place the lamp on a flat, stable surface. The weighted base is designed for stability, making it safe for use around children and pets.
7. Plug the power cord into a standard electrical outlet.

OPERATING INSTRUCTIONS

The LALISU floor lamp features a convenient rotary switch for power and brightness control.

1. **Power On/Off:** Rotate the knob switch located on the lamp body clockwise to turn the lamp on. Rotate it counter-clockwise to turn it off.
2. **Adjusting Brightness (3-Way Dimmable):** The included LED bulb supports three brightness levels: low, medium, and high. Each time you turn the lamp on using the rotary switch, it will cycle to the next brightness level. For example, if the lamp was off, the first turn will activate low brightness. Turning it off and on again will activate medium brightness, and a third cycle will activate high brightness.
3. **Bulb Compatibility:** While the lamp comes with a compatible E26 LED bulb, other E26-based bulbs can be used, provided their wattage is less than 60W. Note that the dimming functionality depends on the bulb's capabilities.

SOFT & WARM LIGHT

Compatible with most types of E26
base bulbs

(3-Way Dimmable Bulb Included)

MAINTENANCE

- **Cleaning:** To clean the lamp, ensure it is unplugged from the power outlet. Use a soft, dry cloth to wipe down the metal pole and base. For the lampshade, a damp cloth with a mild cleaning solution can be used, then wipe dry. Avoid abrasive cleaners.
- **Bulb Replacement:** To replace the bulb, ensure the lamp is unplugged and the bulb has cooled down. Unscrew the old E26 bulb and screw in a new E26 bulb (max 60W).

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in; faulty outlet; loose bulb; faulty bulb.	Ensure power cord is securely plugged in. Test the outlet with another device. Tighten the bulb. Replace the bulb.
Dimming feature not working as expected.	Non-dimmable bulb installed; incorrect operation of rotary switch.	Ensure a 3-way dimmable E26 bulb is installed. Rotate the switch fully to cycle through brightness levels.
Lamp feels unstable or wobbly.	Pole sections not fully tightened; uneven surface.	Ensure all pole sections are screwed together tightly. Place the lamp on a flat, level surface.
Light is too bright or too dim.	Incorrect brightness setting; bulb wattage unsuitable.	Cycle through the 3-way dimmable settings. Consider replacing the bulb with one of a different wattage (within 60W limit) or color temperature.
