SETUP AND APPLICATION

These mini angel wings are designed for easy integration into your creative projects. They can be attached using sewing methods or appropriate craft adhesives.

General Application Steps:

- 1. Prepare the Surface:** Ensure the surface where the wing will be attached is clean and dry.
- 2. Positioning:** Place the angel wing in the desired location.
- 3. Attachment Method:**
 - **Sewing:** For fabric items like clothing or bags, carefully sew the edges of the wing onto the material using a needle and thread.
 - **Gluing:** For non-fabric items or quick application, use a strong fabric glue or hot glue gun. Apply a thin, even

layer of adhesive to the back of the wing and press firmly onto the surface. Allow sufficient drying time as per the adhesive manufacturer's instructions.

4. **Secure:** Ensure the wing is securely fastened to prevent detachment during use.

USAGE EXAMPLES

The COHEALI Mini Angel Wings can be used to personalize a wide range of items and for various occasions.

- **DIY Crafts:** Incorporate into scrapbooking, card making, or other craft projects.
- **Apparel Embellishment:** Add to jackets, hats, bags, or costumes for a unique touch. They can also be used to cover small damaged areas on clothing.
- **Holiday Decorations:** Ideal for Christmas ornaments, wreaths, or other festive displays.
- **Gift Decoration:** Enhance gift wrapping or create custom gift tags.

MAINTENANCE

To maintain the appearance and longevity of your COHEALI Mini Angel Wings, follow these guidelines:

- Cleaning:** If necessary, gently wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these may damage the iridescent finish.
- Storage:** Store in a dry place away from direct sunlight to prevent discoloration or damage.
- Handling:** Handle with care to avoid bending or creasing the wings, which could affect their shape and appearance.

TROUBLESHOOTING

While these decorative wings are simple in design, here are some common issues and solutions:

- Wings Detach:** If a wing detaches from its surface, re-apply using a suitable adhesive (e.g., fabric glue, hot glue) or re-sew if applicable. Ensure the surface is clean before re-attachment.
- Creased or Bent Wings:** Due to the fabric material, minor creases may occur. Gently flatten the wings by hand. Avoid excessive force to prevent permanent damage.
- Loss of Iridescence:** Prolonged exposure to harsh chemicals or excessive friction may dull the shiny finish. Follow maintenance guidelines to preserve the appearance.
