alltogetho Madrid Style Soccer Stadium Model Micro Mini Diamond Block Kit Instruction Manual

Model: 8831

1. Introduction

Thank you for choosing the alltogetho Madrid Style Soccer Stadium Model Micro Mini Diamond Block Kit. This kit provides an engaging and rewarding experience for adult football enthusiasts, allowing you to construct a detailed replica of an iconic football stadium using micro mini building blocks. This manual will guide you through the assembly process, maintenance, and provide important safety information.

The completed model serves as a testament to your passion for football and a unique display piece. Its intricate design and micro-sized components offer a challenging yet satisfying building experience, enhancing focus and problem-solving skills.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts.

- This product contains small parts and is not suitable for children under 3 years old.
- Adult supervision is recommended during assembly, especially when handling very small components.
- Keep all packaging materials away from children to prevent suffocation.
- Do not ingest any parts of the kit.

3. Package Contents

Before beginning assembly, please verify that all components are present. Your kit should include:

- Micro Mini Building Blocks (various shapes and colors)

- Detailed Instruction Manual (this document, with visual diagrams)

If any parts are missing or damaged, please contact customer support for assistance.

4. Assembly Instructions

The assembly of this micro mini block kit requires patience and attention to detail. Follow the numbered steps and diagrams provided in the included printed manual carefully. The blocks are significantly smaller than standard building blocks, which allows for greater detail in the final model.

4.1 Preparation

1. **Clear Your Workspace:** Ensure you have a clean, well-lit, and organized area to work on. This will help prevent losing small pieces.
2. **Sort Blocks:** Although bags may be numbered, it is highly recommended to sort the micro mini blocks by color and shape before starting. This will significantly reduce search time during assembly. Consider using small containers or sorting trays.
3. **Familiarize Yourself:** Review the instruction diagrams to understand the overall structure and key assembly techniques.

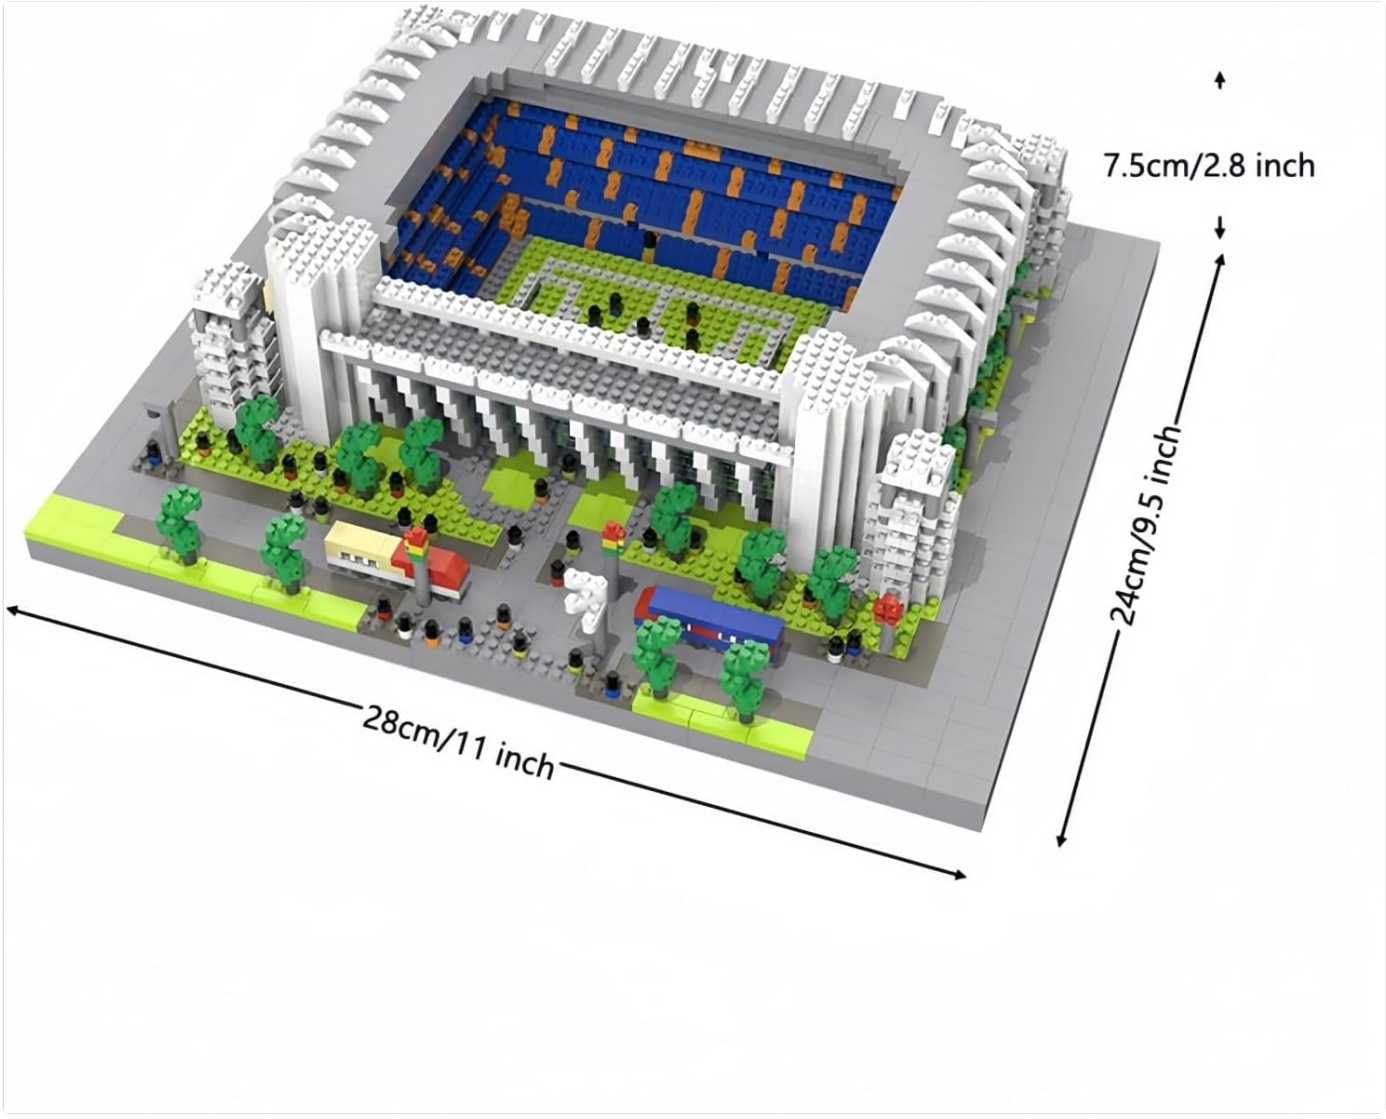

Image 4.1: Micro mini blocks are significantly smaller than standard blocks, requiring precision during assembly.

4.2 Step-by-Step Assembly

Refer to the detailed diagrams in your physical instruction booklet for precise step-by-step guidance. The general process involves:

1. **Base Construction:** Begin by assembling the foundation of the stadium model. This forms the stable platform for the entire structure.
2. **Lower Structure:** Build the lower tiers and exterior walls of the stadium, paying close attention to the placement of each micro block.
3. **Interior Details:** Construct the seating areas, field, and other internal features. The field is typically green with white markings, and seating areas will feature various colors.
4. **Upper Structure and Roof:** Add the upper tiers, roof sections, and any distinctive architectural elements of the stadium.
5. **Exterior Landscaping and Details:** Complete the model by adding surrounding elements such as trees, pathways, and other decorative pieces.

5. Operating and Display

Once assembled, your alltogetho Madrid Style Soccer Stadium Model is ready for display. This model is designed as a static display piece and does not have moving parts or electronic functions.

- **Placement:** Choose a stable, flat surface for display, away from direct sunlight, excessive heat, or high humidity to preserve the integrity of the plastic blocks.
- **Interaction:** While durable, avoid dropping or applying excessive force to the model to prevent pieces from

detaching.

6. Maintenance

To keep your Madrid Style Soccer Stadium Model in excellent condition:

- **Cleaning:** Gently dust the model regularly with a soft brush or a can of compressed air to remove accumulated dust. For stubborn dirt, a slightly damp cloth can be used, but ensure no water seeps into crevices.
- **Storage:** If disassembling or storing, keep all blocks in a sealed container to prevent loss and protect them from dust and damage.
- **Avoid Chemicals:** Do not use harsh chemicals or abrasive cleaners, as these can damage the plastic.

7. Troubleshooting

Here are solutions to common issues you might encounter:

- **Missing Pieces:** Double-check your workspace and packaging. If a piece is genuinely missing, contact alltogetho customer support with details of the missing part (shape, color, and step number from the manual).
- **Difficulty with Small Pieces:** Due to their micro size, some pieces can be challenging to handle. Using fine-tipped tweezers can aid in placing small blocks accurately.
- **Unclear Instructions:** If a particular step in the printed manual is unclear, re-examine the diagram carefully from different angles. Sometimes, a slight adjustment in perspective can clarify the placement. Online communities or product reviews may also offer visual aids or tips from other builders.
- **Blocks Not Connecting Properly:** Ensure you are using the correct blocks for the step. Micro mini blocks require firm but gentle pressure to connect. If a block doesn't fit, do not force it, as this may damage the block or the model.

8. Specifications

Feature	Detail
Brand Name	alltogetho
Model Number	8831
Material Type	Plastic
Item Dimensions (L x W x H)	11.02 x 9.45 x 2.95 inches (28 x 24 x 7.5 cm)
Item Weight	1.14 Kilograms
Recommended Age	Adult (Manufacturer Minimum Age: 156 months)
Educational Objective	Problem Solving Skill, Spatial Reasoning
Assembly Required	Yes
Operation Mode	Manual
