OPERATING THE MODEL

This building set is designed for display and gentle interactive play. The model features functional elements that allow for basic interaction:

- **Steering:** Gently turn the handlebars to articulate the front wheel, simulating steering.
- **Wheels:** The wheels are designed to roll smoothly on flat surfaces.
- **Kickstand:** Utilize the integrated kickstand to securely display the model in an upright position.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your MJDDJA Motorcycle Building Set, follow these care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the model. Avoid using harsh chemicals, abrasive materials, or excessive moisture, as these can damage the plastic components or printed details.
- **Storage:** Store the model in a cool, dry place away from direct sunlight. Prolonged exposure to sunlight can cause discoloration or degradation of the plastic.

- **Handling:** Handle the model with care to prevent accidental disassembly of smaller components. Avoid dropping or applying excessive force.

TROUBLESHOOTING

Missing Parts

In the rare event of missing parts, please refer to the "Warranty and Support" section below for instructions on how to contact MJDDJA customer support. Be prepared to provide the specific part number or description from the instruction manual.

Difficulty Assembling

If you encounter difficulty with assembly, carefully re-examine the instruction manual for the correct orientation and connection points. Some steps may require firm but gentle pressure to secure pieces. Ensure you are using the correct pieces for each step.

Loose Connections

Ensure all pieces are fully pressed together until they click or fit snugly. If a connection remains loose, verify that the correct pieces are being used as per the instructions. Incorrectly placed pieces can lead to instability.
