Yaheetech YT-00126266-53

Yaheetech Litter Box Enclosure and Cat Tree Instruction Manual (Model YT-00126266-53)

Comprehensive guide for assembly, use, and maintenance of your Yaheetech cat furniture.

1. INTRODUCTION

Thank you for choosing the Yaheetech Litter Box Enclosure with Cat Tree. This all-in-one furniture piece provides a discreet space for your cat's litter box while offering multiple levels for play, rest, and observation. Constructed from durable, solid CARB P2-compliant particleboard, plush fabric, and natural sisal, this unit is designed for both functionality and your cat's comfort and safety. Please read this manual thoroughly before assembly and use to ensure proper setup and long-term enjoyment.

2. IMPORTANT SAFETY INFORMATION

- Ensure all parts are securely fastened before allowing pets to use the product.
- Place the unit on a flat, stable surface to prevent tipping.
- Regularly inspect the unit for loose parts, damage, or wear, especially on scratching posts and fabric. Tighten or replace as needed.
- Keep small children away from the unit during assembly and ensure they do not climb on it.
- Do not exceed the maximum weight capacities: Bottom Shelf: 66 lb; Condo / Perch / Platform: 22 lb; Basket: 11 lb.
- This product is designed for indoor use only.
- Keep away from open flames or excessive heat sources.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. Refer to the included parts list in your packaging. If any parts are missing or damaged, please contact Yaheetech customer support.
Typical components include:

- Wooden panels for litter box enclosure and platforms
- Sisal-wrapped scratching posts
- Plush-covered cat condo, perches, and basket
- Hanging toy balls

- Hardware kit (screws, connectors, adjustable feet)
- Assembly tools (usually an Allen wrench)
- Instruction manual

4. ASSEMBLY AND SETUP

Assembly is required for this product. An illustrated manual with detailed instructions and all matching accessories is provided in the package. Please follow the steps carefully.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware.
2. **Assemble the Base Enclosure:** Begin by constructing the main litter box enclosure. Attach the side panels to the bottom and back panels using the provided hardware. Ensure the door hinges are correctly aligned.
3. **Install Internal Features:** Insert the scratching board into the open compartment of the litter box enclosure.
4. **Attach Adjustable Feet:** Secure the adjustable feet to the bottom of the enclosure. These help ensure stability on uneven surfaces.
5. **Construct the Cat Tree Section:** Assemble the cat condo, platforms, and scratching posts according to the diagrams in the manual. Ensure all sisal-coiled posts are tightly secured.
6. **Connect Sections:** Carefully attach the assembled cat tree section to the top of the litter box enclosure.
7. **Add Accessories:** Attach the plush basket, top perch, and hanging toy balls.
8. **Final Check:** Verify that all screws are tightened and the structure is stable.

5. OPERATING INSTRUCTIONS

5.1 Litter Box Enclosure Usage

- Open the double doors of the bottom cabinet to place a standard litter box inside. The cabinet measures approximately 22″ L × 17″ Depth × 15.7″ H.

- Cats can access the litter box through the side entrance (10.6″ W × 11″ H) or the internal open compartment (8″ L × 16.5″ Depth × 14″ H) which features a scratching board.

- The design helps contain litter scatter and provides privacy for your cat.

Figure 5.2: Illustration of the multiple access points for cats to enter and exit the litter box enclosure, designed for convenience and privacy.

Figure 5.3: A removable scratching board located within the open compartment of the litter box enclosure, providing an additional scratching surface for cats.

5.2 Cat Tree Features

- **Condo:** The wooden cat condo (12″ L × 12″ W × 11.4″ H) with arched and round entrances provides a cozy, enclosed space for resting.

- **Perches & Platforms:** Cats can relax on the cushioned top perch (18.5″ L × 14.6″ W × 3″ H) or the extended platform (15.6″ L × 9.6″ W).

- **Basket:** A soft basket (12″ Dia.) offers another comfortable spot for napping.

- **Scratching Posts:** Multiple sisal-coiled posts allow cats to satisfy their natural scratching instincts, helping to protect your furniture.

- **Playtime:** Hanging toy balls provide interactive entertainment.

6. MAINTENANCE

- **Cleaning the Enclosure:** The wooden surfaces can be wiped clean with a damp cloth. For the litter box area, regular cleaning is essential to maintain hygiene.

- **Cleaning Plush Surfaces:** Use a lint roller or a vacuum cleaner with a brush attachment to remove pet hair and debris from the plush-covered areas. Spot clean any stains with a mild pet-safe cleaner.

- **Sisal Posts:** The sisal rope is designed for scratching. Over time, it may fray. Regularly check the condition of the sisal posts.

- **Ventilation:** The enclosure includes ventilation holes to help with air circulation. Ensure these are not blocked.

- **General Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

Figure 6.2: Illustration of the ventilation holes integrated into the litter box enclosure, designed to promote air circulation and reduce odor buildup.

7. TROUBLESHOOTING

- **Unit is Wobbly:**

  - Ensure all screws are tightened.
  - Adjust the leveling feet at the base to stabilize the unit on uneven floors.
  - Verify the unit is placed on a flat, stable surface.

- **Cat Not Using Litter Box Enclosure:**

  - Introduce your cat to the new setup gradually.
  - Place a familiar item (e.g., a toy or blanket) inside the condo or on a perch.
  - Ensure the litter box inside is clean and accessible.

- Some cats prefer open litter boxes; monitor their preference.

- **Cat Not Using Scratching Posts:**

  - Encourage use by gently rubbing catnip on the sisal posts.
  - Demonstrate scratching by gently guiding your cat's paws (if they tolerate it).
