Single Ear Bluetooth Headset

 LED Display	 270° Comfortable	 Built-In Mic
 140mAh Battery	 Bluetooth 5.3	 Noise Reduction
 180° Earhook	 Stable Signal	 Easy to Operate

Image: Overview of the headset's key features, including LED display, comfort, built-in microphone, 140mAh battery, Bluetooth 5.3, noise reduction, 180° earhook, stable signal, and ease of operation.

2. SETUP

2.1 Charging the Headset

Before first use, fully charge the headset. Connect the provided USB charging cable to the headset's charging port and to a USB power source (e.g., computer, wall adapter). The LED display will indicate charging status and battery level.

- A full charge typically takes approximately 1-2 hours.
- The LED display shows the battery percentage.

Long Battery Life

Built in 140mAh battery, high end configuration, fast charging and long battery life let music enjoy non stop

2.2 Pairing with a Bluetooth Device

- Power On:** Press and hold the multi-function button on the headset until the LED indicator flashes blue and red, indicating pairing mode.
- Activate Bluetooth:** On your smartphone or other Bluetooth-enabled device, go to the Bluetooth settings and turn on Bluetooth.
- Search for Devices:** Your device will scan for available Bluetooth devices.
- Select Headset:** From the list of found devices, select "Jectse Headset" (or similar name).
- Confirm Pairing:** Once connected, the headset's LED indicator will flash blue slowly, and you will hear an audio confirmation.

If pairing fails, turn off the headset and your device's Bluetooth, then repeat the steps.

3. OPERATING INSTRUCTIONS

3.1 Wearing the Headset

The Jectse Bluetooth Headset features a 180-degree rotating earhook, allowing it to be worn comfortably on either the left or right ear. Adjust the earhook for a secure and comfortable fit.

Earhook Design

4. MAINTENANCE

- Cleaning:** Use a soft, dry, lint-free cloth to clean the headset. Do not use abrasive cleaners, solvents, or aerosol sprays.
- Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- Water Exposure:** The headset is not waterproof. Avoid exposure to water or excessive moisture.
- Ear Tips:** Regularly clean or replace ear tips to maintain hygiene and sound quality.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headset won't turn on	Low battery	Charge the headset fully.
Cannot pair with device	Bluetooth not enabled on device; headset not in pairing mode; too far from device	Ensure Bluetooth is on. Put headset in pairing mode (flashing blue/red). Keep devices within 10 meters. Restart both devices.
No sound or low volume	Volume too low on headset or device; headset not connected properly	Increase volume on both headset and device. Reconnect the headset.
Poor call quality	Weak signal; environmental interference	Move closer to your device. Avoid areas with strong electromagnetic interference.
