ELEMARA JJ2099

ELEMARA Ride on Truck, Toyota Kids Car

Model: JJ2099 - User Manual

PRODUCT OVERVIEW

The ELEMARA Ride on Truck, an officially licensed Toyota FJ40 replica, offers a realistic and fun driving experience for children aged 3-8. This 12V electric car features a classic off-road appearance with 6 LED lights, an MP3 player, Bluetooth connectivity, and a USB port. Designed for various terrains, it ensures a joyful and safe adventure for your child.

OPERATING THE VEHICLE

Driving Modes

The ELEMARA Ride on Truck offers two primary driving modes: parental remote control and child-driven. Parents can control the vehicle's speed (3 adjustable speeds: 2.4/3.1/4.0 mph) and direction using the remote control. Children can also drive themselves with two speeds available (2.4/4.0 mph).

Terrain Capability

Equipped with robust wheels and a suspension system, this ride-on truck is suitable for various surfaces including grassland, concrete roads, tile roads, boardwalks, and rubber tracks. The 2 springs and drive motor at the back ensure smooth progress on sloping ground and rough terrain.

BATTERY AND CHARGING

Battery Specifications

The vehicle is powered by a 12V 7AH battery, providing longer working time compared to many single-seat electric kids' cars. A newly upgraded low-battery voice prompt will remind you when charging is needed.

- Charging Time: 8-12 hours
- Working Time: 50-80 minutes (approx.)

Charging Instructions

The battery can be charged directly by plugging the charger into the vehicle's charging port, or by removing the battery box for external charging. Ensure the vehicle is turned off during charging.

Figure 7: Two convenient ways to charge the vehicle's battery.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ELEMARA Ride on Truck. Keep the vehicle clean and dry. Store it in a cool, dry place away from direct sunlight when not in use. Periodically check all screws and connections to ensure they are secure.

Replaceable Parts

Should any parts require replacement due to non-human damage, please contact customer service. Common replaceable parts include switches, chargers, motors, and light components.

Figure 8: Examples of replaceable components.

TROUBLESHOOTING GUIDE

If the vehicle is not operating as expected, please check the following common issues:

- **Vehicle not moving:** Ensure the power is on, the battery is charged, and all connections are secure. Check the forward/reverse switch.
- **Reduced speed or short run time:** The battery may need charging or replacement. Ensure the vehicle is not overloaded (max load capacity: 66 lb/30 kg).
- **Lights not working:** Check battery connections for the light bar (if applicable) and ensure the main power is on.
- **Gear malfunction (e.g., only goes backward):** This may indicate an internal gear issue. Contact customer

service for assistance.

PRODUCT SPECIFICATIONS

Feature	Specification
Product Dimensions	38.6 x 26 x 43 inches
Item Weight	44.1 pounds
Item Model Number	JJ2099
Manufacturer Recommended Age	3 - 8 years
Max Load Capacity	66 lb / 30 kg
Battery	12V 7AH
Max Speed	4.0 MPH
Charging Time	8-12 H
Working Time	50-80 Min
