PRODUCT OVERVIEW

Familiarize yourself with the main components and controls of your BANIGIPA G03-pink headphones:

Figure 3: Headphone Components and Controls

- **LED Indicator:** Shows power and connection status.
- **MFB Touch Button:** Multi-function touch control for various operations.
- **HD Microphone:** Built-in microphone for calls.
- **USB-C Charging Port:** For charging the headphones.
- **Memory Wire Headband:** Flexible and durable for comfortable wear.

SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. A full charge takes approximately 1.5 hours.

1. Connect the provided USB-C charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator will show charging status (refer to product diagram for LED location).
4. Once fully charged, the LED indicator will change (refer to specific LED behavior in product documentation if available, otherwise assume it turns off or changes color).

A full charge provides up to 10 hours of music playtime and 200 hours of standby time.

Long Battery Life

Figure 4: Charging and Battery Life

2. Bluetooth Pairing

The headphones use Bluetooth 5.3 for a stable and fast connection up to 33 feet (10 meters).

1. **Power On:** Long touch the MFB Touch Button for 3 seconds until the LED indicator flashes, indicating pairing mode.
2. **Activate Bluetooth:** On your device (phone, tablet, laptop, etc.), go to Bluetooth settings and turn on Bluetooth.
3. **Select Device:** Look for "G03" or similar in the list of available devices and select it to connect.
4. **Connection Confirmation:** Once connected, the LED indicator will typically stop flashing and remain solid, and you may hear an audible confirmation.

The headphones are compatible with most Bluetooth-enabled devices.

OPERATION

Wearing Instructions

The BANIGIPA G03-pink headphones feature an open-ear design that rests comfortably outside the ear canal. The lightweight and flexible memory aluminum frame ensures a secure fit without discomfort, even during extended wear.

Ultra Lightweight and Comfortable

Only 13g weight , it will not compress child's ears and is lightweight and comfortable to wear all day.

Figure 6: Comfortable Wearing

Multi-functional Touch Button Controls

The headphones are equipped with intuitive touch controls for easy operation:

Action	MFB Touch Button Operation
Power On/Off	Long touch for 3 seconds
Play/Pause Music	Single touch (x1)
Next Song	Double touch (x2)
Activate Voice Assistant	Triple touch (x3)
Answer/Hang Up Call	Single touch (x1) during incoming call/active call
Reject Call	Long touch during incoming call

Note: If your child is new to open-ear touch headsets, allow 3-5 days for adaptation.

Usage Scenarios

These headphones are versatile and suitable for various activities:

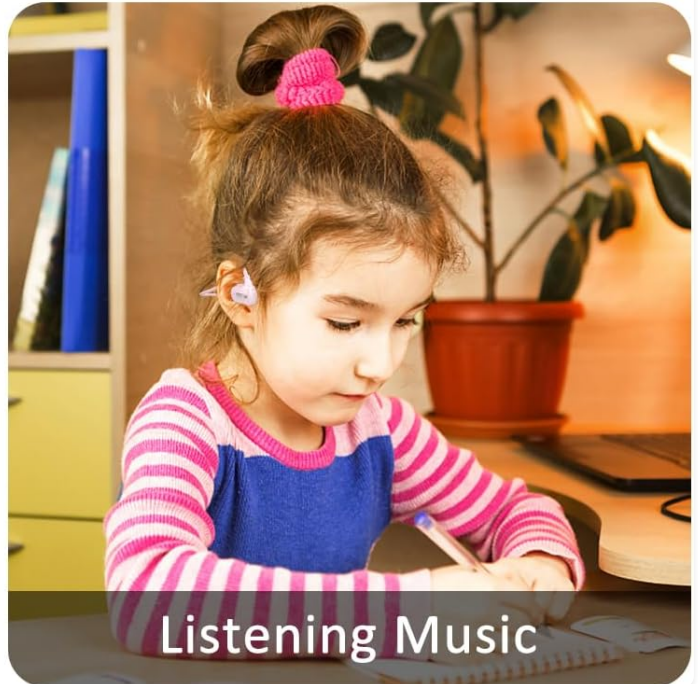

Figure 7: Versatile Usage

- **Studying Online:** Clear audio for virtual classes and educational content.
- **Listening to Music:** Enjoy favorite tunes with safe volume levels.
- **Playing Games:** Immersive sound without isolating from surroundings.
- **Outdoor Activities:** Maintain awareness of traffic and environment while cycling or running.

MAINTENANCE

Cleaning

To ensure longevity and hygiene, clean your headphones regularly:

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.

Storage

When not in use, store the headphones in a cool, dry place away from direct sunlight and extreme temperatures. The flexible design allows for easy folding for compact storage.

Figure 8: Flexible and Durable Design for Storage

Water Resistance

The headphones are designed to prevent a small amount of sweat and raindrops. They are not recommended for use during swimming or submersion in water.

TROUBLESHOOTING

If you encounter issues with your headphones, please refer to the following common solutions:

Problem	Possible Solution
Headphones do not power on	Ensure the headphones are fully charged. Press and hold the MFB button for 3 seconds.
Cannot pair with device	Ensure Bluetooth is enabled on your device and the headphones are in pairing mode. Move headphones closer to the device. Forget the device in your Bluetooth settings and try pairing again.
No sound or low volume	Check the volume level on both the headphones and your connected device. Ensure the headphones are properly connected.
Sound distortion or crackling	Move closer to your device to avoid interference. Ensure there are no obstacles between the headphones and the device.
Microphone not working	Ensure the headphones are connected and selected as the audio input device on your computer/phone settings.
