FoMup FM24D-3

FoMup 24-Inch Dual Zone Wine and Beverage Refrigerator

Model: FM24D-3

User Manual

1. Introduction

Thank you for choosing the FoMup 24-inch Dual Zone Wine and Beverage Refrigerator. This manual provides essential information for the safe and efficient operation, installation, and maintenance of your appliance. Please read these instructions thoroughly before use and retain them for future reference.

2. Safety Information

To reduce the risk of fire, electric shock, or injury when using your appliance, follow these basic precautions:

- Read all instructions before using the appliance.
- Do not touch cold surfaces, especially when the appliance is operating.
- Never clean appliance parts with flammable fluids. The fumes can create a fire hazard or explosion.
- Do not store or use gasoline or any other flammable vapors and liquids in the vicinity of this or any other appliance.
- Unplug the appliance from the power outlet before cleaning or performing any maintenance.
- Ensure proper grounding for electrical safety.
- Keep children away from the appliance, especially when the door is open.
- This appliance is equipped with a safety lock to prevent unauthorized access, particularly by children.

3. Product Features

The FoMup Wine and Beverage Refrigerator is designed with advanced features for optimal storage and convenience:

- **Precision Cooling with Independent Dual Zones:** Features separate temperature controls for wine (41-64°F) and beverages (35-50°F), ensuring ideal conditions for each.
- **Spacious and Customizable Capacity:** Accommodates up to 60 standard 12oz cans and 20 standard 750ml wine bottles. Adjustable shelves provide flexible storage options.
- **Versatile Built-in or Freestanding Design:** Engineered for seamless undercounter installation or standalone placement, adapting to various kitchen or entertainment area layouts.
- **Efficient and Quiet Cooling System:** Equipped with an energy-saving compressor for low-noise operation, suitable for any room. The left beverage area features an upgraded insulated door for enhanced cooling efficiency.
- **Ergonomic and Stylish Handle Design:** Features a non-protruding cylindrical stainless steel handle for comfortable grip, modern aesthetics, and increased safety.
- **Carbon Absorption Equipped Purification System:** Helps maintain a fresh and odor-free interior environment.
- **Blue Atmosphere Light:** Illuminates the interior, enhancing visibility and presentation of your collection.

4. Setup & Installation

4.1 Placement

This appliance can be installed as a built-in unit under a counter or as a freestanding unit. Ensure adequate ventilation space around the unit if freestanding. For built-in installation, refer to the dimensions provided in the specifications section to ensure proper fit.

Image 4.1: Installation options and adjustable feet.

4.2 Leveling

The refrigerator is equipped with adjustable feet to ensure it is perfectly level on any surface. Adjust the feet by turning them clockwise or counter-clockwise until the unit is stable and level.

4.3 Handle Installation

The door handles may require installation upon delivery. Follow the steps in the video below for proper attachment.

Video 4.2: Instructions on how to install a door handle.

5. Operating Instructions

5.1 Control Panel

The refrigerator features a dual LCD touch control panel for independent temperature management of each zone. The panel allows you to adjust temperature, control lighting, and switch between Fahrenheit and Celsius displays.

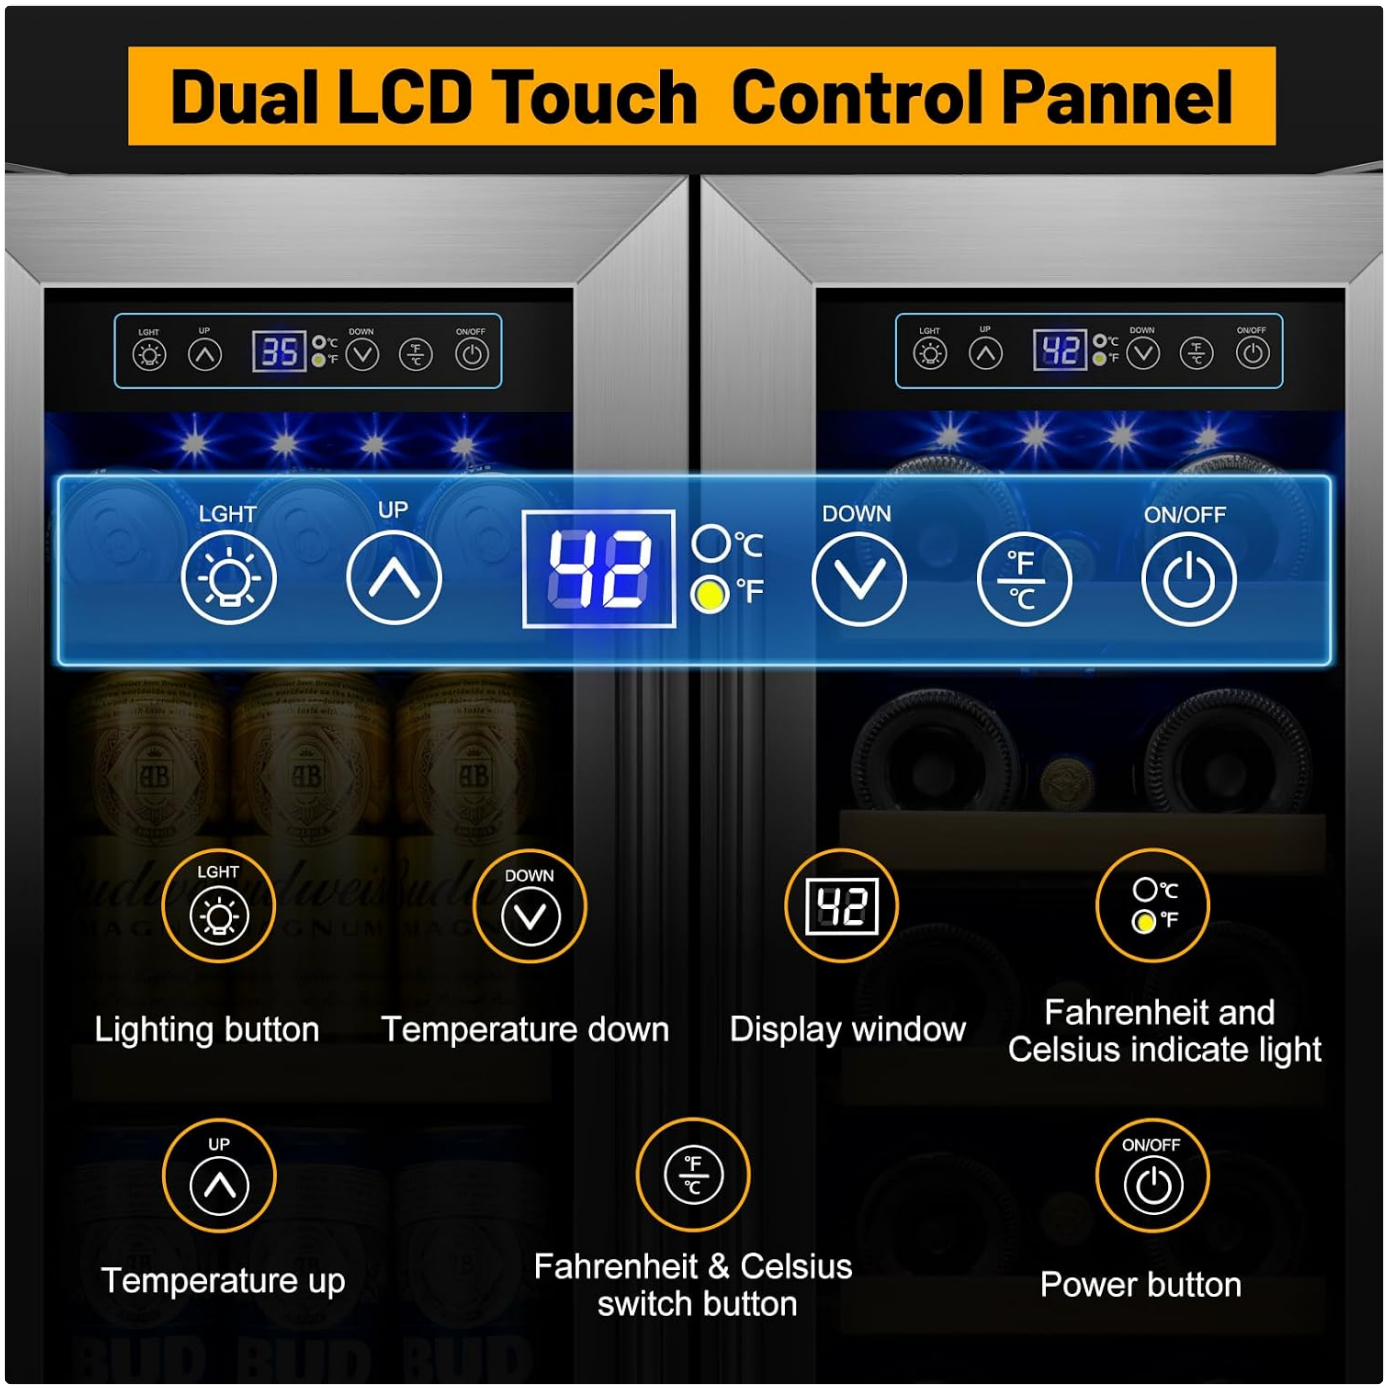

Image 5.1: Dual LCD Touch Control Panel.

5.2 Temperature Settings

Each zone has its own temperature control. The left zone (beverage) can be set between 35-50°F, and the right zone (wine) between 41-64°F. Use the 'Up' and 'Down' arrows on the respective control panels to adjust the desired temperature.

5.3 Interior Lighting

Press the 'Light' button on the control panel to turn the interior blue LED lighting on or off. This feature enhances visibility and presentation.

5.4 Adjustable Shelves

The refrigerator includes removable shelves that can be adjusted to accommodate various bottle and can sizes. This allows for flexible storage configurations.

Video 5.4: Demonstration of removable shelves.

6. Maintenance & Cleaning

6.1 Defrosting

This appliance features an automatic defrost system, eliminating the need for manual defrosting. Any accumulated frost will melt and evaporate automatically.

6.2 Cleaning the Interior

To clean the interior, unplug the unit and remove all contents. Wash the interior surfaces with a solution of warm water and baking soda (2 tablespoons of baking soda to 1 quart of water). Rinse thoroughly and wipe dry. The removable shelves can be cleaned with mild soap and water.

6.3 Cleaning the Exterior

Clean the exterior with a mild detergent and warm water. For stainless steel surfaces, use a non-abrasive stainless steel cleaner. Wipe dry with a soft cloth. Regularly clean the front ventilation grille to ensure proper airflow.

6.4 Carbon Filter

The integrated carbon absorption system helps maintain air quality. Replace the carbon filter periodically as recommended by the manufacturer to ensure optimal odor filtration.

7. Troubleshooting

Before contacting customer service, please refer to the following common issues and solutions:

Problem	Possible Cause	Solution
Appliance does not operate	Not plugged in; circuit breaker tripped; temperature set too high.	Ensure plug is secure; reset circuit breaker; lower temperature setting.
Temperature is not cold enough	Door not closed properly; excessive door openings; warm items added; poor ventilation.	Check door seal; reduce door openings; allow time for new items to cool; ensure proper clearance.
Vibrations	Appliance not level; loose parts.	Adjust leveling feet; check for loose components.
Noise	Normal compressor operation; fan noise.	This is normal. Ensure unit is not touching walls or cabinets.

8. Specifications
