3. SETUP

3.1 Charging the Device

Before first use, fully charge the MP3 player. Connect the device directly to a USB port on your computer or a compatible USB wall adapter. The charging indicator (if present) will typically show charging status and turn off or change color when fully charged.

3.2 Transferring Music Files

1. Ensure the MP3 player is charged.
2. Remove the protective cap to expose the USB connector.
3. Plug the MP3 player directly into an available USB port on your computer. The device will be recognized as a removable disk (similar to a USB flash drive).

4. Open the device folder on your computer.
5. Drag and drop your desired music files (MP3, WMA, WAV, etc.) into the device's storage. You can create folders to organize your music.
6. Once files are transferred, safely eject the device from your computer before unplugging.
