NEWABWN YC176

NEWABWN Cherry Blossom Bonsai Tree Mini Micro Building Set Instruction Manual

Model: YC176

Introduction

This manual provides comprehensive instructions for the assembly, care, and maintenance of your NEWABWN Cherry Blossom Bonsai Tree Mini Micro Building Set. This kit contains approximately 2200 micro-sized building bricks designed to create a detailed Japanese Sakura Tree House model. Please read all instructions carefully before beginning assembly.

Safety Information

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years old.

- This product contains very small parts (micro bricks) and is intended for individuals aged 14 years and older.
- Keep all building bricks and packaging materials away from young children and pets to prevent accidental ingestion.
- Exercise caution during assembly to avoid eye strain or discomfort due to the small size of the components.

Package Contents

Before starting assembly, verify that all components are present. The package should contain:

- Approximately 2200 micro building bricks.
- One (1) Instruction Manual (this document).

If any parts are missing or damaged, please contact customer support.

Assembly Instructions

The assembly process for this micro building set requires patience and attention to detail due to the small size of the bricks. Follow the numbered steps in the included instruction manual carefully.

1. Preparation

- **Clear Workspace:** Ensure you have a clean, well-lit, and stable surface for assembly.
- **Sort Bricks:** It is highly recommended to sort the micro bricks by color and shape into separate containers or trays. This will significantly aid in locating the correct pieces during each step.
- **Review Instructions:** Briefly review the entire instruction manual to understand the overall building sequence.

2. Step-by-Step Building

1. **Follow Diagrams:** Each step in the instruction manual will feature a diagram showing which bricks to use and where to place them. Pay close attention to the orientation of each piece.
2. **Secure Connections:** Due to the micro size, ensure each brick is firmly pressed into place to create a stable structure.
3. **Patience is Key:** If a step seems unclear, re-examine the diagram from different angles. Sometimes, rotating the model in your mind or physically can help clarify placement.
4. **Verify Progress:** Periodically compare your progress with the images in the manual to ensure accuracy.

3. Completion

Once all steps are completed, gently inspect your finished model for any loose pieces or incorrect placements. The completed model is designed for display.

Care and Maintenance

- **Cleaning:** To clean the model, use a soft, dry brush or a can of compressed air to remove dust. Avoid using water or chemical cleaners, as these may damage the plastic bricks or cause discoloration.
- **Handling:** Handle the assembled model with care. While designed to be sturdy, excessive force or dropping may cause pieces to detach.
- **Storage:** Store the model away from direct sunlight and extreme temperatures to prevent material degradation or color fading.

Troubleshooting

Problem	Possible Cause / Solution

Problem	Possible Cause / Solution
Missing Pieces	Carefully re-check your workspace and packaging. Due to their small size, micro bricks can be easily overlooked. If still missing, contact customer support.
Difficulty Connecting Bricks	Ensure the bricks are correctly aligned and apply firm, even pressure. Some micro bricks may require a slightly stronger push to snap into place. Verify you are using the correct piece as per the instructions.
Instructions Unclear	Review the diagram for the step from multiple angles. Sometimes, the perspective in the manual may require careful interpretation. Refer to surrounding steps for context.
Model Instability	Ensure all bricks are fully connected and seated properly. Re-trace recent steps to confirm correct placement and secure connections.

Specifications

Brand: NEWABWN

Model Number: YC176

Set Name: Cherry Blossom Bonsai Tree Mini Micro Building Set

Number of Pieces: Approximately 2200

Material: ABS Plastic

Recommended Age: 14 years and up

Assembled Dimensions: Approximately 7.09 x 5.71 x 5.91 inches (L x W x H)

Educational Objective: Creative Thinking, Motor Skills, Hand-Eye Coordination
