

CUTEBEE CWGC201

CUTEBEE Vintage Magic House DIY Miniature Dollhouse Kit Instruction Manual

Model: CWGC201 | Brand: CUTEBEE

1. INTRODUCTION

Welcome to the world of miniature crafting with your CUTEBEE Vintage Magic House DIY Miniature Dollhouse Kit. This kit provides all the necessary components to construct a detailed and enchanting miniature magic wand shop. Designed for adults and teenagers aged 14 and up, this project offers a rewarding experience in precision assembly and creative decoration. The finished model serves as a unique collectible or a decorative piece for any room.

2. SAFETY INFORMATION

- **Age Recommendation:** This kit is suitable for individuals 14 years and older due to small parts and the intricate nature of assembly.
- **Small Parts:** The kit contains many small components that can be a choking hazard. Keep out of reach of young children and pets.
- **Adhesive Use:** When using silicone liquid glue (not included), ensure proper ventilation and follow the manufacturer's safety instructions. Avoid contact with skin and eyes.
- **Sharp Tools:** Assembly may require the use of sharp tools like scissors and utility knives. Handle with care to prevent injury.
- **Battery Safety:** The LED lighting requires 2 AAA batteries (not included). Ensure correct polarity when inserting batteries. Do not mix old and new batteries, or different types of batteries. Remove batteries if the product is not used for an extended period.

3. PACKAGE CONTENTS

Your CUTEBEE Vintage Magic House DIY Miniature Dollhouse Kit includes a comprehensive set of materials for assembly:

- Pre-cut wooden pieces for the structure and furniture.
- Various paper cutouts for books, maps, and decorative elements.

- Fabric and plastic parts for miniature accessories.
- LED lighting components and wiring.
- Assorted miniature ornaments and decorative items.
- Detailed English instruction manual with colored pictures.

4. TOOLS REQUIRED (NOT INCLUDED)

To ensure a smooth assembly process, please prepare the following tools:

- Silicone liquid glue (recommended for wood and paper).
- 2 x AAA batteries for LED lighting.
- Scissors.
- Precision tweezers.
- Ruler.
- Utility knife or exacto knife (for precise cutting).

5. ASSEMBLY INSTRUCTIONS

The assembly of the CUTEBEE Vintage Magic House requires patience and attention to detail. Follow the included manual's step-by-step instructions carefully. Each part is numbered and corresponds to the diagrams.

5.1. Unpacking and Preparation

Begin by carefully unpacking all components. Organize them by type or number as indicated in the manual. Familiarize yourself with the overall design and the various miniature elements.

5.3. Gluing and Wiring

Apply glue sparingly and precisely. Allow sufficient drying time for each component before proceeding to the next step. When installing the LED lighting, follow the wiring diagrams carefully to ensure all lights function correctly. The wires are delicate and should be handled gently.

Image: An intricate display of miniature books, scrolls, and an owl figure holding a letter, adding to the magical theme.

6. OPERATING INSTRUCTIONS

Once fully assembled, the LED lights in your CUTEBEE Vintage Magic House can be powered by inserting 2 AAA batteries into the designated battery compartment. Ensure the batteries are inserted with the correct polarity. A small switch typically controls the lights, allowing you to illuminate your miniature creation.

7. MAINTENANCE

- **Cleaning:** Use a soft, dry brush or a can of compressed air to gently remove dust from the miniature components. Avoid using liquid cleaners, which may damage the materials.
- **Handling:** Handle the finished dollhouse with care to prevent damage to delicate parts. Avoid dropping or applying excessive pressure.
- **Storage:** Store the dollhouse in a dry, stable environment away from direct sunlight and extreme temperatures to prevent warping or fading of materials.

8. TROUBLESHOOTING

- **Missing Parts:** The kits are inspected before delivery. If you find any missing parts, please contact CUTEBEE customer support immediately for assistance.
- **LED Lights Not Working:**
 - Check if the 2 AAA batteries are inserted correctly with the right polarity.
 - Ensure the batteries are new and fully charged.
 - Verify all wiring connections are secure and undamaged.
- **Pieces Not Fitting:** Ensure you are using the correct pieces for each step as indicated in the manual. Some pieces may require gentle sanding or trimming for a perfect fit. Do not force pieces together.
