

STAR MOON 18205-1a

STAR MOON Coffee Mugs User Manual

Model: 18205-1a

1. INTRODUCTION

Thank you for choosing STAR MOON Coffee Mugs. This set includes two 420ML stoneware coffee cups designed for daily use. Crafted with attention to detail, these mugs offer both aesthetic appeal and practical functionality, enhancing your beverage experience.

Key Features:

- **High-Quality Ceramic:** Made from lead-free and cadmium-free clay for safety and durability.
- **Comfortable Handle:** Ergonomically designed for a secure and comfortable grip, featuring anti-slip and anti-scald properties.
- **Easy-to-Clean Nano Glaze:** High-density glaze prevents coffee stains and simplifies cleaning.
- **Generous Capacity:** Each mug holds 420ml, ideal for various hot or cold beverages.
- **Microwave and Dishwasher Safe:** Convenient for heating and cleaning.

2. SETUP

Your STAR MOON Coffee Mugs are ready for use with minimal setup. Please follow these steps before first use:

1. **Unboxing:** Carefully remove the mugs from their packaging. Inspect for any visible damage during transit.
2. **Initial Cleaning:** Before first use, wash the mugs thoroughly with warm soapy water. Rinse well and dry completely. This removes any manufacturing residues.

3. OPERATING INSTRUCTIONS

These mugs are designed for everyday use with a variety of beverages.

Using Your Mugs:

- **Beverage Compatibility:** Suitable for hot beverages such as coffee, tea, hot chocolate, and cold beverages like juice or water.
- **Microwave Use:** The mugs are microwave safe. To heat beverages, place the mug in the microwave and heat according to your appliance's instructions. Always handle hot mugs with care.
- **Capacity:** Each mug holds approximately 420ml (14oz) of liquid. Avoid overfilling to prevent spills.

4. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your STAR MOON Coffee Mugs.

Cleaning:

- **Dishwasher Safe:** These mugs are safe for cleaning in a dishwasher. Place them on the top rack to prevent potential chipping from other items.
- **Hand Washing:** For best results and to preserve the glaze, hand washing with warm soapy water and a soft sponge is recommended. Rinse thoroughly.
- **Stain Removal:** The nano glaze is designed to resist coffee stains. If stains occur, a gentle scrub with a non-abrasive cleaner or a mixture of baking soda and water can help.

General Care:

- **Avoid Abrasives:** Do not use abrasive cleaners, scouring pads, or steel wool, as these can scratch the glaze.
- **Temperature Changes:** While durable, avoid sudden extreme temperature changes (e.g., pouring boiling water into a frozen mug) to prevent thermal shock and potential cracking.
- **Storage:** Store mugs in a way that prevents them from knocking against each other, which could lead to chips.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter with your coffee mugs.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Coffee/Tea Stains	Prolonged contact with dark liquids, hard water deposits.	Clean immediately after use. For stubborn stains, use a paste of baking soda and water, let it sit, then scrub gently.
Chipping on Rim/Handle	Impact with hard surfaces, improper storage.	Handle with care. Avoid stacking without protection. Ensure proper placement in dishwasher to prevent contact with other items.
Mug feels too hot after microwave	Normal heat transfer from hot liquid.	Always use oven mitts or a cloth when removing hot mugs from the microwave. Allow to cool slightly before handling directly.
