## Yaheetech YT-00126271-53

# Yaheetech 53-inch Cat Tree with Wood Litter Box Enclosure

Model: YT-00126271-53

Brand: Yaheetech

## INTRODUCTION

Thank you for choosing the Yaheetech 53-inch Cat Tree with Wood Litter Box Enclosure. This versatile cat furniture is designed to provide your feline companions with a dedicated space for play, rest, and essential activities. It combines a multi-level cat tree with a discreet litter box enclosure, offering both functionality and aesthetic appeal for your home. This manual provides detailed instructions for assembly, operation, maintenance, and safety to ensure optimal use and longevity of your product.

## SAFETY INSTRUCTIONS

- Always assemble the product on a soft, clean surface to prevent damage.
- Ensure all screws and fasteners are securely tightened before allowing pets to use the product.
- Regularly check for loose parts and tighten them as needed to maintain stability.
- For enhanced stability, especially with active or multiple cats, secure the cat tree to a wall using the provided anti-tipping strap.
- Keep small children away from the product during assembly and ensure they do not climb on it.
- Do not place the cat tree near open flames, heaters, or other heat sources.

- This product is designed for indoor use only.

## PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Wooden Litter Box Enclosure Base
- Wooden Condo Unit
- Plush-covered Top Perch
- Soft Basket
- Sisal-wrapped Scratching Posts (various sizes)
- Plush Cushion (for condo)
- Hanging Toy Ball
- Assembly Hardware (screws, dowels, Allen wrench)
- Anti-tipping Strap and Wall Anchors
- Instruction Manual

## SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow the step-by-step instructions carefully. It is recommended to have a Phillips head screwdriver in addition to the provided Allen wrench for easier assembly.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Cross-reference with the package contents list.
- 2. Assemble Litter Box Enclosure:** Follow the diagrams to connect the wooden panels of the litter box enclosure base. Ensure all cam locks and screws are tightened.
- 3. Attach Adjustable Feet:** Screw the adjustable feet into the designated holes on the bottom of the litter box enclosure. Adjust them later to ensure stability on uneven floors.
- 4. Install Condo Unit:** Secure the wooden condo unit onto the top of the litter box enclosure using the specified hardware.
- 5. Attach Scratching Posts:** Begin attaching the sisal-wrapped scratching posts to the base and condo unit according to the diagrams. Ensure they are firmly screwed in.
- 6. Mount Perches and Basket:** Attach the various perches and the soft basket to the scratching posts as indicated in the assembly guide.
- 7. Install Top Perch:** Secure the plush-covered top perch to the uppermost scratching posts.
- 8. Attach Toy Ball:** Hang the detachable toy ball from its designated spot.
- 9. Final Stability Check:** Once fully assembled, gently shake the cat tree to ensure all connections are secure. Adjust the feet as necessary to eliminate wobbling.
- 10. Secure to Wall (Recommended):** For maximum safety, especially in households with active cats or children, use the provided anti-tipping strap to secure the cat tree to a wall stud.

## OPERATING INSTRUCTIONS

---

### Litter Box Enclosure

The spacious bottom cabinet serves as a discreet enclosure for a standard small to medium-sized litter box. Open the front doors to place or remove the litter box. The enclosure features an internal scratching board at the entrance to help remove litter from your cat's paws, and ventilation holes to minimize odors.

### Scratching Posts

Multiple sisal-wrapped posts are integrated throughout the cat tree, providing ample opportunities for your cat to satisfy their natural scratching instincts. This helps protect your furniture from damage.

### Perches and Condos

The cat tree features various levels, including a plush-covered top perch for observation, a soft basket for napping, and an enclosed condo for privacy and security. These areas offer comfortable resting spots for your cat.

## MAINTENANCE

### Cleaning

- Wooden Surfaces:** The particleboard surfaces are smooth and easy to clean. Wipe them with a damp cloth to remove dust, dirt, or spills. Avoid harsh chemicals.
- Plush Fabric:** For the plush-covered areas (perches, basket, condo interior), use a lint roller or a vacuum cleaner with a brush attachment to remove pet hair. Spot clean with a mild detergent and damp cloth if necessary. Allow to air dry completely.
- Sisal Posts:** Use a vacuum cleaner to remove loose fibers and debris from the sisal scratching posts.

- **Litter Box Enclosure:** Regularly clean the interior of the litter box enclosure and the integrated scratching board to maintain hygiene and control odors.

**Green Materials & Easy to Clean**

Image: Demonstrating the easy-to-clean surface of the wooden components.

## General Care

- Periodically check all screws and connections to ensure they remain tight and secure.
- Inspect sisal posts for excessive wear and tear. While durable, sisal will naturally fray over time with use.
- Avoid exposing the product to direct sunlight for prolonged periods to prevent fading or material degradation.

## TROUBLESHOOTING

- **Product Wobbles:** Ensure all assembly screws are tightened. Adjust the leveling feet at the base of the enclosure to compensate for uneven floors. If wobbling persists, ensure the anti-tipping strap is securely installed.
- **Missing Parts:** If any parts are missing upon unboxing, refer to the package contents list and contact customer support for assistance.
- **Cats Not Using Scratching Posts:** Try sprinkling catnip on the sisal posts to attract your cat.

Gently guide your cat's paws to the posts to encourage scratching.

- **Odor in Litter Box Enclosure:** Ensure regular cleaning of the litter box and enclosure. The enclosure includes ventilation holes; ensure they are not blocked. Consider using odor-absorbing litter or a litter box deodorizer.

## SPECIFICATIONS

Feature	Detail
Overall Dimensions (L x W x H)	31.5" x 18" x 53" (80 cm x 45.7 cm x 134.6 cm)
