OSTAR Waterproof Analog Quartz Shower Clock Instruction Manual

1. INTRODUCTION

Thank you for choosing the OSTAR Waterproof Analog Quartz Shower Clock. This manual provides detailed instructions for the proper setup, operation, and maintenance of your new clock. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

2. PRODUCT OVERVIEW

The OSTAR Waterproof Analog Quartz Shower Clock is designed for use in environments where moisture is present, such as bathrooms, kitchens, or outdoor patios. Its highly sealed design prevents water and fog from affecting the clock face. Key features include:

- **Waterproof Design:** Highly sealed to prevent water and fog intrusion.
- **Dual Purpose:** Can be hung using the integrated hook or placed on a flat surface using the stand.
- **Silent Sweep Movement:** Analog quartz movement ensures accurate timekeeping without ticking noise.
- **Compact Size:** Round design with dimensions of 4.72" x 1.69" x 4.72" and lightweight at 0.65lb.
- **Battery Operated:** Requires one AA battery (not included) for low power consumption.

3. SETUP

3.1 Battery Installation

1. Locate the battery compartment cover on the back of the clock.
2. Carefully open the cover.
3. Insert one AA battery (not included) into the compartment, ensuring the positive (+) and negative (-) terminals align correctly with the indicators.
4. Securely close the battery compartment cover to maintain the waterproof seal.

3.2 Setting the Time

1. Locate the time-setting knob on the back of the clock.
2. Rotate the knob in either direction to move the clock hands to the desired time.
3. Once the correct time is set, ensure the knob is pushed back in (if applicable) to prevent accidental time changes.

3.3 Mounting Options

Your OSTAR shower clock offers two convenient display methods:

- **Hanging:** Utilize the integrated 360-degree swivel hook to hang the clock on a towel bar, shower caddy, or any suitable hook.
- **Standing:** Fold out the integrated stand on the back of the clock to place it on a countertop, shelf, or any flat surface.

4. OPERATING INSTRUCTIONS

Once the battery is installed and the time is set, your OSTAR Waterproof Analog Quartz Shower Clock will operate continuously. The silent sweep movement ensures a quiet environment, making it suitable for various rooms without disruptive ticking sounds.

The waterproof design allows for reliable timekeeping even in humid or wet conditions. Ensure the battery compartment is always securely closed to maintain its water resistance.

5. MAINTENANCE

- **Cleaning:** Wipe the clock surface with a soft, damp cloth. Avoid using abrasive cleaners or solvents, as these may damage the finish or the waterproof seal.

- **Battery Replacement:** Replace the AA battery annually or when you notice the clock hands slowing down or stopping. Always ensure the battery compartment is sealed tightly after replacement.
- **Waterproof Seal:** Periodically inspect the battery compartment seal for any signs of wear or damage. A compromised seal can affect the clock's water resistance.

6. TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|------------------------------------|---|--|
| Clock not running | Dead or incorrectly installed battery. | Replace the AA battery, ensuring correct polarity (+/-). |
| Time is inaccurate | Low battery power. | Replace the AA battery. |
| Water or fog inside the clock face | Battery compartment cover not sealed properly or seal is damaged. | Ensure the battery compartment cover is tightly closed. Inspect the seal for damage. If damaged, contact customer support. |

7. SPECIFICATIONS

| Feature | Detail |
|----------------------|---|
| Brand | OSTAR |
| Model | Waterproof Analog Quartz Shower Clock |
| Display Type | Analog |
| Movement | Quartz, Silent Sweep |
| Power Source | 1 x AA Battery (not included) |
| Product Dimensions | 4.72"W x 4.72"H (Round size: 4.72" x 1.69" x 4.72") |
| Weight | 0.65 lb |
| Material | Plastic (Frame Material: Acrylonitrile Butadiene Styrene) |
| Special Feature | Waterproof, Silent Clock, Hanging/Tabletop Dual Purpose |
| Indoor/Outdoor Usage | Outdoor (suitable for bathroom, kitchen, laundry area, patio) |
