

ESR PD0202UC

ESR 3-in-1 Wireless Charging Station (Model PD0202UC)

User Instruction Manual

INTRODUCTION

The ESR 3-in-1 Wireless Charging Station is designed to efficiently charge your iPhone, Apple Watch, and AirPods simultaneously. This station features MagSafe compatibility for secure iPhone placement and fast charging, along with a certified Apple Watch charger and a dedicated pad for AirPods. Its sleek design helps declutter your space while keeping your essential devices powered.

WHAT'S IN THE BOX

- 3-in-1 wireless charging station (phone charging pad, Apple Watch charger, AirPods charging pad)
- USB-C cable
- Portable Apple Watch charger

SETUP

1. **Connect Power:** Plug the provided USB-C cable into the charging station's input port, typically located at the back of the base. Connect the other end of the USB-C cable to a compatible power adapter (not always included, but recommended for optimal performance).
2. **Place on Flat Surface:** Position the charging station on a stable, flat surface such as a desk or nightstand.
3. **Prepare Apple Watch Charger:** The Apple Watch charging module is detachable. Ensure it is securely connected to its designated spot on the station for integrated charging, or detach it for portable use by plugging it into a USB-C port.

OPERATING INSTRUCTIONS

1. **Charging iPhone:** Place your MagSafe-compatible iPhone (iPhone 12 series or newer) directly onto the magnetic charging pad. The strong magnetic lock will align your device automatically. The iPhone can be charged in both portrait and landscape orientations.

2. **Charging Apple Watch:** Place your Apple Watch onto the dedicated charging module. The magnetic connection will secure the watch and initiate charging.
3. **Charging AirPods:** Place your AirPods (AirPods Pro/3/2) charging case onto the wireless charging pad located at the base of the station. Ensure the case is centered for optimal charging.
4. **Portable Apple Watch Charging:** To use the portable watch charger, detach it from the main station. It can then be plugged into any USB-C port (e.g., laptop, power bank) to charge your Apple Watch on the go.

FEATURES

- **3-in-1 Magnetic Charging:** Charges iPhone (17-12 series), AirPods Pro/3/2, and all Apple Watch Series simultaneously.
- **Made for Apple Watch Certified:** The Watch charger is officially certified to provide safe and reliable fast charging, ensuring compatibility with all watchOS updates.
- **Strong Magnetic Lock:** Features 1,000g of magnetic holding force for secure phone placement and instant, secure alignment for Watch and AirPods.
- **Portable Watch Charger:** The small, lightweight USB-C watch charger detaches for convenient on-the-go power via various devices.
- **Safety System:** Built-in protections include foreign object detection, overheating protection, overvoltage protection, over-charging protection, and battery protection.

SPECIFICATIONS

Brand	ESR
Model Number	PD0202UC
Color	Black
Connector Type	USB Type C
Input Voltage	9 Volts
Output Current	1.67 Amps
Output Voltage	12 Volts
Wattage	10 watts
Total USB Ports	1
Power Source	Corded Electric
Mounting Type	Tabletop Mount
Enclosure Material	Plastic

TROUBLESHOOTING

- **Device not charging:** Ensure the charging station is properly connected to a power source. Check that your device is correctly aligned on the charging pad. Remove any thick cases or metallic objects that may interfere with wireless charging.
- **Slow charging:** Verify that you are using the recommended power adapter (e.g., 20W PD adapter for optimal fast charging). Ensure no other devices are drawing excessive power from the same outlet.

- **Overheating:** The station has built-in overheating protection. If a device feels excessively hot, remove it and allow it to cool. Ensure proper ventilation around the charging station.
- **Magnetic alignment issues:** For MagSafe charging, ensure your iPhone is MagSafe compatible or has a MagSafe-compatible case.

WARRANTY AND SUPPORT

This ESR 3-in-1 Wireless Charging Station comes with a **1-year warranty**. For technical support, troubleshooting assistance, or warranty claims, please visit the official ESR website or contact their customer service directly. Keep your purchase receipt for warranty validation.
