Detailed view of the earbuds' design, including the USB-C charging port, lanyard hole, and available ear cap sizes for a customized fit. Product parameters are also listed.

## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging port on the case and to a power source. The LED digital display on the case will indicate the charging status. The earbuds charge automatically when placed inside the case.

### 2. Pairing with a Device

1. Ensure the charging case has sufficient power and the earbuds are inside.
2. Open the lid of the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light (if applicable).
3. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
4. Select "HOCO EQ3" from the list of devices.
5. Once connected, the earbuds will indicate successful pairing, and the LED light will stop flashing.

The earbuds support master-slave switching, allowing either earbud to be used independently after initial pairing.

## Connect when you open the cover

*Smart*

The magnetic absorption, it can return to position in an instant with a click.

## High fidelity sound

*Smart*

High-fidelity dynamic coil unit, the bass is solid and stable, and the treble is translucent.

The earbuds connect automatically to your paired device when the charging case is opened.

### 3. Wearing the Earbuds

Select the ear cushions that provide the most comfortable and secure fit for your ears. The HOCO EQ3 earbuds are designed for a semi-in-ear fit, ensuring comfort during extended use.

## 28h long battery life

Smart

With a 300mAh large-capacity charging case, the battery life can be up to 28h.

## Making Calls

The earbuds support clear calls with stereo sound. Use the touch controls to manage calls:

- **Single Tap:** Answer/End a call.
- **Long Press:** Reject an incoming call.

## Voice Assistant

Activate your device's voice assistant by long-pressing either earbud for 2 seconds. This allows for hands-free control of your device.

## MAINTENANCE

### Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth. For ear tips, gently remove them and clean with a mild soap solution, then rinse and dry thoroughly before reattaching. Do not use harsh chemicals or abrasive materials.

### Storage

When not in use, store the earbuds in their charging case to protect them from dust, damage, and to keep them charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

---

- Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close the lid, wait a few seconds, then open the lid to re-enter pairing mode. Delete "HOCO EQ3" from your device's Bluetooth list and try pairing again.
- Only one earbud working:** Ensure both earbuds are charged. Try placing both earbuds back in the case, closing the lid, and then reopening it. This often resets the connection between the two earbuds.
- No sound:** Check the volume level on your connected device. Ensure the earbuds are properly paired and selected as the audio output.
- Charging issues:** Verify the USB-C cable is securely connected to both the charging case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.
- Voice assistant not responding:** Ensure the earbuds are connected to your device and that the voice assistant feature is enabled on your device.
